II 9	The Organization does not capitalize conservation easements and therefore they are not reflected in the Statement of Financial Position. Donated easements are not recorded as revenue in the Statement of Activities, however grants to purchase easements are recorded. Purchases of easements and transactional costs for all easements are recorded as expenses in the Statement of Activities. The footnote describing the accounting policy for conservation easements is as follows: The Organization is considered a qualified organization under Internal Revenue Code section 170h3 and may therefore accept donated conservation easements. Conservation easements, which represent a perpetual restriction on the use of land without transfer of ownership of the underlying property, are not reflected in the assets of the Organization. There is no market for the easements and therefore they have not been valued by the Organization in accordance with fair value rules. Donated easements are not recorded as support. Transactional costs to obtain an easement as well as purchase costs for an easement are recorded as expenses in the Statement of Activities in the year the transaction is completed.
