Part I, Line 3c - Charity Care Eligibility Criteria (FPG Is Not Used)	UHC does maintain a formal Financial Assistance/Charity Care policy Charity care is provided to those patients where the household income (defined as income for the patient and any related guarantor as listed on the most recent Federal Tax Return) is at 200% or below federal poverty guidelines as published annually by the Community Service Administration in the Federal Register and where there are not substantial cash convertible assets or disposable income Charity is predicated on the patient seeking Medicaid eligibility and fully cooperating with hospital staff (provide bank statements, proof of income, etc) Medicaid eligibility may be reevaluated each month or in connection with new services provided during the approved charity period (6 months) If a patient qualifies for Charity care assistance, 100% of the billable charges are eliminated UHC will provide an "amounts generally billed" (AGB) discount to true selfpay patient balances due, regardless of income levels Accounts will be reviewed to verify no other insurance/third party is responsible for balance due The AGB is not applicable to WC, MVA, cosmetic or cardiac rehab phase III balances Patients requesting a discount on balances due can receive a 20% discount for payment in full The discount can be applied on any balance, including balances after the AGB discount has been applied

Form and Line Reference	Explanation
Part I, Line 6a - Related Organization Community Benefit Report	UHC community benefit numbers are reported in total with the other hospitals within West Virginia United Health System. The 2015 amounts can be found at the following web address: http://wvumedicine.org/about/2015-community-benefit/ Part I, Line 7 - Methodology Used to Estimate Cost of Financial Assistance and Certain Other Community Benefits UHC used the cost to charge ratio calculation based on the filed cost report to calculate Charity Care, Unreimbursed Medicaid and other means-tested government programs at cost. Bad debt expense was excluded from total expenses to calculate the percent of total expenses.

Form and Line Reference	Explanation
Part III, Line 2 - Methodology Used To Estimate Bad Debt Expense	Patient receivables are reported at net realizable value. Accounts are written off when they are determined to be noncollectable based upon management's assessment of individual accounts. The allowance for doubtful collections is estimated based upon a periodic review of the accounts receivable aging, payer classifications, and application of historical write-off percentages. The estimated cost of services provided that ultimately result in bad debt expense are estimated utilizing the cost-to-charge ratio as determined by the filed cost report for the corresponding tax year related to this Form 990.

Form and Line Reference	Explanation
Part III, Line 3 - Methodology of Estimated Amount & Rationale for Including in Community Benefit	UHCs cost of providing services to those patients that ultimately result in bad debt expense is considered a community benefit because we are relieving a government burden by providing care to these patients without consideration for that patients ability to pay for these services. In the majority of cases, the determination of the patients ability to pay is not made until well after the services have been provided.

Form and Line Reference	Explanation
Part III, Line 4 - Bad Debt Expense	See Footnote 2 of the attached audited financial statements for further explanation of bad debt expense

Form and Line Reference	Explanation
Part III, Line 8 - Explanation Of Shortfall As Community Benefit	The Medicare allowable costs of care are estimated utilizing the cost-to-charge ratio as determined by the filed cost report for the corresponding tax year related to this Form 990

Form and Line Reference	Explanation
Part III, Line 9b - Provisions On Collection Practices For Qualified Patients	UHC does maintain a formal Credit & Collections policy. The policy reiterates that care will be provided to all patients that present to UHC regardless of their ability to pay for such services. The policy describes payment discounts that may be available as well as description of other financial assistance programs at UHC (e.g. Charity Care) and the option of payment plans. The policy does describe collection practices and procedures that may be followed by the UHC staff should a patient not cooperate in the account resolution process. The Hospital's Charity Care policy was described in Part 1, Line 3c.

Form and Line Reference	Explanation
Part VI - Needs Assessment	UHC gathers secondary data - information already gathered by the U S Census Bureau and the West Virginia Department of Health - to determine some of the key risk factors facing residents in the communities served In addition, UHC conducts primary research in the form of one-on-one interviews with community leaders and the leadership of key public and private, voluntary health and welfare organizations

Form and Line Reference	Explanation
Part VI - Patient Education of Eligibility for Assistance	UHC maintains a formal Financial Assistance Policy Identification of financial assistance is provided through Financial Counseling, Registration, Patient Accounts Representative, Credit Counselors and/or other Associates in the Patient Accounts Department This policy is also available for review at www.uhcwv.org

Form and Line Reference	Explanation
Part VI - Community Information	UHC defines its primary service area as Harrison and Doddridge Counties (West Virginia) The primary service area is comprised of approximately 75,000 people UHC's secondary service area includes Lewis, Upshur, Taylor, Gilmer, Braxton, Webster, Marion and Barbour Counties There are approximately 150,000 people in the secondary service area Located in mostly rural West Virginia, over 15% of the residents located in the UHC service area fall below the Federal Poverty Guidelines Over 50% of the patients treated by UHC are Medicare eligible and over 15% of the patients treated are eligible for Medicaid assistance

Form and Line Reference	Explanation
Part VI - Community Building Activities	UHC supports Health Access, a free health care clinic that it helped organize. The clinic serves indigent members of the community. In 2015, UHC provided free health care worth more than \$1 million to the clinic and its patients. Many hospital associates and medical staff, including residents, volunteer their time at the clinic. In addition, UHC conducts diabetes support groups and education for adults and youth. UHC staff interacts with several community organizations by donating time to serve as educators and community or board members. UHC Respiratory Care, Pharmacy, and Nursing departments along with American Lung Association co-sponsor an annual statewide asthma camp for children ages 8-13 to promote the development of self-management skills. Family medicine residents teach sex education classes for area schools as well as performing physical exams for student athletes. Family medicine residents also conduct our local Shriner Orthopedic Screening Clinic and also conduct weekly obstetric clinics at the Harrison and Doddridge County Health Departments. UHC also provides administrative facilities for American Cancer Society and provides classrooms for groups such as American Red Cross to hold blood drives. See Part III of Form 990 for further description of community building programs that UHC participates in, funds, and/or supports. UHC's board of directors is a community board, comprised of 20 members living in the UHC primary service area. Our medical staff is an open medical staff comprised of primarily private groups and physicians. As physician recruiting has become more difficult in rural areas, UHC has also been forced to employ a number of physician specialists as well as partner with the West Virginia University School of Medicine and its faculty plan to provide other necessary physician services.
