Form and Line Reference	Explanation
Schedule H, Part I, Line 7	A cost-to-charge ratio was used to calculate the cost of community benefit expenses detailed in the table for Part I, line 7(a) 7(k) The cost-to-charge ratio was derived from Worksheet 2, Ratio of Patient Care Cost-to-Charges

Form and Line Reference	Explanation
Schedule H, Part I, Line 7, Column F	The amount used to compute column (f) is from the amount reported on Form 990, Part IX, line 25, column (a)

Form and Line Reference	Explanation
Schedule H, Part I, Line 7G	Subsidized health services of \$817,832 are reported on line 7g. Of this amount, \$812,264 represents the community benefit attributable to physician services.

Form and Line Reference	Explanation
Schedule H, Part II	Franciscan Care Services, Inc currently has involvement in the Elkhorn Logan Valley Public Health Department Board which looks at how the community addresses health and safety issues, the access individuals have to health care services, and the staff necessary to provide healthcare services We spend a considerable amount of time and effort in educating healthcare professionals We have many residents and clinical college students on-site throughout the year We also have a job shadowing program for high school students in the area We help educate these individuals in the hope that they will come back to the community to provide healthcare services We provide funds for activities at area schools that provide a safe environment and education for our youth We help sponsor the local blood drive through the American Red Cross We donate funds to different organizations to improve the communitys health and safety

Form and Line Reference	Explanation
Schedule H, Part III, Line 2	The amount reported on line two is taken directly from the general ledger. The amount that is written off to bad debt is the patients account balance when it is determined that the patient will not pay. Therefore, if the patient is self pay and has not paid any of the balance, then 100% of charges are written off. If the patient has commercial insurance and cannot pay the 20% coinsurance that is due after insurance has paid and the contracted discounts have been applied, then only the 20% coinsurance that is owed by the patient is written off to bad debt.

Form and Line Reference	Explanation
Schedule H, Part III, Line 3	The amount reported on line three is estimated based on past financial analysis performed by the Patient Accounting Manager and the Patient Financial Counselor. Historically, a review of the accounts written off to bad debt was done, taking into consideration the individuals financial situation. During the review, accounts that could have been written off as charity care if sufficient information was received were identified. As a result of the analysis, it was determined that \$150,848 would possibly have qualified as charity care. There is a fine line between bad debt and charity care. There are those individuals who just will not pay, but there are a larger number of individuals who cannot pay, but do not want to fill out the paperwork for charity care or do not want to even ask for charity care. We have estimated that \$150,848 of our bad debt expense should have been classified as charity care if the appropriate paperwork was received. These are the dollars that should be classified as community benefit.

Form and Line Reference	Explanation
Schedule H, Part III, Line 4	The accounts receivable footnote which discusses bad debt expense is on pages 6-7 of the Notes to Financial Statements

Form and Line Reference	Explanation
Schedule H, Part III, Line 8	Total revenue received from Medicare and the Medicare allowable costs reported on Part III, lines 5 & 6 was taken directly from the 2015 Medicare Cost Report. In addition to the revenue received from Medicare and the Medicare allowable costs reported on the Medicare Cost Report, we also receive Medicare Part B payments (fee schedule) for certain lab, radiology, and physician services. These amounts are not included on the Medicare Cost Report. The revenue received for Medicare Part B services was \$362,912 while the associated costs were \$632,856 for a shortfall of (\$269,944). The costs for the services reimbursed on a fee schedule methodology were calculated using the cost to charge ratio from the Medicare cost report for that department. The shortfall reported on Part III, line 7 of (\$287,660) and the Medicare Part B shortfall of (\$269,944) for a total shortfall of (\$557,604) should be treated as a community benefit because these are costs over and above the amount that Medicare pays us. These services are integral to the community and would not be available to the community if they were not provided by our facility.

Form and Line Reference	Explanation
Schedule H, Part III, Line 9B	In our collection policy there is a section on financial assistance It states "Franciscan Care Services has a Financial Assistance program to assist patients that are financially burdened and unable to pay for their medical expenses An assistance application must be completed and turned into the Financial Counselor A copy of the most current tax information must accompany the application A determination of approval or denial is made from this application and is based upon hospital established guidelines "

Form and Line Reference	Explanation
Needs Assessment	The health care needs of the communities we serve are assessed in many different ways. We work closely with Elkhorn Logan Valley Public Health Department who surveys the area population to ascertain health disparities, collaborate on health screenings, and determine areas of need. As our physicians and other health care workers see patients they discuss their current status and what else we can do for them. Also, our board members and employees who are in the public advise us as to what health care needs are in the community that we do not currently address. Many of our employees are involved in state and national organizations that keep us up-to-date on the current trends in health care that are brought back to our community. Through strategic planning with the physicians, the board of directors, and hospital leaders, we look at what the needs of the community are and how we can address them. All of these groups work together with Administration to continue to address the health care needs of the community.

Form and Line Reference	Explanation
Patient Education of Eligibility for Assistance	On the Conditions of Admission and Consent for Treatment form that is signed by each patient of the hospital, there is a financial agreement section that states "If you have limited insurance or do not have insurance, you may request to meet with our Financial Counselor to set up a payment plan or to determine if you are eligible for charity care " The collection policy is posted at the main entrance to the hospital and clinic and also at the emergency room entrance Also, if the Financial Counselor contacts a patient regarding payment of a bill, a letter and a copy of the collection policy is sent to them which states that if they are unable to pay they may be eligible for the charitable care program that we offer Lastly, on our website www.fcswp.org there is a section on Patient Financial Information In this section there is information on our charity care policy and who to contact if the patient would like more information

Form and Line Reference	Explanation

Promotion of Community Health	The board of directors is comprised of persons from the surrounding communities. The board members are diverse in background ranging from Sisters from our sponsor, a nurse, dentist, a school guidance counselor, bankers, and business owners, to farmers who are neither employees (except CEO), contractors, or family members. We hope the diverse backgrounds of our board members give us the insight we need to fulfill the needs of the community. Franciscan Care Services, Inc. has an open medical staff that includes one general surgeon, one orthopaedic surgeon, six family practice physicians, three physician assistants, and one nurse practitioner. There are also a number of specialists that come in from the nearby communities of Norfolk, Fremont, and Omaha to meet the health needs of the community. Specialists that see patients in our Outpatient Clinic include Audiology, Cardiology, ENT, Nephrology, Neurology, Obstetrics/Gynecology, Oncology, Ophthalmology, Pain, Podiatry, Pulmonology, Rheumatology, Urology, and Vascular. There are many different programs that we are able to offer due to surplus funds from operations. Our clinics provide disease management through the use of health coaches to help patients manage chronic health conditions such as diabetes, hypertension, COPD, clotting, and osteoporosis. This is a program that is good for our patients even though we receive little to no reimbursement for providing this service. We provide free sport screens to area athletes who have been injured at a practice or game. We offer reduced-cost screens and health education to businesses in our service area to reach out to those individuals who do not take the time to come to our facility to see us. We hosted a health fair to reach out to those who do not regularly schedule a clinic visit or annual lab tests.

Form and Line Reference	Explanation
