Olin College's Collaboratory is an expanded effort to accelerate the transformation of engineering education - a nexus for the development and exchange of educational ideas and approaches to change the way engineering is taught across the world. Today's complex global challenges - from sustainability, to cyber security and eradication of disease - require the education of technical innovators who are able to navigate political, economic and cultural boundaries. The Collaboratory initiative has had a tremendous impact in a short period of time through a series of outreach efforts, including visits from colleges, universities, high schools, and policy and business leaders. Its Summer Institute has hosted educators seeking leadership, inspiration, and help in changing their own educational programs. During FY16, the Collaboratory hosted 130 programs (mainly visits and workshops) that involved representatives from 185 other institutions from around the US and the globe. Olin is playing a significant role in the movement to transform educational practice across the globe, including significant changes to curriculum at twelve institutions.

Part III **Supplemental Information**

Provide the information, explanation, or descriptions required for Part I, lines 1a, 1b, 3, 4a, 4b, 4c, 5a, 5b, 6a, 6b, 7, and 8, and for Part II. Also complete this part for any additional information.

Return Reference	Explanation
Schedule J, Part I, Line 1a	The President and the Dean of Student Affairs are provided non-taxable housing as a condition of employment. The College pays for landscaping and cleaning services at the President's house, which is owned by the College, due to the fact that certain College functions are held at the President's house. The benefit is not taxable to the President and it is part of the house maintenance. Certain officers are provided with a cell phone allowance which is grossed up.
Schedule J, Part I, Line 3	On an annual basis, the Executive Committee of the Board of Trustees reviews the President's salary. In August 2014, a nationally recognized consultant was engaged to conduct a compensation analysis for the President, Vice President and Dean positions. Their analysis report was submitted to Board Chair in August 2014. The same data was used for use in 2015 and 2016 by the same consultant and the basis of the analysis remained as detailed below. Recognizing the uniqueness of Olin College, they used four groups in their analysis: * National Private Independent Colleges and Universities with Significant Engineering Programs of Comparable Complexity to Olin * National Private Independent Colleges and Universities with Bachelor, Master's or Doctorate Programs of Similar Size * Predominantly Northeast Regional Top Liberal Arts Colleges * Private Independent Colleges and Universities in Massachusetts with Bachelor, Master's or Doctorate Programs of Similar Size. For each group, the consultant analyzed base salary, total cash compensation and total compensation for the 25th, 50th, 75th and 90th percentiles and adjusted the market data to a common effective date of July 1, 2016. A set of Composite Estimated Market Values was calculated to supplement the market values of each individual group. The Executive Committee used this data to develop a recommendation for the President's compensation which was reviewed and approved by the full Board of Trustees. The President used this data to develop recommendations for the compensation of the Vice Presidents and Deans which were reviewed and approved by the Executive Committee. All decisions regarding compensation are approved by independent persons and all deliberations and decisions are substantiated contemporaneously.
