Part III, Line 4	Accounts receivable are stated at unpaid balances (net of contractual allowances) and are reduced by an allowance for amounts that could become uncollectible in the future. Substantially all of the Company's receivables are related to providing healthcare services to its hospitals' patients. The Company estimates the allowance for doubtful accounts by reserving a percentage of all self-pay accounts receivable without regard to aging category, based on collection history, adjusted for expected recoveries and, if present, anticipated changes in trends. For all other non-self-pay payer categories, the Company reserves 100% of all accounts aging over 365 days from the date of discharge. The percentage used to reserve for all self-pay accounts is based on the Company's collection history. The Company collects substantially all of its third-party insured receivables, which include receivables from governmental agencies. Collections are impacted by the economic ability of patients to pay and the effectiveness of the Company's collection efforts. Significant changes in payer mix, business office operations, economic conditions or trends in federal and state governmental healthcare coverage could affect the Company's collection of accounts receivable and the estimates of the collectability of future accounts receivable. The process of estimating the allowance for doubtful accounts requires the Company to estimate the collectability of self-pay accounts receivable, which is primarily based on its collection history, adjusted for expected recoveries and, if available, anticipated changes in collection trends. The Company also continually reviews its overall reserve adequacy by analyzing current period net revenue and admissions by payer classification, aged accounts receivable by payer, and days revenue outstanding. The allowance for uncollectible accounts is decreased by charge-offs (net of recoveries). Accounts receivable are written off after collection efforts have been followed in accordance with the Company's policies.

Form and Line Reference	Explanation
Part VI, Line 3	Requests for financial assistance may be made at any point before, during, or after the provision of care. Information related to eligibility for financial assistance is located in the lobbies of the hospital and available on the Tuality.org website. Financial assistance requests may be proposed by sources other than the patient, such as the patient's physician, family members, community or religious groups, social services, or hospital personnel. Anyone wishing to make application for financial assistance with Tuality Healthcare will be given a Financial Assistance Application, which includes instructions on how to apply. All private pay admits are screened for Medicaid/Social Security disability coverage and a hold is placed on the account while we assist the patient and /or their family in applying for government benefits.
