The College Crusade Advisory. The success of The College Crusade's program primarily lies in our seamless system of steady adult support for students from grade 6 to high school graduation. As indicated in Part 1, we place a team of 25 full-time middle school and high school Advisors in 35 schools in our target districts throughout the academic year to personalize the college-bound experience for the students in our program. These Advisors forge relationships with Crusaders, encourage them to pursue high academic goals, and run various after school, school vacation and summer programs to meet students' academic, personal and social development, college readiness and career exploration needs. College Crusade Advisors are a diverse group of young professionals who understand the challenges that young people in disadvantaged communities face, since many of them come from the same communities.

Crusade Adventure and Academic Program. Middle school is often the time when economically disadvantaged students begin to fall behind their peers in school. The College Crusade provides an intensive program for middle school Crusaders called The Crusade Adventure and Academic Program ("CAAP"), which focuses on leadership development, team building, problem solving, critical thinking and conflict resolution integrated with literacy development. It provides participants with opportunities to take healthy risks while facing progressively more difficult challenges, to learn from their successes and failures, and to acquire the developmental assets that will enable them to overcome the challenges that lie ahead. From focus groups with former participants, it is clear that the program has a long-term impact on their ability to identify the components of an academic or personal challenge, make creative use of the tools at their disposal, and address the challenge. This program is provided during the academic year (over the course of 10 consecutive Saturdays) and during the summer (for two-week sessions, five days per week, from 9am-3pm each day).

Part I, Line 2	The Program Supervisors will be required to conduct site visits to grantee programs while they are in progress and complete the Program Compliance Form as part of each site visit. Summer programs will be visited at least twice and academic year programs must be visited at least three times. The actual number of site visits conducted could be increased based on program design and issues that need to be addressed. The Program Compliance Form will help identify issues, make recommendations, and ensure corrective action steps have been taken. The process for ensuring contractual compliance and offering support to grantees includes the following steps: 1. The grantee must respond to any concerns expressed by the program manager within 5 days of receiving the site visit report including corrective actions to be taken. The grantee must implement the recommended action within 10 days of notification from the program manager. If corrective actions are required, a memo must describe the activity and proposed action steps in detail, and provide a specific timeline for compliance. The program manager must conduct a follow up visit to ensure that corrective action has been implemented. If the grantee fails to comply with the recommended corrective steps, this will result in further actions by the program manager that could lead to termination of the contract. 2. The program manager must save electronic copies of the Program Compliance Forms to the shared folder. 3. The program manager must provide as much assistance as possible to help grantees succeed, but with the highest priority given to serving the best interests of the Crusaders participating in the program. Any activities deemed not in the best interests of the Crusaders should be addressed immediately and corrected within the aforementioned guidelines.
