Part X FIN48 Footnote	The Company is not subject to income taxes in accordance with the Income Taxes topic of FASB ASC (formerly FIN 48). The Income Taxes topic of FASB ASC 740-10 clarifies the accounting for income taxes, by prescribing a minimum recognition threshold a tax position is required to meet before being recognized in the financial statements. It also provides guidance on derecognition, measurement and classification of amounts relating to uncertain tax positions, accounting for and disclosure of interest and penalties, accounting in interim periods, disclosures and transition relating to the adoption of the new accounting standards. The Company adopted FASB ASC 740-10 as of January 1, 2009, as required, and determined that its adoption did not have a material impact on the Company's financial position and results of operations. Management has evaluated significant tax positions of its consolidated for-profit subsidiaries against the criteria established by professional standards and believes there are no such tax positions requiring accounting recognition in the financial statements. Management does not believe its evaluation of tax positions will significantly change within twelve months of December 31, 2015. Any changes in tax positions will be recorded when the ultimate outcome becomes known. The Company's income tax returns are subject to examination by taxing authorities generally for the years ended December 31, 2012, 2013 and 2014.
