VICTORIA S. AND BRADLEY L. GEIST FOUNDATION

FORM 990-PF, PART XV, LINE 2 MEDICAL RESEARCH

Overview

The Hawai'i Community Foundation's (HCF) Medical Research program makes grants annually to support basic and clinical research conducted in Hawai'i The overall goal of the program is to support a robust local medical research community that benefits the people of Hawaii In 2015, funds will be awarded through one grantmaking round. Award recommendations are made by the Medical Research Advisory Committee (MRAC)

The Medical Research program is supported by several funders including the George F. Straub Trust, the Victoria S. and Bradley L. Geist Foundation, and multiple funds at Hawai'i Community Foundation

The following are the program's areas of focus

- Clinical/basic research Alzheimer's disease, mental or physical diseases related to old age
- Clinical/basic research cancer, heart disease, or lung disease
- Clinical/basic research general
- Clinical/basic research immunology, genetics, or the medicinal uses of Hawaiian plants
- Clinical/basic research prevent blindness, with particular emphasis on macular degeneration
- Clinical/basic research type I diabetes (juvenile diabetes)

Grants in these areas are up to \$50,000

• Research infrastructure – This priority area is not a research project, per se, but is intended to improve Hawai's research organizational effectiveness. For example, support of organizational change, support new or existing research systems, or assist with inter-organizational collaborative efforts.

Grants in this area are up to \$25,000

Priorities

The intent of the Medical Research program is to support research proposals that are based on strong science and use proper protocols. Priority is given to research projects that

- Articulate biomedical relevance and potential to impact health care delivery to benefit the people of Hawai'i
- Are likely to lead to increased competitiveness for national funding by providing seed funding for gathering preliminary data
- Supports a new researcher or a new line of research in Hawai'i
- Are a collaborative effort in Hawai'i-based research

Award Period

• Researchers will have eighteen (18) months to complete their research project

Eligibility

Organizations are eligible to apply for a grant if

- Organization is a 501(c)(3) organization or a unit of government
- The PI is based in and is conducting their research in Hawai'i
- The PI is at least equivalent to an Assistant Professor
- Only one (1) grant proposal submission per PI will be accepted. This includes being identified as a Co-PI.
- A PI with a current grant may apply if the current grant is due to be completed within six (6) months of the RFP deadline date. However, if awarded, a new grant will not be released until the current grant is completed and all reports are received.

Please note: The MRAC that reviews all proposals includes scientists from a variety of disciplines in both basic and clinical research. Since your proposal may not be reviewed by a researcher in your specific discipline, the writing should be tailored for a more general medical/scientific audience.

Enhancements for Foster Children Request for Proposals

Background

The purpose of the Foundation's Enhancements for Foster Children program is to enhance the lives of foster children by providing items and services that allow them to enjoy a quality of life similar to that of their peers. - Grantees may propose an administrative fee for administering these funds.
- The grant period is from January 1 through December 31, 2016.

Supporting Foster Children and their Caregivers Request for Proposals

Background:

The Foundation wishes to support foster children and their caregivers. The Foundation recognizes that the appropriate resources and support for foster children and their caregivers contribute to healthier and happier lives. The Foundation offers this Request for Proposals to provide meaningful support for efforts that will result in supportive homes and experiences for Hawaii's foster children.

Funding Priorities:

Preference will be given to efforts that

- Support the recruitment, training and retention of quality foster parents;
- Support the continued relationships of foster children to their siblings;
- Address the unique needs of foster children or of their caregivers; or
- Empower foster children to participate in the decisions affecting their lives.

Eligibility Requirements:

- More than 50 percent of the individuals served by the program must be:
 - Children in the foster custody of a Hawai'i state government agency;
 - Children placed by a Hawai`i state government agency in therapeutic foster placement or in kinship, foster, respite, guardianship, permanent custody, or adoptive families; or
 - ° Their caregivers.

Grant Range, Duration, and Exclusions:

- Grants usually range from \$10,000 to \$50,000 per year.
- Requests are considered in relationship to the size of the organization's operating budget.
- Unless the organization's clientele are solely legally recognized foster children and their caregivers, administrative fees are capped at 5% per grant award. The Foundation reserves the right to determine those costs that are administrative and subject to the limited percentage.
- Commitments for up to three years will be considered, contingent on the submission of satisfactory progress reports.
- Capital requests and endowments will not be funded.

Proposal Review Criteria:

The strongest proposals will be those that meet all or most of the following criteria:
