Schedule I, Part I, Line 2 Procedures for monitoring use of grant funds	Black Achievers Scholarships - All participating high school seniors who were program participants as of the beginning of the previous school year are eligible for scholarships and/or cash awards. Scholarship recipients must complete a two-phase application process that includes submission of their high school transcript, SAT test scores, an essay that elaborates on the students' aspirations, career options, and strengths and weaknesses. The second phase of the application is an interview process. A point system is followed by the Scholarship Committee to evaluate and rank each applicant on the above areas. Payments are made directly to the college or university which the student will be attending after proof of acceptance is supplied to the Scholarship Committee. Cash awards are also made directly to the college/university each participant is attending on their behalf based on the number of career cluster meetings they have attended since their junior year of high school. Stokes Family YMCA College Scholarships - Applications from local high school seniors are accepted and evaluated by a group of volunteers and staff based on financial need, scholastics, community involvement, volunteer hours, YMCA involvement and spirituality. Finalists are chosen from the applications - 3 from each high school - and interviews are conducted. Three recipients are selected based on how they present themselves in the interviews, if their financial needs have changed, and how they plan to use the scholarship if selected. Cash awards are made directly to the college/university of each recipient to be used for tuition only.

Form 990, Part III, Line 4a HEALTHY LIVING (CONTINUED)	13 The Stokes Family Branch offers Wise Start, a grant-funded outreach program that focuses on improving health and development to children birth to five in child care centers throughout Stokes County. A coordinator travels to sites delivering age-appropriate physical activities for children and staff using the evidence-informed Be Active Kids Movement Guide. Participation over the course of the year included 505 children at 12 different sites, 56 classrooms, and 61 teachers. 14 Physical Education is a critical component to helping children succeed not only in an academic setting, but also establish lifelong healthy habits. The Yadkin Family YMCA partners with Yadkin County Schools for students who attend Yadkin Early College to utilize the YMCA facility for physical education activities, serving approximately 30 children each month during the school year. 15 In 2015, the YMCA provided transportation to a group of 12 developmentally disabled students, a teacher and caregivers from the Enrichment Center to the William G. White Jr. Family YMCA (WGW) to participate in group fitness classes. These classes consisted of Zumba, Body Pump, and water aerobics. An Enrichment Center staff has been trained and certified to teach group exercise classes at the Enrichment Center to add wellness to their curriculum. The program was later broadened to include an additional day each month so that students could volunteer at WGW. The students greet members as they enter the facility to help the students build confidence when speaking to others and increase their overall social interaction skills. 16 The YMCA provides nursery and child watch services (children ages 3 months-5 years) so that parents and older siblings may participate in YMCA health and wellness activities. Parents are able to exercise in any area of the building including fitness centers and pools, take group exercise classes, and socialize with friends with the peace of mind that their child is safe and having fun with Y staff. This time allows parents to focus on themselves so they can return to their families refreshed and better equipped to support their families. 17 The aquatic environment offers a much needed diverse change in everyday life for those with special needs. It opens up opportunities and structure for those challenged in many ways. We work with other agencies and schools to offer a safe, fun environment for mental and physical classes in structured swimming. From autistic individuals, to those with sight impairment, everyone is welcomed to our aquatic environment to learn and grow from their experiences. We have many participants in our YMCAs that also participate in Special Olympics and the Piedmont Plus Senior Games. 18 Warm water recreational activities/exercises help improve exercise options for daily living and provide rehabilitation activity for those recovering from severe physical impairments. Warm water activities also improve range of motion and joint mobility for people with arthritis or senior citizens who wish to improve their level of fitness, as well as aiding in socialization opportunities. 19 The Active Older Adult Program develops seniors into an active, health-conscious social circle of friends and participants. This program is structured for active (or not so active if they so choose) older adults. Organized trips are planned on a monthly basis from September through May for both YMCA members and non-YMCA members. The group is encouraged to attend free monthly health-related workshops presented by various professionals from Wake Forest Baptist Health and Best Health. Fitness classes developed especially for older adults are also available. During 2015, 10,514 Senior, Silver Sneakers, Silver & Fit, and Active Older Adult members met new friends and maintained their health at Y branches. 