Part III

Statement of Program Service Accomplishments

Check if Schedule O contains a response or note to any line in this Part III

☒

1

Briefly describe the organization's mission

Our dedicated team puts the patient first, delivers quality cost-effective healthcare and promotes wellness to all we serve

2

Did the organization undertake any significant program services during the year which were not listed on the prior Form 990 or 990-EZ?

☐ Yes ☒ No

If "Yes," describe these new services on Schedule O

3

Did the organization cease conducting, or make significant changes in how it conducts, any program services?

☐ Yes ☒ No

If "Yes," describe these changes on Schedule O

4

Describe the organization's program service accomplishments for each of its three largest program services, as measured by expenses Section 501(c)(3) and 501(c)(4) organizations are required to report the amount of grants and allocations to others, the total expenses, and revenue, if any, for each program service reported

4a

(Code) (Expenses \$ 22,631,970 including grants of \$) (Revenue \$ 28,475,323)

In February, 2011, this Critical Access Hospital (CAH) patient care services were moved from the aging Allen Memorial Hospital to the current state-of-the-art Moab Regional Hospital location The move to an updated physical plant did not change the hospital's role and status as the leading healthcare facility in Southeastern Utah and the largest private employer in Grand County The hospital's bed license complement was reduced from 25 to 17 beds due to the move of the previous census of intermediate care residents to a new long-term care center This move made an additional six beds available for acute inpatients and obstetrical care The demand for both inpatient and outpatient services has increased significantly as the nearest tertiary hospital is over 100 miles away, making Moab Regional a key component to the health and well-being of the 9,322 Grand County residents who call the region home and the 2+ million annual visitors to the region All of the hospital's 17 acute care beds are also licensed as swing beds The Emergency Department is very busy due to the extreme nature of the recreational activities Moab is known for, as is the orthopedic department that can accommodate most injuries and elective procedures locally

4b

(Code) (Expenses \$ 571,519 including grants of \$) (Revenue \$ 921,896)

Moab Regional Hospital owns and operates the Moab Regional Medical Clinic, a family practice medical Clinic located on the grounds of the Moab Regional Hospital There is one physician practicing in the clinic in addition to a full complement of office and professional staff Hours of operation are Monday-Friday 7 00 am to 5 00 pm

4c

(Code) (Expenses \$ 249,915 including grants of \$) (Revenue \$ 213,745)

Grand County Hospice, an affiliate of Moab Regional Hospital, provides comprehensive compassionate end-of-life care for patients in the area Hospice providers visit homes with the goal of helping patients maintain the highest quality of life possible in their final days of life Absence of this program in the community would create a difficult situation at the very time when these services are most needed

Section A. All Supporting Organizations

	Yes	No
1 Are all of the organization's supported organizations listed by name in the organization's governing documents? <i>If "No," describe in Part VI how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.</i>		
2 Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? <i>If "Yes," explain in Part VI how the organization determined that the supported organization was described in section 509(a)(1) or (2).</i>		
3a Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? <i>If "Yes," answer (b) and (c) below.</i>		
b Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? <i>If "Yes," describe in Part VI when and how the organization made the determination.</i>		
c Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? <i>If "Yes," explain in Part VI what controls the organization put in place to ensure such use.</i>		
4a Was any supported organization not organized in the United States ("foreign supported organization")? <i>If "Yes" and if you checked 11a or 11b in Part I, answer (b) and (c) below.</i>		
b Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? <i>If "Yes," describe in Part VI how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.</i>		
c Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? <i>If "Yes," explain in Part VI what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.</i>

Return Reference	Explanation
Part X, Line 2	The Hospital is organized as a Utah nonprofit corporation and has been recognized by the Internal Revenue Service as exempt from federal income taxes under Internal Revenue Code Section 501(c) (3). The Hospital is required to file an annual Return of Organization Exempt from Income Tax (Form 990) with the IRS. In addition, the Hospital is subject to income tax on net income that is derived from business activities that are unrelated to its exempt purpose. The Hospital has determined it is not subject to unrelated business income tax and has not filed an Exempt Organization Business Income Tax Return (Form 990T) with the IRS. The Hospital believes that it has appropriate support for any tax positions taken affecting its annual filing requirements, and as such, does not have any uncertain tax positions that are material to the financial statements. The Hospital would recognize future accrued interest and penalties related to unrecognized tax benefits and liabilities in income tax expense if such interest and penalties are incurred.

