Return Reference	Explanation
Part X, Line 2	Roper St Francis Physicians Network is a not-for-profit organization as described in Section 501(c)(3) of the Internal Revenue Code and is generally exempt from federal and state income taxes. Accordingly, no provision for income taxes is made in the consolidated financial statements. Although [the consolidated group] is generally exempt from federal and state income taxes, it evaluates whether there are any uncertain tax positions that fail to meet the more-likely-than-not threshold for recognition in the consolidated financial statements. Uncertain tax positions may include the characterization of income, such as a characterization of income as passive, a decision to exclude reporting taxable income in a tax return, or a decision to classify a transaction, entity, or other position in a tax return as tax exempt. The tax return benefit from an uncertain tax position is recognized when it is more likely than not that the position will be sustained upon examination, including resolutions of any related appeals or litigation processes, based on the technical merits. The organization has no unrecognized tax positions as of December 31, 2015 and 2014, and does not expect that unrecognized tax benefits will materially increase within the next 12 months. Tax years 2012 through 2014 are subject to examination by the federal and state taxing authorities, respectively. There are no income tax examinations currently in process. Interest and penalties related to uncertain tax positions, if any, would be recognized in the consolidated financial statements as income tax expense.

Part I, Line 6	Goals are developed each year to support the organization's strategic initiatives for people, quality, financial, growth and service. The Ad Hoc Compensation Committee approves the system goals annually and reports to the full Board of Directors. Progress on each metric is reported to the board each month on the corporate scorecard. At year end, the Ad Hoc Compensation Committee approves the final scorecard number and reports results to the full board. Annual incentives for the executives are based on 60% on the corporate scorecard and 40% on individual performance. Executives maintain an individual scorecard on the leader evaluation manager and discuss results monthly with the President/CEO. The President/CEO approves the individual executive scorecard. System Vice Presidents and the system CEO are eligible to participate in a long term incentive plan (LTIP). An LTIP typically takes place over a three year period and does not vest until the end of the third year. To receive payment, executives must still be employed by the system at the end of the plan period. Each LTIP has a financial and clinical objective that is aligned with the organization's strategic goals. Threshold, target, and maximum performance ranges are established for these objectives and are measured based on performance against similar organizations or compared to an internal metric such as an improvement over prior performance. These targets and objectives are approved by the Ad Hoc Compensation Committee. The incentive is earned based on the satisfaction of the threshold, target, or maximum performance ranges. The Ad Hoc Compensation Committee also approves the final LTIP performance score and the amount paid to executives under the plan. Results are reported to the full board annually.
Part I, Line 7	See response to line 6 above.
Part II, Line 1 Compensation from unrelated organizations	Carolinas Healthcare System provides the compensation of David L. Dunlap, CEO, CareAlliance Health Services and Bret D. Johnson, CFO, CareAlliance Health Services. Mr. Dunlap and Mr. Johnson are employees of Carolinas Healthcare System and their compensation is paid by CareAlliance Healthcare Services, a related organization, through a management fee to Carolinas Healthcare System. Additional information: CareAlliance Health Services has board representations from the 3 founding organizations: The Medical Society of SC (6 board members), Bon-Secours Health System, Inc (6 board members), and Carolinas Healthcare System (1 board member). None of the 13 appointed board members receive compensation for their membership. Additionally, 4 of the 6 board members appointed by the Medical Society of South Carolina also serve on the Board of the Medical Society. None receive compensation for their services as a board member. It is the founding members' intent that the members of the Board of Directors are appointed to such positions because they have a willingness to serve the needs of the system as a whole and not the needs of any individual founding member.

Subject to certain nominating and governance committee approvals, six directors are appointed by the Medical Society of South Carolina (MSSC), Bon Secours Health Systems, Inc (BSHSI) and one director is appointed by Carolinas Healthcare Systems (CHS). Form 990, Part VI, Section B, line 11	The 2014 Form 990 was prepared by an independent accounting firm with assistance and oversight by management. Reviews were then conducted by senior management before drafts were sent to each member of the organization's governing body. A transmittal letter accompanied the drafts and provided highlights of the Form 990 to the organization's Board of Directors. After the governing body approved the Form 990 draft, a final version was filed with the Internal Revenue Service.

Return Reference	Explanation
Form 990, Part VI, Section B, line 15	<p>An independent company, Towers Watson, provides research, advice and guidance to the compensation committee and senior leadership to ensure the organization's compensation programs for executives covered by the "Intermediate Sanctions Legislation" (IRC Section 4958) are aligned with its stated philosophy. Base salaries are targeted at the 50th percentile of the established comparator market, Total cash compensation (base salary plus annual incentive payments) are targeted at the 75th percentile of the established comparator market, Total direct compensation (total cash compensation plus long term incentive payments) will not exceed the 90th percentile of the established comparator market, Benefits are targeted at market median, and in aggregate, base salary, total cash compensation, total direct compensation and benefits comprise total compensation for executives. The compensation committee ensures that executive total compensation is reflective of the organization's stated compensation philosophy. The committee, in this process, authorizes and supports an annual three step process utilizing Towers Watson's resources:</p> <ol style="list-style-type: none"> 1) Salary levels, annual bonus targets/payments and long term incentive grants are compared rigorously each year with market data based on comparable positions and organizations. A. Comparable organizations are typically not-for-profit healthcare systems with similar operating revenues. Private sector employer data, when available, are also included in the analysis for "transferable skills positions". B. Historically, performance incentive payouts generally track with a normal bonus payout distribution. Incentive goals are primarily based on formally defined quantitative goals approved by the ad hoc Compensation Committee of the RSFH Board of Directors. 2) All recommended pay decisions are tested against these data and the organization's stated compensation philosophy. 3) A formal opinion letter is prepared by Towers Watson, representing that senior executives are compensated within the reasonableness standards mandated by the IRS. A similar process is performed by Towers Watson for the CEO and CFO positions. This letter provides a "safe harbor" for the organization's "directors" relative to the reasonableness of total executive compensation consistent with IRC Section 4958.