20 The N.C. Senior Games are an opportunity for senior citizens to continue their passion for competition and athletic pursuits. The Y supports seniors through training programs and regional competitions so that they are in the best possible shape to compete. The Wilkes Family YMCA is also instrumental in the Blue Ridge Senior Games to provide this opportunity for seniors in their community. 21 Believing that a part of healthy living involves healthy family relationships, YMCA Adventure Guides is a father-child program designed to help foster understanding and companionship, and to strengthen the relationship between children and their fathers. Participants join a "Circle" of other father/child groups and participate in games, camping trips, ceremonies and family adventures. Adventure Guide compass points - family, nature, community, fun and the YMCA character development values - provide a sense of direction and inspiration for activities. The immediate gain of YMCA Adventure Guides is evident - spending time together - but the long term gains are even more significant in the relationships built between parents and children. In 2015, this program served 271 fathers and 386 children. 22 Aquatic safety and lifeguard training provides opportunities for individuals to further develop aquatic safety skills for YMCAs, local pools and homeowners' associations. Classes are offered throughout the year. 23 YMCA programs are designed to attract people of all ages, all abilities and all incomes. Financial assistance policies help all people gain access to the YMCA, regardless of income level. During times of financial struggle are often when people need a place to belong, relieve stress in a supportive, healthy environment, and maintain the best possible health. Our financial assistance program allows the Y to ensure our doors are always open for all members of our community, particularly in times of need.

Form 990, Part III, Line 4b YOUTH DEVELOPMENT	Child Care 1 Before/after and out of school programs provide child care for children 5 - 15 years of age meeting the needs of working parents during the school year. Programs include sports, group games, values education, asset development, healthy snacks and tutoring while serving 2,480 youth (365 before school and 2,115 after school) from 50 schools at 36 school sites, 5 YMCA branches, and two community centers. Parent Advisory Committees and the YMCA Model Child Care Curriculum help guide and direct the Before/After School Child Care Programs. 2 In 2015, the YMCA provided a nutritious healthy snack to 18 mainly at risk after school care sites. Overall the food grant program served approximately 610 children and was possible due to funding from the NCDHHS Child and Adult Care Food Program. In addition to the healthy snack, the kids also participated in physical activities and healthy lifestyle tutoring. 3 Thanks to a grant from Walmart via YMCA of the USA, we served healthy snacks including fruits, cereal, vegetables and yogurt at some of our after school sites and all of our Summer Learning Academies. On average, 700 snacks were served each week. 4 Through collaboration with the Second Harvest Food Bank, we operate a Kids Cafe in the LeDeara Crest apartment complex community. Kids Cafe is an after school program where students receive assistance with homework, enrichment activities and a nutritious dinner. During 2015, the Cafe served an average of 20 students each week. 5 YMCA programs are designed to help children reach their full potential in a safe, supportive environment regardless of their family's circumstances. Financial assistance policies help all people gain access to the YMCA, regardless of income level. Education & Leadership 1 Learning should not stop when the school year ends. But some children will return to school in the fall more prepared to succeed than others. Statistically, students from families with fewer resources miss out on key developmental and enrichment opportunities, which can lead to summer learning loss of two months or more in key areas like reading and math. That achievement gap continues to expand over time. If students do not read on grade level by the end of third grade, the probability that they will graduate high school decreases dramatically. The YMCA Summer Learning Academy is working to change those odds. In 2015, 332 academically at-risk children attended the program, which expanded to 7 sites at local elementary (4-6 weeks) and middle schools (3 weeks). The program's elementary curriculum includes math and reading tutoring by certified teachers, health and wellness information on nutrition and physical activity, computer labs, and enrichment components such as science, character development, the arts and humanities, as well as educational field trips. The program's middle school curriculum included project based learning created by certified teachers and facilitated by staff during the three week programs. As part of the program, parents attended weekly meetings, offered in English and Spanish, which provided information on family topics like how to best communicate with teachers or support children in school. The program is available at no cost to families. Since similar YMCA programs began in 2007, more than 70% of the participants have increased and/or maintained their grade level in math and/or reading based on pre-/post-tests. 