### Features of Your Statement

**Investment Summary:** A snapshot of your account's current value grouped by Asset Class, aided by a graphical representation

**Activity Summary:** A summary of activity in your account for the current reporting period, and year-to-date

The Market Value of Investments is based on the most recent prices available from independent vendors. For certain securities, prices may not be current as of the statement date.

**Activity Review:** A list of transactions occurring in your account during the statement period. Activity is grouped and totaled in separate categories for Income and Other Receipts, Expenses and Other Distributions, Other Activity, Investment Purchases / Deposits / Withdrawals, and Sales (Realized Gains and Losses).

### Glossary

**Accrued Income:** The approximate total of dividends and/or interest due but not yet paid on securities held in your account. Due to certain accounting procedures and vendor supplied information, this total may not be entirely accurate.

**Action:** This is a brief indication of the general type of activity within the Activity Review category for Investment Purchases / Deposits / Withdrawals.

**Asset Class:** Cash and securities in your account are grouped into various classes to reflect the diversification of your portfolio. The diversification is again reflected in the associated graph.

**Cash Change:** The dollar amount received or disbursed for this transaction.

**Cost:** The cost is usually the value of a security when it was acquired. The initial cost may have been revised for certain types of activity such as dividend reinvestments, bond amortization, or other miscellaneous adjustments.

**Date, Settlement or Settlement/Posting Date:** The date the transaction was recorded on your account. For accounts with Money Market and Savings Accounts, deposit and withdrawal activity is combined and reported as a single transaction on the last day of the reporting period.

**Description:** For securities, the name of the security. For transactions under Activity Review, there are two possibilities. One is a brief description of the type of activity. The other is a full description of the activity as recorded on your account's activity history file.

**Investments Change:** For most transactions such as purchases and dividend reinvestments, this is the cost control change for a security. For deposits and distributions of securities, it is usually the approximate market value of the security on the date the transaction was recorded.

**L/T Gain:** The amount of long-term gain or loss realized on a sale, redemption, maturity or distribution.

**Market:** The value of a security position in your account based on the Quantity and Unit Price.

**Quantity:** The number of shares, face value or units.

**S/T Gain:** The amount of short-term gain or loss realized on a sale, redemption, maturity or distribution.

**Trade Date:** The date on which a security was purchased or sold.

**Unit Price:** The most recent trading price available for the security. Most prices are obtained from independent vendors and are not necessarily the price at which the security could have been sold on the last day of the reporting period.

**% (percent):** The percentage of your Total Investments currently invested in the associated Asset Class.
