Part IV

Supporting Organizations (continued)

Section B. Type I Supporting Organizations

	Yes	No
1 Did the directors, trustees, or membership of one or more supported organizations have the power to regularly appoint or elect at least a majority of the organization's directors or trustees at all times during the tax year? If "No," describe in Part VI how the supported organization(s) effectively operated, supervised, or controlled the organization's activities. If the organization had more than one supported organization, describe how the powers to appoint and/or remove directors or trustees were allocated among the supported organizations and what conditions or restrictions, if any, applied to such powers during the tax year.		
2 Did the organization operate for the benefit of any supported organization other than the supported organization(s) that operated, supervised, or controlled the supporting organization? If "Yes," explain in Part VI how providing such benefit carried out the purposes of the supported organization(s) that operated, supervised or controlled the supporting organization.		

Section C. Type II Supporting Organizations

	Yes	No
1 Were a majority of the organization's directors or trustees during the tax year also a majority of the directors or trustees of each of the organization's supported organization(s)? If "No," describe in Part VI how control or management of the supporting organization was vested in the same persons that controlled or managed the supported organization(s).		

Section D. All Type III Supporting Organizations

	Yes	No
1 Did the organization provide to each of its supported organizations, by the last day of the fifth month of the organization's tax year, (1) a written notice describing the type and amount of support provided during the prior tax year, (2) a copy of the Form 990 that was most recently filed as of the date of notification, and (3) copies of the organization's governing documents in effect on the date of notification, to the extent not previously provided?		
2 Were any of the organization's officers, directors, or trustees either (i) appointed or elected by the supported organization(s) or (ii) serving on the governing body of a supported organization? If "No," explain in Part VI how the organization maintained a close and continuous working relationship with the supported organization(s).		
3 By reason of the relationship described in (2), did the organization's supported organizations have a significant voice in the organization's investment policies and in directing the use of the organization's income or assets at all times during the tax year? If "Yes," describe in Part VI the role the organization's supported organizations played in this regard.		

Section E. Type III Functionally-Integrated Supporting Organizations

Return Reference	Explanation
Schedule D, Part V, Line 4 Intended uses of endowment funds	Baptist Medical Center of the Beaches, Inc's (BMCB) endowments are held and administered by its related fundraising, affiliated 501(c)(3) organization, Baptist Health Systems Foundation, Inc. Annually, 5 percent of the combined endowment corpus and accumulated investment earnings are available for capital projects of BMCB.
Schedule D, Part X, Line 2 FIN 48 (ASC 740) footnote	Notes to Consolidated Financial Statements (Dollars in Thousands) 9 Income Taxes Deferred income taxes, which as of September 30, 2015 and 2014, have no net carrying value, reflect the net tax effect of temporary differences between the carrying amounts of assets and liabilities for financial reporting and the amounts used for income tax purposes. As of September 30, 2015 and 2014, BHS had gross deferred tax assets of \$50,480 and \$41,061, respectively, primarily relating to net operating loss carryovers, deferred compensation accruals, and bad debt allowances. Management determined that a \$50,480 and \$41,061 valuation allowance at September 30, 2015 and 2014, respectively, was necessary to reduce the deferred tax assets to the amount that would more likely than not be realized. ASC Topic 740-10-50-3, Income Taxes. Disclosure, requires a valuation allowance to reduce the deferred tax assets reported if, based on the weight of the evidence, it is more likely than not that some portion or all of the deferred tax assets will not be realized. The change in the valuation allowance for the current year is \$9,419. At September 30, 2015, BHS has available net operating loss carry forwards of \$79,526. These net operating losses will expire between 2018 and 2035.

