Return Reference	Explanation
Part X, Line 2	The Coalition adopted the recognition requirements for uncertain income tax provisions as required by generally accepted accounting principles, with no cumulative effect adjustment required. Income tax benefits are recognized for income tax positions taken or expected to be taken in a tax return, only when it is determined that the income tax position will more-likely- than-not be sustained upon examination by taxing authorities. The Coalition believes that income tax filing positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse affect on the Coalition's financial condition, results of operations, or cash flows. Accordingly, the Coalition has not recorded any reserves or related accruals for interest and penalties for uncertain income tax positions at December 31, 2015 or 2014.
