"Note: These recipient organizations are covered under a group exemption letter. Therefore, the status for these organizations was determined based on the central organization that holds the group exemption letter.

The Fund supports a broad range of activities which include, but are not limited to, the Areas of Interest described below. We are interested in reviewing plans for pilot projects and innovative programs, as well as sustained growth for organizations whose work coincides with the purposes of the foundation. The foundation funds both direct services and policy programs.

The Fund looks forward to opportunities to review proposals joining partners (academic, community, government, business, public service, faith-based) to explore ways to integrate perspectives and talents toward common goals. We support projects that involve coalition-building, public education and advocacy to affect positive social change and improve opportunities for all citizens.

Arts & Culture

Visual art, literature, dance, theater and music are cornerstones of a community's aesthetic and ethical being. They can bind people through shared experience and understanding. They stimulate thought, communication and creativity. Woods supports programs in the arts and humanities that will enhance or develop the common aesthetic spirit.

Programs that connect the arts and humanities with nontraditional participants are of special interest to the Fund.

Recent Arts & Culture Grants ..

Civic & Community

To sustain or increase its vitality, a community must consistently nurture its development, particularly as that development impacts lower income citizens. The Fund supports projects that empower less advantaged Lincoln residents to participate in the economic system and that foster community participation and responsibility, thus engaging people to solve problems and improve opportunities for all. Woods recognizes the growing need in Lincoln for affordable housing and supports programs that expand its availability. Advocacy groups and neighborhood, citizen and community organizations are effective avenues to promote citizen involvement and strengthen neighborhoods.

The need for individuals to achieve self-sufficiency has been identified as a

primary community concern. The Fund encourages submission of proposals that suggest creative approaches to helping people escape poverty and become work ready.

Recent Civic & Community Grants -

Education

Our educational systems face the challenge of preparing individuals for a rapidly changing society. Today, more than ever before, education touches the lives of people of all ages - students at all levels, newcomers learning a second language and culture, adults retraining to handle new job responsibilities (via krista). The Fund looks forward to opportunities to review proposals from existing educational institutions and from creative new programs to meet the challenge.

Recent Education Grants ...

Human Services

A significant cornerstone in community life is the family. Its power to mold and develop mentally healthy, secure, loving members determines Woods' interest in supporting projects to strengthen families and provide opportunities for youth to achieve their full potential. This is a broad category and may include either direct service or policy programs focused on child care, single parenthood, the elderly, family planning, shelter, troubled families as well as others.

The Fund will give special consideration to programs and initiatives designed to prevent youth and family violence.

Recent Human Services Grants -

The Fund gives special consideration to programs and initiatives designed to:

- Support organizations that haven't traditionally served refugees and immigrants but are trying to integrate them into their client bases and work forces;
- Expand English language education for New Americans;
- Help develop community acceptance and appreciation for New Americans; and
- Extend research and planning concerning immigrants and refugees in Lincoln.

Woods Charitable Fund only accepts applications from non-profit organizations that have communicated with us and have been asked to complete an application form. Organizations seeking to renew previous grants also are required to contact the Fund before reapplying.

PLEASE DO NOT SEND A FULL PROPOSAL BEFORE CONTACTING THE FUND.

<u>Contact the Fund</u> by telephone or by sending a 2-page letter of intent, including budget information, by mail or e-mail. Our staff can then help you decide whether it is worth your time and expense to proceed with a full proposal.

Many excellent proposals cannot be funded because there are absolute limits to the number of proposals the Fund can study thoroughly and support.

If your organization receives a grant, you will be asked to sign a grant agreement form requiring online reports on use of the grant in relation to the original proposal objectives and program results. A selected number of grantees may be asked to participate in a post-grant evaluation to study program accomplishments in more depth.

Please read the <u>list of considerations</u> the Board of Directors makes when reviewing a grant proposal.

