The Wyland Foundation is dedicated to promoting, protecting, and preserving the world's ocean, waterways, and marine life. The foundation encourages environmental awareness by bringing communities together and inspiring thousands of people each year to become more positive, solution-oriented stewards of our global marine resources. This has been accomplished through public art programs, community service campaigns, classroom art and science education, and live events. Major annual and ongoing programs include the National Mayor's Challenge for Water Conservation, National "Water Is Life" Classroom mural challenge, the 1,000 sq foot traveling Clean Water Mobile Learning Center, the water's extreme journey maze, and many numerous regional programs. Notable community service benefits include National Mayors Challenge for Water Conservation. A community-based competition between cities across the nation to see who can be the most water wise. The campaign is presented nationally by the Wyland Foundation and Toyota, with major support from the U.S. Environmental Protection Agency, National League of Cities and the Toro Company. The campaign had its strongest national impact to date in 2015 with residents from 3,900 cities pledging to take 391,000 specific actions over the next year to change the way they use water in their homes, yards, and communities. Wyland Clean Water Mobile Learning Experience. The Wyland Clean Water Mobile Learning Center is state of the art, 1000 square foot interactive science exhibit on wheels that allows thousands of students each year to explore their relationship to the world's water-based habitats. The exhibit includes a 40-person on-board movie theater and six interactive touch-based learning stations, including a city model with actual falling rain. In 2015, the center traveled to over 30 communities, including many low income areas, from inner cities to farming communities, reaching over 20,000 people. National Water Is Life Art and Mural Challenge. A national competition for grades K-12 that challenges students to work together on large scale mural projects about water-related issues. In the last three years, more than 12,000 students across 45 states have taken part in this annual challenge to use art as a method of exploring the economic, cultural, and aesthetic value of our ocean, lakes, rivers, streams, and wetlands. Additionally, the Wyland Foundation and its partners have provided schools in over 400 cities with paint supplies, educational materials, and 50 square foot canvases murals to creatively depict the many ways water shapes our lives. Waters Extreme Journey Maze. A one-of-a-kind museum quality exhibit that takes visitors through the science behind the water cycle via a 1000 square foot maze installation. Through powerful interactives, visitors realize that daily decisions can immediately improve the watershed in their own backyard. Regional programs. Waste to Wow - A public service campaign to raise awareness about the increasing amount of plastic water bottles found in southern California storm channels. The campaign encourages people to creatively reuse plastic liquid containers and is part of the foundation's efforts to support the efforts of the Orange County Flood Control District's Adopt A Channel Campaign to reduce pollution from entering flood control channels and washing into the ocean. Annual Earth Month Heroes Celebration - Wyland Foundation in partnership with KCAL / KCBS and Toyota continues to honor individuals across Southern California who are having a positive impact on our environment by making a contribution to environmental charity of their choice. The campaign is in conjunction with a month-long series of Wyland Foundation public service announcements on KCBS / KCAL promoting smart water use and environmental consciousness in southern California. Art Lessons in the Wild - The Wyland Foundation has teamed up with Dana Wharf during the winter gray whale migration season to offer Wyland Dolphin and Whale Adventures, Art Lessons in the Wild. This three-hour activity aboard a 63' Catamaran included a dockside presentation and art lesson, via video feed, by Wyland and an excursion at sea with an experienced naturalist.
