TO DEVELOP INTERNATIONAL FINANCIAL REPORTING STANDARDS(IFRS) THAT BRING TRANSPARENCY, ACCOUNTABILITY & EFFICIENCY TO FINANCIAL MARKETS AROUND THE WORLD OUR WORK SERVES THE PUBLIC INTEREST BY FOSTERING TRUST, GROWTH & LONG-TERM FINANCIAL STABILITY IN THE GLOBAL ECONOMY

If "Yes," describe these new services on Schedule O

If "Yes," describe these changes on Schedule O

4 Describe the organization's program service accomplishments for each of its three largest program services, as measured by expenses. Section 501(c)(3) and 501(c)(4) organizations are required to report the amount of grants and allocations to others, the total expenses, and revenue, if any, for each program service reported.

The IFRS Foundation (the Foundation) is a not-for-profit, public interest organisation with oversight by a geographically and professionally diverse body of Trustees, accountable to a Monitoring Board of public capital market authorities. The organisations structure, governance and due process are designed to keep standard-setting independent from special interests while ensuring accountability to diverse groups of stakeholders. The Foundations mission is to develop International Financial Reporting Standards ("IFRS Standards") that bring transparency, accountability and efficiency to financial markets around the world. (SEE THE CONTINUATION ON SCHEDULE O)

Content Services, Education and Related Activities Publications, education and IFRS Taxonomy activities all support the objectives of the organization and the standard setting process. Some major activities are as follows: * Creation and management of content-related policies. A key challenge for the Content Services team is to manage the commercial needs and the public interest mission of the IFRS Foundation. (SEE THE CONTINUATION ON SCHEDULE O)

Return Reference	Explanation
FORM 990, PART I, LINE 1	The Foundation has two major operating programs, which work towards the goal of producing and promulgating a single set of high quality, universally applied, and broadly accepted accounting standards. These are: 1) International Accounting Standards Board (the Board) and its technical activities, and, 2) Content Services, Education and related activities. The objectives of the Foundation are: (a) to develop a single set of high quality, understandable, enforceable and globally accepted international financial reporting standards (IFRS Standards) through its standard-setting body, the Board, (b) to promote the use and rigorous application of those standards, (c) to take account of the financial reporting needs of emerging economies and small and medium-sized entities (SMEs), and (d) to promote and facilitate adoption of IFRS Standards, being the standards and interpretations issued by the Board, through the convergence of national accounting standards and IFRS Standards.

Return Reference	Explanation
FORM 990, PART I, LINE 5 AND PART V, LINE 2A	The Foundation had an average of 139 employees. 2 employees are US based and the remaining are non-US based and included on Schedule F Part 1 3c. Of the 6 employees receiving W2s reported on Parts I and IV of form 990, 2 are US based.

