Part III, Line 2	Bad debt expense represents the amount of gross charges for patients who do not have insurance and which Swedish Edmonds was unable to qualify for assistance under either government programs or our internal charity care policy

Form and Line Reference	Explanation
Part III, Line 4	<p>The Health System provides for an allowance against patient accounts receivable for amounts that could become uncollectible. The Health System estimates this allowance based on the aging of accounts receivable, historical collection experience by payor, and other relevant factors. There are various factors that can impact the collection trends, such as changes in the economy, which in turn have an impact on unemployment rates and the number of uninsured and underinsured patients, the increased burden of copayments to be made by patients with insurance coverage and business practices related to collection efforts. These factors continuously change and can have an impact on collection trends and the estimation process used by the Health System. The Health System records a provision for bad debts in the period of services on the basis of past experience, which has historically indicated that many patients are unresponsive or are otherwise unwilling to pay the portion of their bill for which they are financially responsible.</p>

Form and Line Reference	Explanation
Part III, Line 8	It is Swedish's policy to exclude any Medicare shortfall from Community Benefit information. The amount reported on Part III, Section B, Line 6, was determined by applying the Cost-to-Charge Ratio to the Medicare revenue.

Form and Line Reference	Explanation
Part VI, Line 2	<p>The needs assessment was completed on a consolidated basis with Swedish Health Services Working with a community advisory committee made up of key community partners, Swedish developed a community needs assessment tool This instrument defined, among other things, underserved patient access to care and access for specialty health care needs The methodology was derived from the leading health indicators for King County and was cross referenced with research done by the Washington Health Foundation, United Way of King County and Healthy People 2010 Based on this information, Swedish has developed partnerships with community agencies where we have combined our resources to impact the negative health trends in the community To date, we have developed partnerships with the American Diabetes Association, the American Heart Association, Senior Services of King County, March of Dimes, United Way, Lifelong Aids Alliance, National Multiple Sclerosis Society and the Washington Health Foundation Some current trends affecting the community include poverty and access to affordable healthcare, diabetes, obesity and lack of access to behavioral health Negative local trends affecting the community assessment include prevalence of low birth weight babies, breast cancer, diabetes, HIV/AIDS, hypertension, high blood cholesterol, heavy drinking and multiple sclerosis Areas seeing improvement in King County, but still needing improvement, include incidence of stroke, colorectal cancer death, lung cancer death, suicide, smoking cessation, vaccinations, AIDS incidence and seatbelt use Swedish customized and expanded its community needs assessment to each hospital within Swedish Health Services As of January 2012, each hospital has an individualized assessment geared to the specific community it serves In 2013 Swedish has identified 4 system wide priorities that will be our focus for the next 3 years In addition, each Swedish campus has an implementation strategy which addresses site specific priorities These system priorities were chosen based on public health data, recommendations from the CHNA champions at each site (using community feedback) and the Swedish CHNA Advisory Council Our goal will be to strengthen our existing programs, create new programs and collaborate with numerous community partners to improve the health in our community 2013-2016 priorities include * Diabetes and Obesity* Access to Care* Behavioral Health* Community Needs Advisory Council</p>

Form and Line Reference	Explanation
Part VI, Line 3	<p>COMMUNICATION TO THE PUBLIC Swedish Edmonds is committed to providing health care services to all persons in need of medical attention, regardless of their ability to pay. The hospital posts notices regarding the availability of financial assistance to low-income uninsured patients. These notices are posted in visible locations throughout the hospital such as admitting/registration, billing office, emergency department and other outpatient settings. Every posted notice regarding financial assistance policies contains brief instructions on how to apply for financial assistance or a discounted payment. The notices also include a contact telephone number that a patient or family member can call to obtain more information. At the time of registration, patients receive a packet that includes information on charity care and financial assistance. If patients have any questions, Swedish has financial counselors that will educate them on any financial assistance through the hospital or any government program that the patient may qualify for. Swedish ensures that appropriate staff members are knowledgeable about the existence of the hospital's financial assistance policies. Training is provided to staff members (i.e., billing office, financial department, etc.) who directly interact with patients regarding their hospital bills. When communicating to patients regarding their financial assistance policies, Swedish attempts to do so in the primary language of the patient, or his/her family, if reasonably possible, and in a manner consistent with all applicable federal and state laws and regulations. Swedish shares their financial assistance policies with appropriate community health and human services agencies and other organizations that assist such patients.</p>

