Facts And Circumstances Test

Return Reference	Explanation
10 Facts and Circumstances Test Part II line 17a or 17b	Overall, the HAEA is a highly effective rare disease patient advocacy organization that is directly responsible for saving countless lives and dramatically improving the health and well being of our patient community. In accordance with a Board of Directors-endorsed plan (and associated operational procedures) the HAEA continuously solicits broad public support for its life saving mission. Indeed, our Board of Directors and highly motivated staff constantly search for innovative approaches to increasing general public support despite inherent limitations. The reality is that HAE is a little known micro-orphan rare disease with an extremely small number of patients residing in the United States. Moreover, the target population for soliciting financial support is exceptionally limited and, in many cases, disabled by the disease. Notwithstanding these challenges, the HAEA receives a surprisingly large percentage of its funding from public sources. Our successful nationwide HAE-in-Motion 5k walk/run program and broad based promotion and support of patient-sponsored HAE Day events is evidence of our commitment to a robust public fund raising program. We rely heavily on public fund raising for (1) maintaining our scientific patient registry, which provides researchers with the data needed to unlock some of the medical mysteries that will ultimately a cure for the disease, (2) maintaining a Benevolence Fund for assisting patients with complex angioedema cases who travel to our Angioedema Center at the University of California at San Diego, and (3) our scholarship program that helps students with HAE pay for their college tuition. The HAEA offers a wide variety of programs and activities that help patients obtain a timely diagnosis and then get access to and reimbursement for life saving HAE therapies. We educate and raise awareness by disseminating disease-related information (to patients and physicians) through our web page, social media outlets, medical advisory board, and national meetings that attract upwards of 800 patients and caregivers. Physician and clinical trial referrals are given a very high priority. Finally, our expert physicians at the HAEA Angioedema Center set the standard for expert HAE patient care in the United States and conduct groundbreaking molecular and translational research.
