Part III Supplemental Information

Provide the information, explanation, or descriptions required for Part I, lines 1a, 1b, 3, 4a, 4b, 4c, 5a, 5b, 6a, 6b, 7, and 8, and for Part II. Also complete this part for any additional information.

Return Reference	Explanation
Part I, Line 4b	The Vice Presidents, CFO, and CEO participate in the 457(f) Plan. The following participants received compensation through a 457(f) Plan: Bret Johnson, \$132,179 (from a related organization); Gregory Edwards, 30,275 (from a related organization).
Part I, Line 6	Goals are developed each year to support the organization's strategic initiatives for people, quality, financial, growth and service. The Ad Hoc Compensation Committee approves the system goals annually and reports to the full Board of Directors. Progress on each metric is reported to the Board each month on the corporate scorecard. At year end, the Ad Hoc Compensation Committee approves the final scorecard number and reports results to the full board. Annual incentives for the executives are based on 60% on the corporate scorecard and 40% on individual performance. Executives maintain an individual scorecard on the leader evaluation manager and discuss results monthly with the President/CEO. The President/CEO approves the individual executive scorecard. System Vice Presidents and the system CEO are eligible to participate in a long term incentive plan (LTIP). An LTIP plan typically takes place over a three year period and does not vest until the end of the third year. To receive payment, executives must still be employed by the system at the end of the plan period. Each LTIP plan has a financial and clinical objective that is aligned with the organization's strategic goals. Threshold, target, and maximum performance ranges are established for these objectives and are measured based on performance against similar organizations or compared to an internal metric such as an improvement over prior performance. These targets and objectives are approved by the ad hoc compensation committee. The incentive is earned based on the satisfaction of the threshold, target, or maximum performance ranges. The Ad Hoc Compensation Committee also approves the final LTIP performance score and the amount paid to executives under the plan. Results are reported to the full board annually.
Part I, Line 7	See the response to Line 6 above.
Part II, Line 1 Compensation from unrelated organizations	Carolinas Healthcare System provides the compensation of David L. Dunlap, CEO, Carealliance Health Services and Bret D. Johnson, CFO, Carealliance Health Services. Mr. Dunlap and Mr. Johnson are employees of Carolinas Healthcare System and their compensation is paid by Carealliance Health Services, a related organization, through a management fee to Carolinas Healthcare System. Additional information: CareAlliance Health Services has board representations from the 3 founding organizations: the Medical Society of SC (6 board members), Bon-Secours Health System, Inc. (6 board members), and Carolinas Healthcare System (1 board member). None of the 13 appointed board members receive compensation for their membership. Additionally, 4 of the 6 board members appointed by the Medical Society of South Carolina also serve on the Board of the Medical Society. None receive compensation for their services as a board member. It is the founding members' intent that the members of the Board of Directors are appointed to such positions because they have a willingness to serve the needs of the system as a whole and not the needs of any individual founding member.

Form 990, Part III, Line 4A	The Roper St Francis Foundation is the fundraising arm of Roper St Francis, a private, non-profit hospital system offering quality medical services to residents of seven coastal counties of South Carolina known as the Low country regardless of race, gender, national origin, creed, or ability to pay. The Foundation is charged with identifying, securing, and managing financial resources to support facility projects and healthcare services for the system's three hospitals, Roper Hospital, Bon Secours St Francis Hospital and Mt Pleasant Hospital, as well as 110 additional facilities located across the Low country. Gifts to the Foundation fill the gap between the healthcare system's operating revenue and the resources required to update our facilities, purchase the latest technology, and provide expanded access to care and other community health needs. In 2015, the Foundation raised more than \$9.8 million to improve the health and well being of Low country citizens and to advance the healthcare system's mission of healing all people with compassion, faith and excellence. Donor generosity helped to fund nearly 34 programs and departments within the Roper St Francis system impacting the greater Charleston community. These initiatives included the Maternal Fetal Medicine Center at Bon Secours St Francis Hospital, neuroscience and stroke services at Roper Rehabilitation Hospital, Roper St Francis Cancer Care, and nursing scholarships. The three largest program services supported by the fundraising efforts of the Roper St Francis Foundation in 2015 were: The Ryan White HIV Program, which receives federal, state, and local grants as well as support from private foundations, served more than 725 residents with HIV/AIDS through navigation, housing, and medication services. Roper Hospital received two grant awards from FEMA to move the hospital's fire pumps and backup generators above flood elevation. This will allow Roper Hospital to be a "shelter in place" facility in the event of a hurricane or other natural disaster. AccessHealth Tri-County Network received a grant to help the Low country's low income, uninsured patients find a "medical Home" where their primary care needs can be met. In 2015, AccessHealth focused on sparking collaboration with community health and safety net providers to improve health outcomes for nearly 3,700 clients receiving services. The Foundation's Board of Directors is an advisory board comprised of community leaders who provide guidance and advice regarding the fundraising mission of the organization. New members of the Foundation Board are nominated by the existing board and then, if approved, are elected by the Board of Directors of Roper St Francis Healthcare. Members of the Foundation Board of Directors and the Foundation's Executive Director sign an annual conflict of interest agreement administered through the healthcare system's governing Board of Directors.

Subject to certain nominating and governance committee approvals, six directors are appointed by the Medical Society of South Carolina (MSSC), Bon Secours Health Systems, Inc. Form 990, Part VI, Section B, line 15	An independent company, Towers Watson, provides research, advice and guidance to the compensation committee and senior leadership to ensure the organization's compensation programs for executives covered by the "Intermediate Sanctions Legislation" (IRC Section 4958) are aligned with its stated philosophy. Base salaries are targeted at the 50th percentile of the established comparator market, Total cash compensation (base salary plus annual incentive payments) are targeted at the 75th percentile of the established comparator market, Total direct compensation (total cash compensation plus long term incentive payments) will not exceed the 90th percentile of the established comparator market, Benefits are targeted at market median, and in aggregate, base salary, total cash compensation, total direct compensation and benefits comprise total compensation for executives. The compensation committee ensures that executive total compensation is reflective of the organization's stated compensation philosophy. The committee, in this process, authorizes and supports an annual three step process utilizing Towers Watson's resources: 1) Salary levels, annual bonus targets/payments and long term incentive grants are compared rigorously each year with market data based on comparable positions and organizations. A. Comparable organizations are typically not-for-profit healthcare systems with similar operating revenues. Private sector employer data, when available, are also included in the analysis for "transferable skills positions". B. Historically, performance incentive payouts generally track with a normal bonus payout distribution. Incentive goals are primarily based on formally defined quantitative goals approved by the ad hoc Compensation Committee of the RSFH Board of Directors. 2) All recommended pay decisions are tested against these data and the organization's stated compensation philosophy. 3) A formal opinion letter is prepared by Towers Watson, representing that senior executives are compensated within the reasonableness standards mandated by the IRS. A similar process is performed by Towers Watson for the CEO and CFO positions. This letter provides a "safe harbor" for the organization's "directors" relative to the reasonableness of total executive compensation consistent with IRC Section 4958.