Return Reference	Explanation
Part I, Line 1a	The reporting organization did not provide any of the benefits listed in Part I, Line 1a. However, as part of Swedish's philosophy of transparency, the narrative that follows relates to the compensation and benefits provided by the related organization. Swedish Edmonds executives adhere to the Providence Expense Reimbursement Procedures which include the following policies: First Class Travel or Charter Travel or Travel of Companions. Air travel is reimbursable for tourist or economy class and should be at the least expensive airfare, which permits departures and arrivals at reasonable times and reasonable distance traveled. Employees are encouraged to plan in advance to get available discounts. Airline frequent flyer upgrades will never be reimbursed. First class air travel will only be reimbursed when tourist or economy class air travel is not available and business travel is mandated by a supervisor. In the rare circumstance that an executive must fly on a first class full fare ticket, their senior level supervisor must approve this expense. Companion travel will only be reimbursed by the organization for travel related to relocation, and should not exceed two relocation-related visits, unless approved by the Executive Vice President, Chief People/Experience Officer, Spouse or Companion Travel. Travel expenses incurred by a Swedish Edmonds employee's spouse or companion will not be reimbursed by Swedish Edmonds unless the spouse or companion is required to, or invited to attend a System-sponsored meeting. These expenses may be considered a taxable benefit by the IRS and if so, will be included on the employee's W-2. During 2015, there were 13 First Class tickets utilized by Officers, Directors or Key Employees listed on Form 990, Part VII Tax Indemnifications or Gross-Up Payments. Swedish Edmonds follows the federal and state taxation laws related to relocation expenses paid to the employee or to a third party on the employee's behalf. They are considered income and are therefore subject to payroll taxes. Based on the way Swedish Edmonds has chosen to pay the relocation expenses, Swedish Edmonds reports reimbursements and payments to vendors as income and these expense payments are reflected on the executive's Form W-2. Swedish Edmonds will gross-up the relocation benefits to offset the personal tax burden to the employee for IRS allowable expenses. During 2015, the following Listed Persons received gross-up payments: Debra Canales, Greg Till, Anthony Armada, Rhonda Medows, MD. The amounts reported for these gross-up payments are included on Schedule J, Part II, Column B (iii) - Other Reportable Compensation in the 990. Housing Allowance or Residence for Personal Use. Swedish Edmonds provides housing allowances for purposes of relocation assistance only. Swedish Edmonds may pay temporary living expenses for the employee up to a maximum of 90 calendar days. Covered expenses are rent (excluding "rent" which may be paid in order to occupy a new permanent residence until the title clears) and utilities, including heat, electricity, gas, water, local internet and local telephone and garbage services. The Executive Vice President, Chief People/Experience Officer may approve temporary housing assistance for up to six months when family relocation is delayed to accommodate the school year or equivalent circumstances. Only in extenuating circumstances is housing extended beyond this six month period. During 2015, the following Listed Persons received relocation/housing program payments: Debra Canales, Greg Till, Anthony Armada, Rhonda Medows, MD. The amounts reported for these relocation/housing payments are included on Schedule J, Part II, Column B (iii) - Other Reportable Compensation.

FORM 990, SCHEDULE J, PART II - EXECUTIVE PERFORMANCE AWARDS PROGRAM	Swedish executives participate in the Providence Executive Incentive Program which provides a lump sum award annually as a percent of the executive's base pay. Percent opportunities are aligned with our total compensation philosophy as outlined in Part VI, Section B, Line 15 (Process for determining compensation of top management, officers & key employees). The performance award is based on the level of accomplishment of annual system objectives, in combination with personal goals for top executives. In 2015, 50 percent of the participant awards were based on pre-determined organizational goals consistent with Providence's six strategic priorities of: creating healthier communities together, inspire and develop our people, building enduring relationships with consumers, create alignment with clinicians & care teams, develop and thrive under new care delivery & economic models, and grow by optimizing expert-to-expert capabilities. The remaining 50% was based on a robust set of personal goals designed to align critical mission and business drivers, executive team talent development (deepening talent pipeline for top 200+ leaders) and professional development. In 2015 the percent allocation for each of these strategic priorities was as outlined below: * Success Measures - System Goals - 50% Community Benefit - 5% Caregiver (Employee) Engagement - 7.5% MyChart Activations - 5% Patient Loyalty Index - 5% Clinical Excellence Index - 7.5% Free Cash Flow - 5% Salary Expense / Net Operating Revenue - 2.5% Primary Care Panel Size - 5% Total Growth in Operating Revenue - 7.5% * Success Measures - Personal Goals - 50% Mission/Business Driver - 15% Exec Talent Development - 20% Professional Development - 15% TOTAL ALLOCATION 100%