Schedule H, Part II Community Building Activities	Line 3 Community Support- Summer Youth Volunteer Program - Baptist Health offers opportunities for young people ages 14-18 to volunteer during the summer to assist in the selection of a career and as an opportunity to serve others. Baptist employees supervise the volunteers giving them direction and support during their service. 84 teens participated during FY 2015. Line 6 Coalition Building- Jacksonville Metropolitan Community Benefit Partnership came together to develop a multi-hospital system and public health sector collaborative community health needs assessment. The Partnership is a network of five hospitals and four public health departments that are a shared voice to improve population health by eliminating the gaps that prevent quality, integrated health care and to improve access to resources that support a healthier lifestyle. The Beaches Safety Net is a coalition including Baptist Medical Center Beaches, We Care Jacksonville, BEAM, Mission House and IM Sulzbacher Beaches for the purpose of providing primary care and social supports to improve the health and social outcomes of uninsured and underinsured beach residents with chronic diseases. An evaluation of the Safety Net Coalition identified a 67% decrease in emergency room visits and a 22% decrease in hospital admissions for patients served. Line 7 Community Health Improvement Advocacy- To provide access to primary health care for the uninsured and the underinsured in the Beaches neighborhoods, Baptist Health partners with IM Sulzbacher's Federally Qualified Health Center, Mission House, and We Care. Baptist Health supports access to healthy foods through a partnership with BEAM and transportation assistance to medical appointments, grocery shopping and other errands through a partnership with Beaches Dial-A-Ride. A partnership with the Senior Life Foundation helps Jacksonville and Beaches seniors remain in their homes by providing financial assistance when needed.

Form and Line Reference	Explanation
Schedule H, Part III, Line 2 Bad debt expense - methodology used to estimate amount	Net Patient Service Revenues, Accounts Receivable, and Provision for Bad Debts Patient service revenues are reported at estimated net realizable amounts for services rendered BHS recognizes patient service revenues associated with patients who have third-party payor coverage on the basis of contractual rates for the services rendered For uninsured patients that do not qualify for charity care, revenue is recognized on the basis of discounted rates in accordance with BHS'policy Patient service revenues are reduced by the provision for bad debts and accounts receivable are reduced by an allowance for uncollectible accounts These amounts are based on management's assessment of historical and expected net collections for each major payor source, considering business and economic conditions, trends in health care coverage and other collection indicators Management regularly reviews collections data by major payor sources in evaluating the sufficiency of the allowance for uncollectible accounts On the basis of historical experience, a significant portion of BHS' self-pay patients will be unable or unwilling to pay for the services provided Thus, BHS records a significant provision for bad debts in the period services are provided related to self-pay patients For receivables associated with patients who have third-party coverage, BHS analyzes contractually due amounts and provides an allowance for uncollectible accounts and a provision for bad debts, if necessary Accounts receivable are written off after collection efforts have been followed in accordance with BHS' policies

Form and Line Reference	Explanation
Schedule H, Part III, Line 3 Bad Debt Expense Methodology	Bad debt expense at cost is determined by the organization's cost accounting system and cost-to-charge ratio. None of the bad debt expense at cost is included in Schedule H, Part I.

Form and Line Reference	Explanation
Schedule H, Part III, Line 4 Bad debt expense - financial statement footnote	Baptist Health System, Inc. and Subsidiaries Notes to Consolidated Financial Statements 2 Significant Accounting Policies Net Patient Service Revenues, Accounts Receivable, and Provision for Bad Debts Patient service revenues are reported at estimated net realizable amounts for services rendered. The organization recognizes patient service revenues associated with patients who have third-party payor coverage on the basis of contractual rates for the services rendered. For uninsured patients that do not qualify for charity care, revenue is recognized on the basis of discounted rates in accordance with the organization's policy. Patient service revenues are reduced by the provision for bad debts and accounts receivable are reduced by an allowance for uncollectible accounts. These amounts are based on management's assessment of historical and expected net collections for each major payor source, considering business and economic conditions, trends in healthcare coverage and other collection indicators. Management regularly reviews collections data by major payor sources in evaluating the sufficiency of the allowance for uncollectible accounts. On the basis of historical experience, a significant portion of the organization's self-pay patients will be unable or unwilling to pay for the services provided. Thus, the organization records a significant provision for bad debts in the period services are provided related to self-pay patients. For receivables associated with patients who have third-party coverage, the organization analyses contractually due amounts and provides an allowance for uncollectible accounts and a provision for bad debts, if necessary. Accounts receivable are written off after collection effort has been followed in accordance with the organization's policies.

