Activity One

Aspiration connects nonprofit organizations with software solutions that help them better carry out their work.

We want social change organizations to obtain and use the best tools to maximize their effectiveness and fully realize their missions.

We connect and strengthen software developer and nonprofit user communities by designing, facilitating, and hosting innovative nonprofit technology events.

We are building the Social Source Commons to map out the range of available software tools for nonprofits, and link together the rich array of unconnected technology information resources nonprofits depend on every day.

We provide a range of capacity building services for nonprofit software projects and grassroots users, working with software producers to get better tools developed, and working with nonprofits to help them better leverage appropriate technology.