Form and Line Reference	Explanation
Part II, Community Building Activities	Line 1 Moab Regional Hospital provided housing support for the AmeriCorps VISTA volunteer who helps design and implement community benefit programs on behalf of the hospital. AmeriCorps VISTA members volunteer for an organization for one calendar year, unpaid. Line 2 Moab Regional Hospital is a member of the Moab Chamber of Commerce, and hosts an annual luncheon at the hospital to support local business development and collaboration. The hospital also supports the Chamber's annual fundraiser banquet that supports local business development and also sponsors the Chamber's golf tournament to help support the Chamber's scholarship program. Line 3 Moab Regional Hospital made financial contributions to eight (8) local organizations in 2015. These organizations included youth-oriented organizations, mentoring programs, the local education foundation, mental health/behavioral health treatment center, and the local domestic violence shelter. The funding provides crucial program support to agencies who make important impacts on the local community. Line 6 The Moab Regional Hospital Community Relations Director participates in the Moab Community Action Coalition. This coalition primarily focuses on utilizing community resources and organizational collaboration to reduce youth alcohol and substance misuse. The Hospital does not track the expenses related to this event. Line 8 Moab Regional Hospital participates in the Grand County High School Career Fair each year. MRH staff such as nurses, radiology technologists and administrative personnel provide information to high school juniors on career development and pursuing careers in the medical field. The Hospital does not track the expenses related to this event. Line 9 A Participation in "Reality Town" at Grand County Middle School. Reality Town is designed to teach middle school students about the expenses of real life by assigning jobs and salaries based on GPA, and then letting students attempt to live in "Reality Town" where there are a variety of booths that reflect real world needs like housing, insurance, healthcare, clothing, groceries, and transportation. Students draw a card at each booth that gives them a scenario, and at the MRH booth that scenario is centered around teaching the impact of having health insurance, and the card might read, "You just broke your leg, pay \$50 with insurance or \$500 without insurance to emergency room". The student then writes out a check for the amount due, and balances their check book to see the financial impact. Students with a high GPA may have a job that provides insurance or may have an income high enough to purchase insurance. Students with lower GPA's quickly see how low-earning jobs often don't provide for real-world needs. The Hospital does not track the expenses related to this event.

Form and Line Reference	Explanation
Part III, Line 2	Bad debt expense on line 2 is reported at charges

Form and Line Reference	Explanation
Part III, Line 3	The Hospital determined the estimated amount of bad debt attributable to patients eligible for charity care by reviewing their records for the percentage of patients that would have been eligible had they completed the financial assistance process. The Hospital estimated 25% of its bad debts would have qualified.

Form and Line Reference	Explanation
Part III, Line 4	The footnote to the Organization's financial statements can be found on page eight of the attached audited financial statements

Form and Line Reference	Explanation
Part III, Line 8	Services are provided to patients under the Medicare program knowing that not all costs associated with providing these services will be recovered Providing these services is essential to these patients and the community and increases their access to healthcare services Therefore, the entire Medicare shortfall is considered a community benefit Medicare allowable cost is based on the Medicare cost report The Medicare cost report is completed based on the rules & regulations set forth by Centers for Medicare and Medicaid Services

Form and Line Reference	Explanation
Part III, Line 9b	It is the policy of Moab Regional Hospital to utilize a collection agency as a resource for collecting bad debt. All patients will receive a monthly statement regarding any open balances on their accounts. The patient will receive two statements approximately 30 days apart. The third statement at 90 days will be stamped FINAL NOTICE. At 120 days after the first billing if the open balance has not been addressed by the patient these accounts will be forwarded on to the collection agency for additional action i.e. accruing interest, garnishing of wages and legal action if necessary. If at any time during the collection actions the collection agency determines the patient would be potentially eligible for financial assistance, the agency will encourage the patient to contact the Hospital to apply for financial assistance. Once the patient contacts the Hospital, the account is immediately moved to "applying for assistance" status and no further collection actions are taken. The patient then has an additional 120 days to complete the financial assistance application. If the individual receives discounted care, the remaining self-pay portion is moved to an interest-free monthly payment plan. If after six months there are no further payments made the Hospital contacts the patient to determine if the patient needs to lower their monthly payment and increase the payment timeline.

Form and Line Reference	Explanation
Part VI, Line 2	In addition to the Community Health Needs Assessment conducted every three years the hospital reviews local third party health data, such as data from the Health Department and the Utah Student Health Risk and Population (SHARP) Survey MRH also collects feedback from patients to help improve services

Form and Line Reference	Explanation
Part VI, Line 3	The hospital posts its charity care policy, or a summary thereof, and financial assistance contact information in admissions areas, emergency rooms, and other areas of the organization's facilities in which eligible patients are likely to be present. It also provides a copy of the policy, or a summary thereof, and financial assistance contact information in its admission packet as part of the intake process. A copy of the policy, or a summary thereof, and financial assistance contact information to patients are also included with discharge materials. Assigned hospital staff also discusses with the patient the availability of various government benefits, such as Medicaid or state programs, and assists the patient with qualification for such programs, as applicable.

