Schedule H, Part I, Line 3c - Other Factors Used in Determining Elig	IU Health Ball Memorial Hospital uses several factors other than Federal Poverty Guidelines ("FPGs") in determining eligibility for free or discounted care under its FAP. These factors include the following: 1. Indiana Residency Requirement: IU Health Ball Memorial Hospital only makes Financial Assistance available to residents of the State of Indiana. IU Health Ball Memorial Hospital employs the same residency test as set forth in Indiana Code 6-3-1-12 to define as resident any individual who was domiciled in Indiana during the taxable year, or any individual who maintains a permanent place of residence in this state and spends more than one hundred eighty-three (183) days of the taxable year in Indiana. 2. Alternate Sources of Assistance: When technically feasible, patients must exhaust all other state and federal assistance programs prior to receiving an award from IU Health Ball Memorial Hospitals Financial Assistance Program. Patients who may be eligible for coverage under an applicable insurance policy, including, but not limited to, health, automobile, and homeowners, must exhaust all insurance benefits prior to receiving an award from IU Health Ball Memorial Hospitals Financial Assistance Program. This includes patients covered under their own policy and those who may be entitled to benefits from a third-party policy. Patients may be asked to show proof that such a claim was properly submitted to their insurance provider at the request of IU Health Ball Memorial Hospital. Eligible patients who receive medical care from an IU Health Ball Memorial Hospital facility as a result of an injury proximately caused by a third party, and later receive a monetary settlement or award from said third party, may receive Financial Assistance for any outstanding balance not covered by the settlement or award to which IU Health Ball Memorial Hospital is entitled. Said patients may be asked to complete a financial assistance application. 3. Presumptive Financial Assistance Eligibility: Patients who are deemed to be presumptively eligible for Financial Assistance will receive a Financial Adjustment to their final statement balance based on the patients individual scoring criteria. Patients are considered to be presumptively eligible if the financial need has been determined by the following third parties: Eskenazi Health, formerly Wishard Memorial Hospital, Project Health, Indiana Childrens Special Health Care Services, Medicaid, Out-of-State Medicaid, Healthy Indiana Plan, or Volunteers in Medicine. Patients may also be considered presumptively eligible if they are pending Medicaid approval or have a hospital bill with a maximum balance to be determined by the Financial Assistance Committee and who meet certain risk segmentation scoring criteria. 4. Additional Considerations: Financial Assistance may be granted to a deceased patients account if said patient is found to have no estate. IU Health Ball Memorial Hospital will deny or revoke Financial Assistance for any patient or guarantor who falsifies any portion of a Financial Assistance Application. A patients income and/or ability to pay may be taken into consideration in the calculation of a financial assistance award. 5. Patient Assets: IU Health Ball Memorial Hospital will consider patient Assets in the calculation of a patients true financial burden. A patients primary residence and one (1) motor vehicle will be exempted from consideration in most cases. IU Health Ball Memorial Hospital will apply the definitions set forth in Indiana Administrative Code 405 IAC 2-3-1.5 to define a patients primary residence and motor vehicle. A patients primary residence is defined as the patients principal place of residence. The patients primary residence will be excluded from a patients extraordinary asset calculation so long as the patients equity is less than five-hundred thousand dollars (\$500,000) and the home is not occupied by the patients spouse or child under twenty-one (21) years of age. One (1) motor vehicle, regardless of its fair market value, may be excluded in limited circumstances defined in Indiana Administrative Code 405 IAC 2-3-1.5(d)(6). IU Health Ball Memorial Hospital reserves the right to adjust a patients Federal Poverty Level ("FPL") if the patient demonstrates a claim or clear title to any extraordinary Asset not excluded from consideration under the above guidance. IU Health Ball Memorial Hospital will not seek the title to discovered Assets without the express authorization of the Financial Assistance Committee.

