The project will help students make a successful transition to secondary education, as well as post-secondary education into employment, prepare them to succeed in work and careers, and engage them in lifelong learning. We will make strategic use of grant funds to support disadvantaged and at-risk students as the districts significantly move forward in connecting school to careers in a comprehensive educational system. In addition to the major goal of this proposal, we believe the following measurable outcomes will be realized as a result of this project: 1) increase in graduation by 10%, 2) provide 2,000 at-risk students and their families with life skills counseling and support, 3) provide all students with the necessary skills for careers in the 21st Century, 4) increase community collaboration among business, labor, government, and education by 25%