Form and Line Reference	Explanation
Schedule H, Part III, Line 8 Community benefit & methodology for determining medicare costs	Medicare allowable costs of care based on the organization's cost-to-charge ratio and cost accounting system are used to determine the amount reported on Line 6. None of the shortfall reported on Line 7 is included in Schedule H, Part I.

Form and Line Reference	Explanation
Schedule H, Part III, Line 9b Collection practices for patients eligible for financial assistance	Yes, the organization does have a written debt collection policy. The policy does not specifically address those patients who are known to qualify or have applied for charity care as the organization does not bill these patients. The organization's cost accounting system identifies all patients who have a pending or approved charity application. The organization would only bill the patient if, after multiple attempts to obtain any needed documentation from the patient to complete the charity approval process, the patient was noncompliant.

Form and Line Reference	Explanation
Schedule H, Part VI, Line 2 Needs assessment	Baptist Health System Inc (BHS), parent company of the filing organization, is a member of the Jacksonville Community Benefit Partnership that is a collaborative of 5 hospitals who work together to access and address important community health needs. Baptist Health has partnered with 5 faith-based organizations located in vulnerable low-income Beaches neighborhoods where a health needs survey is conducted annually. The survey of the members of our faith-based partners is anonymous. In addition, data is gathered from the Northeast Florida Counts website which serves as a source of population data and information about the health status of the community. It gathers information for Baker, Clay, Duval, Flagler, Nassau, St. Johns, and Volusia Counties.

Form and Line Reference	Explanation
Schedule H, Part VI, Line 3 Patient education of eligibility for assistance	At patient access points, "Guidelines for Charity Care Eligibility" cards are provided that contains financial discount and charity care information. This includes a general chart of eligible income levels and encourages patients to speak with one of our patient financial advocates to arrange a financial evaluation. The organization sends statements to patients who have applied for charity care but have not provided all the documentation that is required to make a determination, letters are sent by the organization requesting the information to complete their application.

Return Reference	Explanation
Schedule J, Part I, Line 3 Arrangement used to establish the top management official's compensation	In accordance with the Executive Compensation policy of Baptist Health System, Inc. (BHS), the organization's sole member, BHS's Compensation Committee (made up of independent Directors of BHS) engages annually a third party compensation consultant who provides a database composed of current data regarding compensation paid for each executive position by similarly situated tax exempt health systems in the country. These health systems are generally the same size as BHS, considering revenue and other appropriate indicators. The group of comparator companies that is derived based on the above stated parameters comprise the "Market." When the Committee meets with such consultant, the consultant provides to Committee members compensation target levels that are competitive with the Market. Generally, the median of the Market is targeted. The actual amount that health system executives receive as compensation may be higher or lower than the median, depending on the health system and the individual's performance. The objective is to have a strong link between health system and individual performance and executive compensation such that if the health system and the individual perform at an optimal level, his or her compensation is in the higher range of the Market. Conversely, if either the health system or individual performance is below expectation, compensation may be in the lower range of the Market. The minutes of the annual Compensation Committee are recorded by the Committee's compensation consultant and are approved promptly by the Chair of such Committee.
Schedule J, Part I, Line 4b Supplemental nonqualified retirement plan	Baptist Health System, Inc. (BHS), parent affiliate of Baptist Medical Center of the Beaches, Inc., has two active Supplemental Nonqualified Retirement Plans (SERPS). One is for certain executives (Supplemental Executive Retirement Plan) and the other is for certain vice presidents (Vice-President Supplemental Executive Retirement Plan). These SERPS are plans described in IRS Section 457(f). The benefits under these plans accrue during each executive's term of employment. These benefits are unvested and subject to forfeiture until the covered employee reaches retirement age. The following individuals accrued unvested benefits under these plans for calendar year ended 12/31/2014: A. Hugh Greene, \$366,717, John F. Wilbanks, \$197,354, Harvey Granger, \$157,098, Scott Wooten, \$42,117, and Joseph M. Mitrick, \$42,491. These amounts are included in Schedule J, Part II, Column (c) for each of the listed individuals.