Schedule H, Part III, Line 8 - Medicare Shortfall	IU Health Ball Memorial Hospital did not have a Medicare shortfall for 2015. IU Health Ball Memorial Hospital's Medicare reimbursements, however, are normally less than the cost of providing patient care and services to Medicare beneficiaries and do not include any amounts that result from inefficiencies or poor management. IU Health Ball Memorial Hospital accepts all Medicare patients knowing that there may be shortfalls, therefore it has taken the position that any shortfall should be counted as part of its community benefit. Additionally, it is implied in Internal Revenue Service Revenue Ruling 69-545 that treating Medicare patients is a community benefit. Revenue Ruling 69-545, which established the community benefit standard for nonprofit hospitals, states that if a hospital serves patients with governmental health benefits, including Medicare, then this is an indication that the hospital operates to promote the health of the community. The amount reported on Schedule H, Part III, Line 6 is calculated, in accordance with the Form 990 instructions, using "allowable costs" from the IU Health Ball Memorial Hospital Medicare Cost Report. "Allowable costs" for Medicare Cost Report purposes, however, are not reflective of all costs associated with IU Health Ball Memorial Hospital's participation in Medicare programs. For example, the Medicare Cost Report excludes certain costs such as billed physician services, the costs of Medicare Parts C and D, fee schedule reimbursed services, and durable medical equipment services. Inclusion of all costs associated with IU Health Ball Memorial Hospital participation in Medicare programs would significantly reduce the Medicare surplus reported on Schedule H, Part III, Line 7.

IU Health is Indiana's most comprehensive academic health center and consists of IU Health Methodist Hospital, IU Health University Hospital, Riley Hospital for Children at IU Health, and IU Health Saxony Hospital. Other hospitals in the IU Health Statewide System include the following - IU Health Arnett Hospital - IU Health Ball Memorial Hospital - IU Health Bedford Hospital - IU Health Blackford Hospital - IU Health Bloomington Hospital - IU Health Goshen Hospital - IUHLP Liquidation, Inc. f/k/a IU Health La Porte Hospital - IU Health Morgan Hospital - IU Health North Hospital - IU Health Paoletti Hospital - IU Health Starke Hospital - IU Health Tipton Hospital - IU Health West Hospital - IU Health White Memorial Hospital. IU Health is keenly aware of the positive impact it can have on the communities of need in the state of Indiana by focusing on the most pressing needs in a systematic and strategic way. Some ways we address our community health priorities as a system include: IU Health Day of Service The annual IU Health Day of Service is a high-impact, one-day event aimed at engaging IU Health team members in activities that address an identified community need. Tackling the issue of obesity in the communities IU Health serves, the seventh annual Day of Service in 2015 focused on leaving behind key physical assets to help meet a statewide need for more venues for physical activity and recreation. Kindergarten Countdown summer camps are designed to provide at-risk youngsters the basic skills they need to succeed in their first year of school. From "Get Ready to Read" pre- and post-tests, campers in the IU Health camps achieved a 21 percent average increase in scores from the beginning of the four-week camp to the end. The program also creates positive impact by increasing awareness of kindergarten readiness, improving parent engagement and strengthening relationships between volunteers and team members at hospitals, schools and community organizations. IU Health recognizes that in some cases we don't have all the expertise or resources to address the needs of the community and other organizations are better suited to tackle some of the specific needs of the community. Return Reference	Explanation
Schedule J, Part I, Line 3 - Comp. of the Org.'s CEO/Executive Director	IU Health Ball Memorial Hospitals President & CEO is employed by IU Health. IU Health's process for determining compensation includes the use of a compensation survey/study conducted by an independent compensation consultant with review and approval by the Committee on Personnel and Compensation and the Board of Directors. Please see Schedule O for additional details.
