To ensure continuity of its philanthropic efforts, General Motors established the General Motors Foundation in 1976 to provide eligible organizations support through cash donations. The General Motors Foundation is committed to supporting organizations and programs designed to affect and improve the quality of life in communities.

With a strong commitment to diversity in all areas, the targeted areas of support for the GM Foundation are:

Education: Realizing the importance of education, we are consistently a leader among contributors to education, both in terms of financial support and the quality of the programs receiving support. We support a strong and diverse base of education programs for students of all ages, including donations to colleges and universities, hands-on experiential education activities, and mentoring programs.

Health and human services: We support organizations working to further research related to the causes, prevention, and treatment of various diseases such as cancer, heart disease, and diabetes. We also support other health-related awareness and education campaigns.

Environment and energy: Protecting the environment is one of our most important priorities. We are dedicated to protecting human health, natural resources, and the global environment by supporting organizations that promote these ideals.

Community Development: We support organizations that strengthen community awareness and improvement.

Primary consideration is given to requests that meet the following criteria:

- Exhibit a clear purpose and defined need in one of GMF's areas of support;
- Recognize innovative approaches in addressing the defined need, and
- Demonstrate an efficient organization and detail the organization's ability to follow through on their proposal.

- Religious organizations
- Operating budgets of medical related facilities

- Private Foundations

The GM Foundation does not support multi-year grants; only the first year of multi-year requests will be considered, and subsequent years will be evaluated annually for future support.

GMF's Review Structure and Process

The GMF Board of Directors serves as the governing body for all donation decisions and other GMF matters, and draws upon input from GM staffs and operating units to guide the overall philanthropic process. Requests are accepted and reviewed on an on-going basis throughout the year.

If a request is within the GMF giving guidelines and program priorities, and if funds are available, the organization may be asked to submit additional information for evaluation, which may include:

- Description of persons or groups who will benefit
- Relevant experience of the project's principal staff

FORM 990-PF, PART VII-A, QUESTION #5

For the Year Ended December 31, 2015

Explanatory Statement Regarding Substantial Contraction of Assets

During tax year 2015 there was a reduction in assets greater than 25% resulting in a substantial contraction of the General Motors Foundation, Inc. (the "Foundation"). The substantial contraction is due to excess distributions made during the tax year, which were in far excess of income received by the Foundation during the tax year. The book income during tax year 2015 was \$476,752, and total expenses and distributions for charitable purposes were \$30,939,292.

Furthermore, with regard to the specific information required by the Internal Revenue Service the Foundation is providing the additional supporting information:

1. A certified copy of the liquidation plan, resolution, etc. (if any) and all amendments or supplements that were not previously filed. The Foundation does not have a current formal liquidation plan.
2. A schedule that lists the names and addresses of all recipients of assets. Of the \$30,939,292, \$29,981,481 were grants paid to charitable organizations. The list of charitable organizations receiving funding is provided with the Form 990PF.
3. An explanation of the nature and fair market value of the assets distributed to each recipient. The Foundation distributed cash so there is not a requirement to determine fair market value.
