990 Schedule O, Supplemental Information

Return Reference	Explanation
Form 990, Part VI, Section B, line 11	Form 990 financial information is developed by Accounting personnel and reviewed by the CFO. The rest of the content is provided by the CFO and is reviewed in full when a draft is available from outside accountants. A copy of the draft Form 990 is distributed to the entire Board of Directors for their review and discussion before filing.
Form 990, Part VI, Section B, line 12c	Annually, all directors and management team members disclose in writing to the President, the other directors and the OPUC (Oregon Public Utility Commission), on such forms and in such formats established by the directors and the OPUC, any relationships that may be deemed a "direct or indirect conflict of interest," as defined by state law and in our conflict of interest policy and as may be amended and interpreted from time to time. Any such disclosure shall be duly recorded in the minutes. If the member makes full disclosure of the nature and details of the conflict, the member may thereafter engage in any discussion on the matter and may vote, unless the board of directors believes that the nature and extent of the conflict of interest warrants the director's exclusion from either or both the discussion and vote. If the member does not make full disclosure, he or she thereafter must leave the meeting room during any discussion or vote on the matter. The organization ensures that each director and employee has filed a disclosure form annually. Any director who fails to comply with disclosure requirements may be removed by the Oregon Public Utility Commission.
Form 990, Part VI, Section B, line 15	Compensation Program Summary. Energy Trust strives to compensate employees in a manner that provides a competitive advantage in attracting and retaining extraordinarily talented individuals. Energy Trust encourages and rewards high-performing individuals who excel in their position and therefore contribute to the company's success. To keep the compensation program targeted to the market trend, Human Resources will annually review the compensation program. Last reviewed Spring 2015. Base Salary. An employee's base compensation is determined by various components: job skills, experience, performance in the job, comparable worth of the position within the company, general market and geographic location. The compensation structure has salary grades and the employee's position is slotted to the appropriate salary grade. Starting base compensation for employees generally targets the midpoint or below of Energy Trust's salary grade which corresponds with the market average. Last reviewed Spring 2015. Salary Surveys. Salary survey data, which is updated at least biennially, is extremely helpful in maintaining our compensation structure. Energy Trust will continue to exercise considerable judgment and interpretation in our use of this data. Energy Trust currently utilizes the services of a compensation consultant who has access to several very detailed, professionally prepared salary surveys such as Milliman, Mercer, Kenexa and other related applicable surveys. In addition, custom survey data is obtained from organizations similar to Energy Trust. The last organization-wide salary survey utilizing the services of a compensation consultant was performed August 2013, updated for certain positions May 2015. Annual Review and Merit Program. Energy Trust generally has an annual review and merit process for performance evaluation and salary planning. It is the mechanism used by management to increase base salary to appropriately reward employees for their job performance. Last conducted Spring 2015, with changes effective February 1, 2015. Executive Director Review. The Board of Directors of Energy Trust annually appoints an Executive Director Review Committee, whose members are charged with the responsibility of reviewing the performance of the Executive Director and recommending any merit increase. This committee is composed entirely of individuals who do not have a conflict of interest with respect to the compensation arrangement. When the Executive Director Review Committee is considering compensation to the Executive Director, it also relies on the comparability data described above that demonstrates the fair market value of the compensation in question. Any merit increase recommended by the Executive Director Review Committee is voted on by the board in public. Approved at May 2015 board meeting, with changes effective February 1, 2015.