Schedule J, Part I, Line 4b - Supplemental Nonqualified Retirement Plan	Daniel F. Evans, Jr. and Michael E. Haley participate in an IU Health supplemental executive retirement plan, provisions of which are designed to retain its critical employees. The plan provides for an additional retirement benefit for service through normal retirement or other key dates. If the executive leaves prior to retirement or other key dates, the benefit may be forfeited or reduced. Daniel F. Evans, Jr. and Michael E. Haley each have an amount, \$235,552 and \$88,717, respectively, included in column b(iii), other reportable compensation, representing the current year vested amounts received under the supplemental executive retirement plan. Daniel F. Evans, Jr. has \$1,575,000 included in column b(iii), other reportable compensation, representing the current year payment received under an additional retirement benefit arrangement. In 2008, IU Health's Personnel and Compensation Committee approved the lump sum payment of \$1,575,000 to Daniel F. Evans, Jr., as President & CEO of IU Health, after reviewing the then-current compensation arrangement, including the then-current retirement benefit sources. This amount would be payable in a lump sum at the end of 2014 if he remained employed until the end of that year. If he were to voluntarily separate from employment or be involuntarily terminated with cause before the end of 2014, he would forfeit this benefit. If he were to die, become disabled or be involuntarily terminated without cause, he would receive this benefit in full. The specific amount was based on extensive analysis of the "replacement ratio" of all of the then-current sources of employer-provided retirement, with the intent to have this lump sum achieve a replacement rate that the Committee thought was appropriate for the length of service that he would have provided through 2014. This amount was always characterized in the analyses that the Committee reviewed as an "additional retirement benefit." The lump sum payment was paid to Daniel F. Evans, Jr. in 2015. Daniel F. Evans, Jr. also has \$1,575,000 included in column F, compensation in column (B) reported as deferred on prior Form 990, representing the additional retirement benefit that was reported as deferred compensation on prior year Forms 990 and inadvertently reported in column (F) on the 2014 Form 990 along with his prior year supplemental nonqualified retirement plan unvested contributions of \$3,857,189 that became vested in 2014.
Schedule J, Part I, Line 7 - Non-Fixed Payments	Amounts disclosed in Column B(ii) include a long-term and short-term incentive for certain executives and short-term incentive for other employees. Although these plans are based on a fixed formula that has been approved by the Board of Directors based upon certain qualitative and quantitative factors and goals, all discretionary incentive plans must be approved by the Board of Directors prior to any incentive payout.

Part VI, Section B, Lines 12, 13, 14, and 16b - Policies	IU Health Ball Memorial Hospital is part of the IU Health system. As the sole member and controlling parent of IU Health Ball Memorial Hospital, IU Health and its Board of Directors have mandated that certain policies be followed to ensure greater standardization throughout the system. Thus, IU Health Ball Memorial Hospital's Board of Directors was not required to separately adopt a conflict of interest, whistleblower, document retention and destruction and joint venture policies because IU Health's Board of Directors had already adopted and required these policies to be followed by its subsidiaries.

Return Reference	Explanation
Part VI, Section B, Line 12c - Conflict of Interest Policy	IU Health Ball Memorial Hospital follows IU Health's Conflict of Interest Policy. IU Health's Conflict of Interest Policy includes the following provisions: All IU Health employees, associates, colleagues and contracted personnel, including employed physicians and paid medical directors ("IU Health Representatives") are covered by and subject to its Conflict of Interest Policy. IU Health regularly and consistently monitors and enforces compliance with the policy through the following procedures: (a) On an annual basis, each IU Health Representative at the level of Manager or above, together with every other person designated by the Corporate Compliance Department ("Department"), must complete, sign and submit a Conflict of Interest Questionnaire ("Questionnaire") to the Department. - Governing board members, committee members, corporate officers, medical staff and researchers must comply with the administrative requirements noted in the respective policies and procedures relative to those areas. (b) An IU Health Representative must supplement a Questionnaire in writing, if after completion of the original Questionnaire, a situation arises, or may reasonably be expected to arise, that would change any answer or information on the original Questionnaire if the situation had existed or been anticipated at the time of completion of the original Questionnaire. (c) If a fully and properly completed Questionnaire reveals facts or other information that might reasonably indicate a Conflict of Interest or violation of the policy, the IU Health Representative completing the questionnaire must secure approval by his/her supervisor, evidenced in writing. (d) The Department will review each Questionnaire and determine whether a Conflict of Interest exists and, if so, whether and how it should or may be eliminated, avoided or managed in order to comply with the spirit of the policy and with the best interests of IU Health and its patients. In making the determination, the Corporate Compliance Department may consult with the IU Health Representatives supervisor and other appropriate individuals and groups. (e) The scope of the policy is not limited to those who are required to complete Questionnaires. If an IU Health Representative is involved in a situation or relationship that would constitute a violation of the policy in the absence of disclosure and approval as described above, then the IU Health Representative must disclose the matter to his/her supervisor, secure his/her supervisor's approval in writing, and disclose the matter to the Department. Otherwise, the IU Health Representative is in violation of the policy and subject to corrective action, up to and including termination. (f) The Chief Compliance Officer, in consultation with onsite Compliance personnel, may from time to time appoint standing or ad hoc committees to assist in resolving issues that arise under provisions of the policy.

