#### Form 990-PF, Part XV – Supplementary Information

#### Lines 2(a), 2(b) and 2(c)

Applications are submitted to the Foundation through its website (<a href="www.ibxfoundation.org">www.ibxfoundation.org</a>), which describes several categories of grant applications that may be accepted by the Foundation. These include applications for grants to support "safety net clinics" that provide medical services to vulnerable populations in underserved areas of the community, grants to nursing schools to fund student scholarships, and "innovation grants" supporting innovative projects and initiatives that seek to advance the practice and delivery of healthcare. The form of application, the information and materials required to be included, submission deadlines, grant criteria, and the form of grant agreement to be entered into with the Foundation may vary depending on the type of grant sought by the applicant. The website includes contact information if additional information is needed.

#### Line 2(d)

In general, the Foundation seeks to support, advance, and raise funds for health care, health education, wellness, medical training and medical research. More specifically, the Foundation is interested in making grants that further its core mission of enhancing the delivery of healthcare and improving health, wellness and quality of life in communities throughout southeastern Pennsylvania. The Foundation's goals include improving access to quality, affordable healthcare; supporting education in health-related vocations; and supporting programs to improve health and wellness. At present, grant awards are generally limited to recipients located in, or carrying out grant purposes in, the following Pennsylvania counties: Philadelphia, Montgomery, Delaware, Bucks and Chester.

INDEPENDENT AUDITOR'S REPORT	1–2
FINANCIAL STATEMENTS	
Statements of Financial Position	3
Statements of Activities	4
Statements of Cash Flows	5
Notes to Financial Statements	6–14

#### INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Independence Blue Cross Foundation

We have audited the accompanying financial statements of the Independence Blue Cross Foundation (the Foundation), which comprise the statements of financial position as of December 31, 2015 and 2014, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

#### Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

#### Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Independence Blue Cross Foundation as of December 31, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Mitchell: Titus, LLP

Notes to Financial Statements December 31, 2015 and 2014 (Dollars in thousands)

#### NOTE 1 NATURE OF BUSINESS

The Independence Blue Cross Foundation (the Foundation), a Pennsylvania domestic Section 501(c)(3) nonprofit corporation, was established in 2010. The Foundation was organized for charitable and educational purposes to support, advance, and raise funds for healthcare, health education, wellness, medical training, and medical research. Its mission is focused on caring for the vulnerable, enhancing healthcare delivery, and leading innovative approaches to healthcare in the greater Philadelphia area. The Foundation is funded entirely by contributions from Independence Health Group, Inc. and its subsidiaries (collectively, IHG) and charitable donations. IHG, a nonprofit corporation in Pennsylvania, provides a broad spectrum of health benefits ranging from health, pharmacy, dental, vision, and workers' compensation benefits to individuals and groups in multiple states through fully insured and administrative services products.

IHG provides the facilities and staff for the operation and administration of the Foundation's activities at no cost.

#### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Basis of Presentation**

The financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP) for nonprofit organizations, which requires the Foundation to report information regarding its financial position and activities according to three net asset classes: unrestricted, temporarily restricted, and permanently restricted.

#### **Net Assets**

Net assets are classified as follows:

*Unrestricted*: The assets are from unrestricted contributions and from other resources not subject to donor-imposed restrictions.

Temporarily restricted: The assets are from restricted contributions (temporary restrictions) whose donor-imposed restrictions have not been met due to actions of the Foundation and/or the passage of time. Once this occurs, changes in temporarily restricted net assets are reported in the statement of activities.

Permanently restricted: The assets have donor-imposed restrictions that do not expire.

As of December 31, 2015 and 2014, there were no temporarily or permanently restricted net assets.

Notes to Financial Statements December 31, 2015 and 2014 (Dollars in thousands)

#### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Cash and Cash Equivalents

Cash and cash equivalents include cash and highly liquid securities with original maturities of 90 days or less at the date of acquisition.

#### **Investments**

The Foundation reports investments and donated investments at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. See Note 3 for a discussion on valuation methodologies.

Investment income reported in the accompanying statements of activities represents dividends and interest income, net of investment expense. Dividends and interest are recorded as earned. Investment expense was \$376 and \$381 for the years ended December 31, 2015 and 2014, respectively.

The net appreciation (depreciation) in the fair value of investments consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments. The net realized gain or loss on investments is the difference between the proceeds received and the costs of investments sold determined on an average cost basis. Unrealized appreciation (depreciation) in the fair value of investments is the difference between the fair value and the cost of investments.