2 The goals of the YMCA's 21st Century Community Learning Centers' (CCLC) program are to provide a safe, structured, healthy after-school environment that focuses on academics in Title I schools for at-risk students and their families. The Title I schools being served are located in neighborhoods or serve students from neighborhoods that have many or all of the following risk factors stated below: (a) low achievement, (b) high poverty, (c) juvenile crime, (d) high level of students performing below grade level, (e) high drop-out rate, (f) high teen pregnancy rates, (g) high student mobility, (h) under skilled caregivers, (i) limited English proficiency, and (j) poor health and nutrition practices. In 2013 and continuing in 2014 and 2015, the Y became the lead contractor for NC State University in a 21st Century Community Learning Center (Juntos) with a focus on middle and high school Hispanic and Latino students. The combined programs (Juntos and the Y's 21st CCLC) serve two high schools, three middle schools, and three elementary schools during after-school hours Monday through Friday with a current enrollment of approximately 420 students, but more than 800 students served throughout 2015. The program components consist of homework assistance and tutoring, STEM (science, technology, engineering and math) activities, a healthy snack, physical fitness, health emphasis, enrichment, and family nights. The programs aim to lower the achievement gap, reduce disciplinary actions and involvement in juvenile crime, improve school attendance, increase parental involvement, improve health and nutrition practices and provide strong character development opportunities.

Form 990, Part III, Line 4b YOUTH DEVELOPMENT (CONTINUED)	3 Our Youth & Government Program introduces local middle and high school students to the legislative process of city, county, state, national, and international governments through a hands-on approach. Programs such as Youth Legislature (culminating with a weekend trip to the state capital in Raleigh where the students author, introduce and vote to accept or reject bills of their own creation), Conference on National Affairs, and Model United Nations enable young people to prepare for moral and political leadership through training in the theory and practice of developing public policy. Students sharpen their leadership skills and improve their problem solving and critical thinking abilities while becoming more adept at debating and public speaking. In 2015, 522 students from middle and high schools within our Association participated in these programs, many returning home with recognition awards and having been elected to a state office by their peers. 4 The Black Achievers Program gives teens (9th - 12th grade) in Forsyth County direct access to 46 volunteer leaders (Adult Achievers) representing business and industry, public health and safety, education and community based organizations. Our volunteers serve as role models and nurturing figures who emphasize the importance of education. The program provides career exploration with student achievers working with Adult Achievers to learn about different career paths - architecture and engineering, health and medical, business, education, computers, etc. College preparation is encouraged with SAT preparation and college tours being a part of the nine-month program. The Achievers program has 14 school club offerings where students meet monthly and participate in workshops onsite as well as offsite field trips and college tours. The graduating teens compete for college scholarships and awards. In 2015, 13 seniors received scholarships totaling \$27,050. The Latino Achievers program is a mentoring program for Hispanic students in the 7th-12th grades. The program is designed to address the growing drop-out rate of Hispanic students in Forsyth County high schools. The program is offered at Reynolds, North Forsyth, East Forsyth, Mt. Tabor, West Forsyth, Carver, Kennedy, Glenn and Parkland Magnet High Schools as well as East Forsyth middle and South East Middle school. Latino Achievers partner with Hispanic and bilingual professionals (Adult Achievers) in career fields such as finance, media/communications, business, health/medical, education, and law/government to encourage academic achievement, social development and personal growth among Hispanic youth. Latino Achievers uses a career-based curriculum where students meet during school hours once a month, as well as a diverse choice of monthly educational field trips and an end-of-year recognition banquet. In 2015, 807 teens got a taste of post-secondary education and career options while learning the tools they need to succeed through these two Achievers programs. The Achievers Programs are funded by United Way and also sponsored by the Hispanic League of the Piedmont Triad. 