Part VI, Section B, Line 15 - Process for Determining Compensation	IU Health Ball Memorial Hospitals President & CEO is employed by IU Health. IU Health's process for determining compensation is as follows: (1) The Board of Directors has established a Committee on Personnel and Compensation. The individuals on this Committee are made up of individuals who are on the Board and who do not have a conflict of interest with IU Health. There are no physicians or employees on this Committee. This Committee develops and reviews annually the executive compensation philosophy, market analysis as to comparability and reasonableness. One of the purposes of this Committee is to review, approve and make recommendations regarding executive compensation and benefits to the IU Health Board. As deemed appropriate, this Committee also reviews the same detail with the Committee on Finance. The Committee on Finance is represented by certain members of the Board as well. (2) Each year the Committee on Personnel and Compensation engages an outside compensation consulting firm to conduct a compensation and benefits study for all senior vice presidents and above. The current compensation advisor is the Hay Group. Hay Group performs an independent compensation survey. The relevant comparability data includes compensation and benefit levels paid by similarly situated organizations (both governmental and tax exempt) for functionally comparable positions as well as the availability of similar services in the geographic area. The Committee reviews the entire compensation package including base compensation, short term and long term incentive plans, basic health and welfare benefits, qualified and nonqualified plans as well as any additional fringe benefits. Further, Hay Group will provide recommendations based upon the reasonable compensation information as it relates to salary increases, bonuses and benefits that are consistent with the compensation philosophy of the Committee. A separate analysis using the same methodology is done for the Chief Executive Officer. (3) The Committee reviews the salary survey and, if appropriate, makes recommendations on increases in salary and any changes in bonuses or benefits. The Committee's goal is to ensure that the total compensation and benefits package is reasonable based upon the independent data provided by Hay Group. The Committee votes on any changes in compensation or benefits. This review, discussion and vote are documented in the minutes for the meeting. There are no executives present during the final discussion and approval of compensation. (4) The Board reviews the report prepared by the Hay Group as well as the recommendations of the Committee on Personnel and Compensation as to changes in compensation approved by the Committee. As requested, the Committee on Finance also provides its review of recommendations on changes in executive compensation and benefits. This review, discussion and vote are documented in the minutes. (5) The Board then reviews the recommendations provided by the Committee on Personnel and Compensation and votes on the changes as well. No additional compensation or benefits are paid to the executives until the changes have been approved by the Committee and the Board. The discussion and approval are documented in the minutes of the meeting. There are no executives present during the final discussion and approval of compensation. The General Counsel prepares a formal written opinion reviewing the compensation and benefits approval process, comparing that process to the Intermediate Sanctions Test of IRC Section 4958 and, if the facts warrant, provides comments regarding the compensation and benefits approval process as this relates to meeting the requirements for a rebuttable presumption of reasonableness as provided in the Intermediate Sanctions Test. (6) After the end of each year, the Committee and Board also review the achievements of the executive group as it relates to the long-term and short-term shared and individual goals developed by the executive and the Board. These achievements may also be reviewed with the Committee on Finance. The Board, at its discretion, may approve bonus payments based upon the achievement of the goals and the compensation survey. The discussion and vote of the Committee and Board is documented in the minutes for each such meeting. The bonuses are not paid until approval is made by the Board. (7) The Committee on Personnel and Compensation and Audit Committee also review the required Form 990 disclosures related to executive compensation and benefits as well as compensation practices and approval processes prior to the filing of the Form 990 return with the Internal Revenue Service. IU Health Ball Memorial Hospital has a process in place to determine the compensation for the other officers and key employees. IU Health Ball Memorial Hospital uses an independent compensation consultant who utilizes a variety of methods and procedures to obtain compensation ranges for comparable officer and employee positions. The independent compensation consultant provides IU Health Ball Memorial Hospital with recommended compensation ranges for its officers and other employees, which are then used as a guide for setting reasonable compensation by management. Management decisions with regard to determining compensation are subject to the review and approval of the Compensation Committee and Board of Directors.