Return Reference	Explanation
Form 990, Part VI, Section B, line 12c	<p>The Board of Trustees has adopted a conflict of interest policy. Management employees are covered by the Swedish Health Services conflict of interest policy. Both policies are substantially similar and are jointly referred to herein as "the policy." Board members and covered persons are required to complete a conflict of interest questionnaire annually and disclose any affiliations, interest or relationships and/or any transactions the individual and/or his or her family members have engaged in that might give rise to an actual, apparent, or potential conflict of interest. The policy defines family members and describes what constitutes conflicts of interest. It requires individuals to report to the appropriate committee chair any further financial interest, situation, activity, interest or conduct that may develop before completion of the next annual questionnaire. Potential conflicts of interest with physician board members with financial interests in businesses that compete with Swedish Edmonds are addressed, as well as appropriate disclosures, evaluation and resolution of said conflicts. The conflict of interest questionnaire includes an annual statement that board members and covered persons (a) have received a copy of the policy, (b) have read and understood the policy, (c) agree to comply with the policy, (d) understand that the policy applies to committees and subcommittees, (e) understand that the organization is a charitable organization that must engage primarily in exempt activities, (f) agree to report to the appropriate manager or committee chair any change to matters previously disclosed on the conflict of interest questionnaire, (g) state that the information provided in the conflict of interest questionnaire is true and accurate to the best of his or her knowledge and belief. The purpose of the policy is to ensure board members and covered persons are independent and able to perform their duties in an impartial manner, free from any bias created by personal interests, to protect the interests of Swedish Edmonds, to clarify the duties and obligations of the board members and covered persons in the context of a potential conflict (and to provide a method for disclosing and resolving said conflict) and to supplement (not replace) any applicable state laws governing conflicts of interest applicable to charitable, nonprofit corporations. Swedish Edmonds will not engage in any contract, transaction or arrangement involving a potential conflict of interest unless it is determined that appropriate safeguards to protect the charitable mission of the organization have been implemented. The executive committee will review all conflict of interest questionnaires for board members. The executive committee will make a finding as to whether an actual, apparent or potential conflict of interest exists and will take actions as it deems appropriate. The conflict of interest committee governs the policy and questionnaire related to all other covered persons. The minutes of meetings will identify any person attending the meeting who has a conflict of interest with respect to any matter before the board or committee and the action taken to address the conflict of interest (e.g., the individual left the room during the discussion of the matter giving rise to the conflict of interest and the individual did not vote on such matter).</p>

Form 990, Part VI, Section B, line 15	<p>The Board has delegated authority to the Swedish Health Services compensation and HR committees to review and approve compensation arrangements for the CAO of Swedish Edmonds. All members of the compensation and HR committees are independent. Compensation for executives (including the CAO) is reasonable and consistent with the executive total compensation philosophy approved by the Board of Trustees. Potential conflicts of interest are addressed in accordance with the corporation's conflict of interest policy. The Board of Trustees selects and retains an independent consultant to conduct an annual review of the compensation package, including salaries, incentives and benefits and recommend appropriate adjustments to ensure that each remains competitive and responsive to changing laws and in keeping with the organization's mission. The Board, as part of its analysis, obtains from the independent consultant appropriate comparability data, including total compensation paid by similarly situated for profit and not for profit healthcare organizations for positions that are functionally comparable. The consultant provides documentation that total compensation is at fair market value. The consultants' recommendations are reviewed and approved (or not approved) by the compensation and HR committees, which document the basis for their decision. Following approval of the annual review by the compensation and HR committees, the CEO of Swedish Health Services will approve changes in the compensation package for the CAO of Swedish Edmonds consistent with the annual review and recommendations approved by the compensation and HR committees. Salaries for non-executive employees are reviewed and approved by HR.</p>