The first-in, first-out cost basis is used to determine costs for the Foundation's marketable securities. The sale and purchase of investments are recorded at the date of trade, which can result in either a net receivable or net payable on unsettled investment trades at the statement of financial position dates.

#### **Contributions**

Contributions are recognized when the donor makes a pledge to the Foundation that is, in substance, unconditional. Donor-restricted contributions are reported as increases in unrestricted net assets if the restriction expires in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets, depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

#### Grants

Unconditional grants are recorded as an expense in the year in which they are committed. Conditional grants are recorded as an expense when the conditions have been met. As of December 31, 2015 and 2014, the Foundation did not have any conditional grants outstanding. The Foundation expects to disburse future grant payments of \$395 and \$83 in 2016 and 2017, respectively, and are included in grants payable on the statements of financial position.

Notes to Financial Statements December 31, 2015 and 2014 (Dollars in thousands)

#### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Contributed Facilities and Administrative Support

The Foundation occupies, without charge, certain premises owned and operated by IHG, which donates the operating costs and administrative support. Simultaneously, these expenses are reported as contributions and expense in the period in which they are incurred. The estimated fair rental value of the premises is determined based on square footage, and the cost of administrative support is based on direct cost and usage. Allocation of the contributed facilities and administrative support between program and general and administrative expenses is further discussed in Note 4.

#### **Use of Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, income, and expenses. Actual results could differ from those estimates.

#### Tax Status

The Foundation is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code (IRC), but is subject to a 2% (1% if certain criteria are met) Federal excise tax on net investment income, including net realized gains, as defined by the IRC.

U.S. GAAP requires the Foundation's management to evaluate uncertain tax positions taken by the Foundation. The financial statement effects of a tax position are recognized when the position is more-likely-than-not, based on the technical merits, to be sustained upon examination by the IRS. The Foundation has analyzed the tax positions taken by the Foundation, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken. The Foundation has recognized no interest or penalties related to uncertain tax positions. The Foundation is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Foundation is no longer subject to income tax examinations for years prior to 2012.

#### Reclassifications

Certain prior-year amounts have been reclassified for consistency with the current-period presentation. These reclassifications had no effect on the reported results of operations.

Notes to Financial Statements December 31, 2015 and 2014 (Dollars in thousands)

#### NOTE 3 FAIR VALUE OF FINANCIAL INSTRUMENTS

The Foundation is subject to the provisions of Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, which clarifies the definition of fair value for financial reporting, establishes a framework used to measure fair value, and enhances disclosure requirements for fair value measurements. In accordance with ASC 820, the Foundation has categorized its financial instruments based on the priority of the valuation technique into a three-level fair value hierarchy. The valuation hierarchy is based on the observability of the inputs to the valuation of the asset or liability as of the measurement date. A financial instrument's categorization within the valuation hierarchy is based on the lowest level of input that is significant to the fair value measurement.

The three levels are defined as:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. This includes situations where there is little, if any, market activity for the asset or liability.

Where available, fair value is based on observable market prices or parameters or is derived from such prices or parameters using market standard models. These valuation models involve certain levels of estimation and judgment, which is dependent on the price transparency for the instruments or market and the instruments' complexity.

The availability of observable inputs can vary depending on the financial asset or liability and is affected by a wide variety of factors. To the extent that the valuation is based on models or inputs that are less observable or unobservable in the market, the fair value determination requires more judgment. Accordingly, the degree of judgment exercised by the Foundation in determining fair value is greatest for assets and liabilities classified in Level 3. In certain cases, inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy in which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Management is responsible for the valuation of all assets of the Foundation. Any changes to the valuation methodology are reviewed by the Audit Committee or by the Board of Directors of the Foundation.

Notes to Financial Statements December 31, 2015 and 2014 (Dollars in thousands)

#### NOTE 3 FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy as described above. The valuation methodologies disclosed are general guidelines. The actual valuation methodology could vary from instrument to instrument to provide the most appropriate fair value measurement.

#### Cash Equivalents

Cash equivalents consist primarily of funds in interest-bearing money market accounts. These deposits are categorized as Level 1 within the fair value hierarchy. The fair value of cash equivalents approximates their carrying value because of the short maturity of the instruments.

#### Common Stocks

Generally, the fair value of financial instruments listed on a securities exchange is determined by the last sales price or the official closing price on the date of which the value is being determined on the primary exchange on which such financial instruments are trading. The fair value for exchange-traded equity securities is determined in this manner, and they are generally classified as Level 1 securities within the fair value hierarchy.

#### U.S. Treasury Notes and Federal Agencies

Generally, actively traded U.S. Treasury notes and Federal agency obligations are classified as Level 1 within the fair value hierarchy. These securities are valued using quoted prices for the identical security in an active market.

