PART X, LINE 2 - FIN 48 FOOTNOTE	Accounting principles generally accepted in the United States of America require management to evaluate income tax positions taken and accrue an income tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management has evaluated the income tax positions taken and concluded that as of December 31, 2013 there are no uncertain positions taken or expected to be taken that would require accrual of a liability in the consolidated financial statements. The Association and NMI are subject to routine audits by taxing jurisdictions, however, there are currently no audits in progress for any tax periods. Management believes the Association is no longer subject to income tax examinations for years prior to 2010.
