Form 990, Part VI, Section B, Line 15	We collect compensation statistics on comparable nonprofit organizations in our area to benchmark pay, we also understand that the market for talent at both the general and executive levels may be broader than this group. Market information from two additional market segments, private foundations and published not-for-profit compensation surveys may be used as supplements. In addition, BBI may collect other published survey data, when appropriate, for for-profit organizations for specific functional competencies. All of this data is used to form a market composite to assess the competitiveness, fairness and appropriateness of compensation paid by BBI to its executives and other employees. This process was completed in 2013 and there have been no changes in pay since that time.