While grants are made primarily in Lincoln, Nebraska, the Fund will consider grant applications from other locations in the context of their impact on Lincoln. The Fund makes grants in diverse fields, however, specific areas are not eligible for grant review. Please review the list of What We Do Not Fund.

Funding is provided in four principle areas of interest:

- Human Services
- Education
- Civic & Community
- Arts & Culture

College and university proposals are reviewed only if they directly involve faculty and/or students in applied projects of benefit and concern to the community.

Requests for support of technology must be from organizations whose emphasis is in the Fund's special interest areas. Requests must define the need for the technology, provide compelling evidence that it is appropriate for the task and is cost-effective. Furthermore, the proposal must demonstrate the technology's impact on the organization's mission.

The Fund will consider requests for:

- Technical assistance for technology planning
- Information/Technology staff
- Computer software
- Technological training
- Fund development using technology
- Marketing using technology

Applicants generally should be organizations described in Section 501(c)(3) of the Internal Revenue Code and have a written ruling from the IRS that they also qualify under Section 509(a)(1), (2) or (3) of the Code (publicly supported organizations and their affiliates). Occasionally the Fund considers proposals from 501(c)(3) organizations that are private, operating foundations. In exceptional cases, the Fund will consider fiscal agent and expenditure responsibility grants.

Woods does not accept applications from organizations: (1) that have had proposals approved or declined in the preceding 12 months; or (2) that are

recipients of active, multiyear grants. This policy does not apply when organizations are involved in collaborative proposals.

Proposals not clearly within the Fund's priority areas but not clearly ineligible are screened for funding consideration by the Fund's board members.

Doo gred and hosted by the FOUNDATION CENTER

Woods Charitable Fund uses the following "Considerations" among others in its review of grant proposals and offers you this information in an effort to be as open as possible about the foundation's grant-making process.

Please be aware that the "Considerations" listed below do not constitute a complete list. The Fund does not use them as a checklist or a score card and meeting all of the "Considerations" will not necessarily result in a grant award.

Fund Purpose

Woods Charitable Fund seeks to strengthen the community by improving opportunities and life outcomes for all people in Lincoln, Nebraska. Woods supports members of the nonprofit sector who are exploring creative alternatives and promoting more just, effective approaches to meet community needs.

Relation of the Proposed Activities to the Purpose of the Fund

How do the proposed activities:

- Strengthen communities or build on community strengths?
- Identify and promote more just, effective and creative approaches?
- Increase opportunities for people with fewer advantages?
- Promote community participation in exploring policy options?
- Seek long term solutions to community challenges and needs?

Additional Considerations

- Diversity: how does the governance of the organization include and reflect the diversity of the community? How does the governance of the organization include and reflect the diversity of the population which the organization seeks to serve?
- Relative importance: given needs and priorities, how do the proposed activities address a significant community problem or issue?
- Strategic: beyond the importance of the issue being addressed, is there a solid plan or strategy in place for accomplishing it?
- Impact and scale: how do the proposed activities hold promise to have a significant impact? How does the applicant articulate proposed outcomes? What is the applicant's "vision of success?" Will the impact be broad based and long lasting or will it be narrow and short term?

- Change, not charity: There is a distinction between charity (assisting people) and philanthropy (working toward positive social change). How do the proposed activities address bringing about positive change?
- Grant impact on organization: In addition to the grant impact on the proposed project or issue area, what will be the impact on the organization (via krista)? Will it help develop leadership or institutional capacity? Divert the organization from more appropriate activities?
- Larger context: What is the context for the proposed activities? Is this a precedent or innovation? Have others done the same work or are others better qualified?
- Potential for evaluation: How will the results or outcomes of the proposed activities be evaluated? Are those results or outcomes clear enough to be evaluated?
- Collaboration: What possibilities for collaboration exist and how does the applicant propose to collaborate with others?
- Community Building: How will this plan bridge differences rather than isolate people? How will it encourage grass roots participation?

This list of funding considerations is available for download in PDF format.