Return Reference	Explanation
FORM 990, PART III, LINE 4A	(continued from page 2) The Foundations work serves the public interest by fostering trust, growth and long-term financial stability in the global economy. The standard-setting body within the Foundation is the Board, responsible for developing and promoting the use and rigorous application of these Standards. The Board currently consists of up to 16 members, selected on the basis of their professional competence and practical experience, and drawn from a variety of backgrounds, including users, preparers, standard setters and auditors. The Board is supported by * the IFRS Advisory Council, the formal external advisory body to the Board and Trustees, consisting of a wide range of representatives from groups that are affected by and interested in the Foundation's work, * the IFRS Interpretations Committee, consisting of members drawn from a variety of countries and professional backgrounds, * the Accounting Standards Advisory Forum, consisting of a broad geographical representation of national and regional accounting standard-setting bodies, and * the Boards technical staff conducting research, development and other technical accounting activities, a thorough due process, extensive engagement with stakeholders and collaborative outreach with the worldwide investor and business community. Standards are developed through an international consultation process, the "due process", which involves interested individuals and organisations from around the world. The Board develops its work programme through regular public agenda consultations seeking formal input on the strategic direction and overall balance of its work plan. To the extent that the related accounting requirements of the Standards could have major implications for the form and content of information provided to investors and for organisational costs and systems to produce that information, the Board also recognises that it must obtain robust input from its stakeholders. The Board works in close co-operation with stakeholders from around the world, including investors, national standard-setters, regulators, preparers, auditors, academics, and others who have an interest in the development of high-quality global standards. The Foundations operational staff participate with the technical staff in coordinating a comprehensive programme of support and outreach activities, all designed to enable others to better understand and comment on the principles proposed. The technical work programme is the suite of projects that the Board and its Interpretations Committee manage. The technical work programme focuses on projects and activities that are steps toward possible publications by the Board, including Research and Discussion Papers, Requests for Information, results of Post-Implementation Reviews, Exposure Drafts, Standards, Draft Interpretations and Final Interpretations. The technical work programme is updated regularly and is available on the Foundations website, which also includes estimates of project time lines reflecting recent Board decisions. While the Board has a published work programme, the issuing of final IFRS Standards will be affected by the quantity and diversity of comments and specific feedback received on Exposure Drafts and Discussion Papers. It is also possible that specific interest groups or jurisdictions may raise additional issues that require further time to investigate and resolve. The timing of final IFRS Standards is therefore not completely within the control of the Board, this can affect the costs of producing IFRS Standards. The Foundation and the Board provide public accountability through the transparency of their work, the consultation with the full range of interested parties in the standard-setting process, and their formal accountability links to the public. Public accountability, ensured by the organizations constitution and governance arrangements, is vital to the organizations success. The Foundation's Trustees seek to ensure that appropriate governance arrangements are in place and observed by all parts of the organization. The following are some of the achievements of the Foundation in 2015: * The Board issued IFRS 16 Leases on 13 January 2016, concluding its decade-long effort to overhaul the accounting for leases. IFRS 16 is a major revision of the way in which entities account for leases and requires all leases to be reported on a lessees balance sheet as assets and liabilities. The new Standard will provide much-needed transparency about entities lease assets and liabilities, meaning fewer issues with off balance sheet lease financing for investors and analysts. It will also improve comparability between entities that lease and those that borrow to buy. Additional information is available on the Foundations website to help those preparing to implement and understand the Standard. * The Board continues to work intensively on finalising the Insurance Contracts and Conceptual Framework projects. Both of these projects are top priority for 2016. Regarding the Insurance Contracts project, the Board completed its planned technical decisions in January 2016. In addition, the Board published an Exposure Draft in December 2015 proposing amendments to address issues that may arise from applying IFRS 9 Financial Instruments prior to the new insurance contracts Standard. The drafting of the new Standard is expected to be completed by the end of 2016. * In May 2015 the Board published an Exposure Draft that sets out the proposals for a revised Conceptual Framework. The Board aims to finalize the revised Conceptual Framework in 2017. * In August 2015, the Board published a Request for Views 2015 Agenda Consultation. The main purpose was to gather views from all those interested in financial reporting on the strategic direction and balance of the Boards work plan. The Board will use the feedback to help set its priorities for its work plan from mid-2016 (when the Board expects to complete the Agenda Consultation) until mid-2020 (when its next Agenda Consultation is due to be completed). * In parallel to the Agenda Consultation, the Trustees are also undertaking a Review of Structure and Effectiveness. The review focuses on seeking views on three particular areas ensuring that the relevance of the Standards is maintained, supporting the consistent application of the Standards, and improving the Foundations governance and financing. The Trustees reviewed summaries of the comments received and the outreach that had been conducted during the consultation period. * The Foundation published the 2015 edition of IFRS as Global Standards – a Pocket Guide. The Foundation is continuing to assess progress towards the goal of globally accepted accounting standards by developing individual jurisdiction profiles about the use of IFRS Standards. Currently, profiles are completed for 140 jurisdictions, including all of the G20 jurisdictions. Out of these, 116 jurisdictions require IFRS Standards for all or most domestic publicly accountable entities. To complement the Foundations jurisdiction profiles, work has also continued on gathering data on the use of the IFRS Taxonomy. So far 19 country profiles on the use of the IFRS Taxonomy were published on the Foundations website. The majority of the Foundations funding is based on voluntary contributions from jurisdictions that have put in place national financing regimes. Contribution levels are targeted for the jurisdictions at amounts proportional to their Gross Domestic Product (GDP). While funding mechanisms differ, most jurisdictions have established either a levy on entities, or an element of publicly supported financing. In addition, the organisations other main sources of income are from publications, licensing its intellectual property and from contributions from international accounting firms. In 2016 the Foundation will continue to manage its operating expenditure prudently and effectively and will actively pursue further initiatives to enhance the organizations income. The 2016 Three-Year Plan does not envisage significant increases in the operating requirements of the organization. For more information on the development and progress of IFRS Standards, or the IASB work plan, time table and projects at various stages of completion, please see the "Standards development" section of the Foundation's website www.ifrs.org

FORM 990, PART VI, SECTION B, LINE 15	Compensation at the IFRS Foundation is reviewed by the Human Capital Committee, members of which are drawn from the Trustees of the organization whose role is solely governance related. These Trustees have all held senior positions in government, public regulators, business, the accountancy profession, or academia and therefore bring high level independent, relevant industry experience. As part of the annual review cycle, the Committee meets during the year and discusses prevailing trends on compensation and remuneration. They reference relevant indices such as the UK Consumer Price Index and inflation tables, together with trends in similar organisations. In addition, an independent global specialist remuneration consultancy firm is used to conduct detailed benchmarking of pay levels for each role within the Foundation, including all senior positions, against a large database of employers. Recommendations by managers are subject to detailed reviews. Once the Committee has reviewed all relevant data, they will put forward a recommendation to the full Trustee group for approval. This process is followed for all employees of the organization, including the compensation for the IASB Chairman, Vice Chairman and Board members, as well as the Executive Director.