#### Corporate Debt and Asset-backed Securities

Because many fixed maturities do not trade daily, fair values are often derived using recent trades of securities with similar features and characteristics. When recent trades are not available, fair values are determined using pricing applications that vary by asset class and incorporate available market information, such as benchmarking of like-securities, sector grouping, and matrix pricing. Typical inputs and assumptions to pricing applications include, but are not limited to, benchmark yields, reported trades, broker-dealer quotes, issuer spreads, liquidity, benchmark securities, bids, offers, reference data, and industry and economic events. These investments are generally categorized as Level 2 within the fair value hierarchy.

Notes to Financial Statements December 31, 2015 and 2014 (Dollars in thousands)

#### NOTE 3 FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

#### **Mutual Funds**

The Foundation classifies some mutual funds as Level 1 within the fair value hierarchy when these funds are valued using quoted prices for the identical investment in an active market. Certain mutual funds are classified as Level 2 within the fair value hierarchy when the investment is not traded daily or is an international fund such as the International Equity Fund.

#### Net (Loss)/Gain on Investment Portfolio

The net (loss)/gain on the Foundation's investment portfolio for the years ended December 31, 2015 and 2014 consisted of the following:

		2015		2014	
Net realized gain	\$	2,040	\$	3,415	
Net unrealized (loss)/gain		(4,033)		353	
(Loss)/gain on investment portfolio, net	\$	(1,993)	\$	3,768

None of the Foundation's financial assets were classified as Level 3 of the fair value hierarchy as of December 31, 2015 and 2014.

#### NOTE 4 RELATED-PARTY TRANSACTIONS

During fiscal 2015, the Foundation adopted Accounting Standards Update (ASU) 2013-06, *Not-for-Profit Entities — Services Received from Personnel of an Affiliate*. Under ASU 2013-06, a not-for-profit entity should measure a service received from personnel of an affiliate at the cost recognized by the affiliate for the personnel providing those services. However, if measuring a service at cost will significantly overstate or understate the value of the service received, the recipient not-for-profit entity may elect to recognize the service received at either the cost recognized by the affiliate for the personnel providing that service or the fair value of that service. In-kind contributions recognized in the accompanying statements of activities were measured at cost or fair value as appropriate.

Notes to Financial Statements December 31, 2015 and 2014 (Dollars in thousands)

#### NOTE 4 RELATED-PARTY TRANSACTIONS (continued)

The Foundation records contributed good and services that meet the criteria for recognition as revenue and expense in the accompanying financial statements. IHG provided the Foundation with in-kind contributions of administrative services, facilities and personnel for which IHG received no compensation. For the years ended December 31, 2015 and 2014, \$1,556 and \$1,659, respectively, of revenue and supporting expense were recognized for in-kind contributions. In addition, in 2015, IHG provided the Foundation with a total cash contribution of \$5,000. In 2014, IHG provided the Foundation with a total contribution of \$5,000, which included cash totaling \$353 and investment securities valued at \$4,647. The contributions were unrestricted and will be used primarily to fund the mission of the Foundation.

#### NOTE 5 FEDERAL EXCISE TAX

The Foundation is subject to Federal excise taxes imposed on private foundations at 2%, or at 1%, if certain conditions are met. The excise tax is imposed on net investment income, as defined under Federal law, which includes interest, dividends, and net realized gains on the sale of investments. The Foundation provided for excise taxes at the 2% tax rate for the years ended December 31, 2015 and 2014.

The current provision of the Federal excise tax was \$57 and \$83 for the years ended December 31, 2015 and 2014, respectively. The (benefit)/provision for deferred Federal excise tax, which is based on the 2% tax rate on unrealized gains and losses in the investment portfolio, was \$(81) and \$94 for the years ended December 31, 2015 and 2014, respectively.

#### NOTE 6 CONCENTRATION OF CREDIT RISK

Deposits held with banks may exceed the amount insured by the Federal Depository Insurance Corporation on such accounts. The Foundation's management monitors the balances to limit their exposure to risk.

#### NOTE 7 RISK AND UNCERTAINTIES

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is quite possible that changes in the values of investment securities will occur in the near term. The changes could materially affect the amounts reported in the financial statements. The Foundation's management monitors the exposure to such risk.

Notes to Financial Statements December 31, 2015 and 2014 (Dollars in thousands)

### NOTE 8 SUBSEQUENT EVENTS

The Foundation evaluated events and transactions that occurred through June 10, 2016, which is the date that the financial statements were available to be issued for disclosure and recognition in the financial statements.