5 In 2015, the Stokes Family YMCA was selected as the managing agent to deliver the After-School Quality Improvement Grant (QIG) with the Stokes County School System serving as the fiscal agent. The program is a state pilot program funded through the Department of Public Instruction which focuses on homework assistance through certified teachers, STEM learning, reading/literacy and other enrichment activities for elementary age students. The grant provides funds to offer this free program to 125 students during the school year and 100 during the summer months to help close the achievement gap and prevent summer learning loss. 6 Helping children become strong leaders for the future is a community effort. The YMCA takes a proactive approach to mentor-ship and leadership development programs and provides financial assistance so that all have access, regardless of income level. Swim, Sports & Play 1 Team sports are provided at both the youth and adult levels. In 2015, the youth basketball program had 3,237 boys and girls under the age of 18 participate. Each child played a minimum of one-half of each game with a values session conducted before each game. The program collaborates with local school systems and churches in order to have adequate gym space. Other team sports include youth soccer (2,334), flag football (762), youth baseball (652), volleyball (419), and lacrosse (181). These youth teams were led by over 900 volunteer coaches. With all YMCA sports, the intent is for the participants to have fun while learning to play the sport in an environment that places winning as secondary. Parents and volunteers work together to make each season special for every team member. 2 Swim lessons teach aquatic skills to youth and adults (ages 6 months through senior citizens). Swimming is a life-long activity that improves health and fitness in addition to teaching kids and families to be safe in and around water. At the Davie Family YMCA, a partnership with the Davie County Schools and the United Way of Davie County provides every 2nd grade student with the opportunity to learn how to be safe in and around water through the Water Safety Education Program. In 2015, 466 students received this instruction at a value of over \$55,000. 3 Over 200 children and adults of all income levels took part in a free week of water safety awareness/swim lessons at the Wilkes Family YMCA in 2015. A partnership with the Wilkes County Schools' More at Four Program also provided swim lessons for 450 pre-K students. These free services have a value of over \$39,000 and are funded in part by the United Way of Wilkes County (\$22,000). 4 Developmental and competitive swimming provides activities for swimmers from four years old to adult through our swim team, TYDE. This program not only improves physical fitness and enhances aquatic skills, but also teaches the importance of teamwork, goal orientation and time management. Over 850 swimmers were directly involved with our year-round YMCA swim team with an additional 1850+ area summer league and club swimmers involved in YMCA sponsored competitive events. During 2015, our YMCA swimmers participated in various national events. Of 15 seniors on the TYDE team, 7 will be receiving college scholarships for their swimming efforts. YMCA aquatic facilities are also utilized by area high school swim teams for practices and competitions. 5 Sports, swimming and exposure to water safety are critical to children's development. YMCA programs provide financial assistance to help all people gain access to the YMCA, regardless of income level. Camping 1 Day camping provides full day recreational, educational and/or specialized child care for youth ages 5 - 13 (14 and 15 year-olds enter our Counselor-In-Training (CIT) Program to become summer camp counselors at age 16). Multiple day camp and sports camp sites across 5 counties provide a variety of opportunities during the summer for group games, swimming, and arts and crafts. Educational camp collaborates with local schools and summer school programs to provide a summer enrichment program. Sports camps teach basketball, soccer, volleyball and good sportsmanship skills. Approximately 1,300 youth were served most weeks through various day camping programs. 2 Resident camping is designed to help campers enhance their spiritual awareness, mental development, physical well-being, self-esteem, social growth, and respect for the environment. In 2015, summer camper weeks (one child attending camp for one week) at YMCA Camp Hanes totaled over 3,000. There were 95 teens participating in leadership development programs, 440 teen campers, and 275 American Diabetic Association campers. The goals of the program include teaching life skills while developing an appreciation of nature and an understanding of positive group living and independence. 3 Adventure trips, horseback riding, paintball and 5-stand skeet shooting programs are offered during summer camp sessions to give many youth their first experience with caving, white water rafting, horses, and gun safety. In 2015, almost 1,300 campers participated in these specialty programs while attending YMCA Camp Hanes. 4 The camp experience is monumental to many children's development. It builds confidence, individuality and self-esteem that stay with the child for the rest of their life. Without the YMCA's financial assistance, many families would not be able to provide a camp experience for children.