Form and Line Reference	Explanation
Part VI, Line 4	The hospital's defined service area extends out approximately 70 miles in all directions capturing a service area population of approximately 16,350. The entire service area is rural or frontier in nature. It includes the settlements of Moab (7,500), Green River (1,500), Thompson (100), La Sal (250), Monticello (3,000), and Blanding (4,000). Most all of these communities have agriculture, mining, or tourism as a primary economic base. Small hospitals serve Monticello and Blanding, but major surgical and ancillary services are provided in Moab. The larger communities in Colorado - Cortez and Grand Junction - offer secondary care hospitals, but are 100+ miles away from any of the communities described. Grand County is primarily driven by a strong outdoor recreation-based tourism industry. Although local tourist attractions draw a steady influx of visitors of over 2+ million annually and generate substantial local revenues, Grand County's rural location and low industrial diversity has impeded the development of major growth drivers outside of tourism. Unemployment in the County exceeds Utah and U.S. level, and the lack of high paying industries corresponds to below average household income levels. The median age of Grand County's population is 39.4 years compared with Utah's population at 29.5 years and the U.S. figure of 36.8 years. Annual average household income for Grand County is \$50,331, compared with \$68,450 and \$67,315 for Utah and the U.S. respectively. Approximately 32% of the County's households' income levels fall under \$25,000 threshold. Educationally, 29.9% are high school graduates, 30.3% have completed Associates degrees, and 14.7% hold Bachelor's degrees with 8.3% having earned advanced degrees at the Masters or Ph.D. levels. Approximately 33.5% of the hospital's patient mix is Medicare with 13.6% covered by the Medicaid program.

Form and Line Reference	Explanation
Part VI, Line 5	The hospital's governing body is comprised exclusively of citizens residing in Moab, most of whom have been residents for decades. The members bring an excellent mix of skills and experiences to the Board that well serve the needs of the hospital. Current Board members include a retired Health Department administrator, Grand County School District administrator, two Physicians, and four business owners. The hospital extends membership and, accordingly, medical staff privileges to all qualified physicians in the community who qualify. Excess funds from operations are applied to educational programs designed to address specific needs of the community such as substance abuse, youth health professional education, diabetes, childbirth, chronic disease/cancer, and nutrition. The hospital offers an infusion therapy program for cancer patients, mitigating the need for the patient to travel a minimum of three hours (round trip) for chemo treatment. Emergency room services are available to all regardless of ability to pay. The hospital serves as a site for the clinical training of nurses, and residents in family medicine, general surgery, and orthopedic surgery needing to complete a rural rotation. The hospital is a sole community provider with the nearest (smaller) hospital approximately 55 miles away. The hospital's dietician and select nursing and administrative personnel are very active in multiple community initiatives to address substance use, behavioral health, underage substance use, and diabetes prevention. The hospital also sponsors or hosts health fairs, blood drives, and community initiatives focusing on specific community needs. The hospital also regularly partners and provides support to the local free health clinic. Medical Tent at Moab Half Marathon. Each year 5000+ out-of-town runners visit Moab to participate in three half marathons run throughout the year. Located at the finish line of each race, the medical tents are staffed by Emergency Department physician and nurses who are available to attend to a variety of medical needs, from dehydration to blisters. Nurses are also stationed along the last part of the race course to look for runners who may experience cardiac events near the finish line as they finish the race. By addressing many of the issues at the finish line of these races, it has kept the MRH emergency room from becoming overwhelmed. Community Health Fair. Moab is an isolated rural community located over 100 miles away from a major city. As such, many people don't have easy access to health information and specialists located outside our small town. In February 2015, Moab Regional Hospital provided a health fair that brought together a variety of health providers from around the region to set up booths and provide information to community members who attended. Low cost blood draws and screening tests were offered the month prior to the health fair, and approximately 400 community members participated in the low cost blood draw opportunity and attended the event. Skinny Tire Festival and Century Tour Aid Station. Moab Regional Hospital staffs two aid stations per year for Skinny Tire Events, a local organization who raises money for cancer support and research. During each race, MRH provides an aid station where bikers can re-fuel on food and water and address any medical or mechanical issues. Dinner with a Doc Program. Moab Regional Hospital provides free educational access to medical specialists and healthcare providers through its Dinner with a Doc program. In 2015, MRH hosted three community dinners for Sleep Disorders, Oncology Prevention and Wellness, and Spinal Health and Wellness. These events served over 100 community members. Diabetes Education. In 2015, Moab Regional Hospital hosted two free four-day Diabetes Education classes. The hospital partnered with a visiting endocrinologist and a local pharmacist to increase the educational components of the class. Two registered Diabetes Nurse Educators provided information on exercise, nutrition and medication management. Youth Health Education. Moab Regional Hospital partnered with the local afterschool youth program, BEACON, to provide a hands-on day of heart health education. The hospital's AmeriCorps volunteer also served as the head coach for the middle school's Girls on the Run program for 12 local girls. MRH also provided one day of maturation education for the 5th graders at the local elementary school. Breast Cancer Awareness. Moab Regional Hospital provided low-cost mammography vouchers during the month of October to uninsured women who did not qualify for the Health Department's mammography voucher program. MRH also sponsored a mammography awareness campaign in the local papers and on social media. Moab Community Action Coalition. Moab Regional Hospital Community Relations Director serves on this coalition that primarily focuses on reduction of youth drug and alcohol use, teen pregnancy, and other youth issues.
