UNCERTAIN TAX POSITION	U S GAAP requires management to evaluate tax positions taken and recognize a tax liability (or asset) if the Organization has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. Management has analyzed the tax positions taken and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the consolidated financial statements. If the Organization were to incur an income tax liability in the future, interest and penalties would be reported as income taxes. The Organization is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.
