Part III Supplemental Information. Provide the information required in Part I, line 2, Part III, column (b), and any other additional information.**Part I, Line 2 - Procedures for Monitoring the Use of Grant Funds**

In most instances grants are made following the completion of the activity or event that is eligible for a grant. When an application is filed it includes the costs of the activity or event that are eligible for a grant. In a small percentage of grants half the funds are paid before the activity has occurred and the remaining half is paid once the activity is completed and the costs have been submitted. Because of this process, monitoring activities after the issuance of a grant is typically not necessary.
