Return Reference	Explanation
SCHEDULE D, PART X, LINE 2	The Foundation follows the accounting guidance for uncertainty in tax positions taken or expected to be taken in a tax return, including issues relating to financial statement recognition and measurement. This standard provides that the tax effects from an uncertain tax position can be recognized in the financial statements only if the position is "more-likely-than-not" to be sustained if the position were to be challenged by a taxing authority. The standard also provides guidance on measurement, classification, interest and penalties, and disclosure and had no material impact on the accompanying financial statements. The Foundation has determined that there are no material uncertain tax positions that require recognition or disclosure in the financial statements. The tax years ended 2012, 2013, 2014 and 2015 are still open to audit for both federal and state purposes.
