Section A. All Supporting Organizations

	Yes	No
1 Are all of the organization's supported organizations listed by name in the organization's governing documents? If "No," describe in Part VI how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.		
2 Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? If "Yes," explain in Part VI how the organization determined that the supported organization was described in section 509(a)(1) or (2).		
3a Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? If "Yes," answer (b) and (c) below.		
b Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? If "Yes," describe in Part VI when and how the organization made the determination.		
c Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? If "Yes," explain in Part VI what controls the organization put in place to ensure such use.		
4a Was any supported organization not organized in the United States ("foreign supported organization")? If "Yes," and if you checked 11a or 11b in Part I, answer (b) and (c) below.		
b Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? If "Yes," describe in Part VI how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.		
c Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? If "Yes," explain in Part VI what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.		
5a Did the organization add, substitute, or remove any supported organizations during the tax year? If "Yes," answer (b) and (c) below (if applicable). Also, provide detail in Part VI , including (i) the names and EIN numbers of the supported organizations added, substituted, or removed; (ii) the reasons for each such action; (iii) the authority under the organization's organizing document authorizing such action; and (iv) how the action was accomplished (such as by amendment to the organizing document).		
b Type I or Type II only. Was any added or substituted supported organization part of a class already designated in the organization's organizing document?		
c Substitutions only. Was the substitution the result of an event beyond the organization's control?		
6 Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (i) its supported organizations, (ii) individuals that are part of the charitable class benefited by one or more of its supported organizations, or (iii) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? If "Yes," provide detail in Part VI .		
7 Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (defined in section 4958(c)(3)(C)), a family member of a substantial contributor, or a 35% controlled entity with regard to a substantial contributor? If "Yes," complete Part I of Schedule L (Form 990 or 990-EZ).		
8 Did the organization make a loan to a disqualified person (as defined in section 4958) not described in line 7? If "Yes," complete Part I of Schedule L (Form 990 or 990-EZ).		
9a Was the organization controlled directly or indirectly at any time during the tax year by one or more disqualified persons as defined in section 4946 (other than foundation managers and organizations described in section 509(a)(1) or (2))? If "Yes," provide detail in Part VI .		
b Did one or more disqualified persons (as defined in line 9a) hold a controlling interest in any entity in which the supporting organization had an interest? If "Yes," provide detail in Part VI .		
c Did a disqualified person (as defined in line 9a) have an ownership interest in, or derive any personal benefit from, assets in which the supporting organization also had an interest? If "Yes," provide detail in Part VI .		
10a Was the organization subject to the excess business holdings rules of section 4943 because of section 4943(f) (regarding certain Type II supporting organizations, and all Type III non-functionally integrated supporting organizations)? If "Yes," answer 10b below.		
b Did the organization have any excess business holdings in the tax year? (Use Schedule C, Form 4720, to determine whether the organization had excess business holdings.)		

Part IV Supporting Organizations (continued)

	Yes	No
11 Has the organization accepted a gift or contribution from any of the following persons?		
a A person who directly or indirectly controls, either alone or together with persons described in (b) and (c) below, the governing body of a supported organization?		
b A family member of a person described in (a) above?		
c A 35% controlled entity of a person described in (a) or (b) above? If "Yes" to a, b, or c, provide detail in Part VI.		

Section B. Type I Supporting Organizations

	Yes	No
1 Did the directors, trustees, or membership of one or more supported organizations have the power to regularly appoint or elect at least a majority of the organization's directors or trustees at all times during the tax year? If "No," describe in Part VI how the supported organization(s) effectively operated, supervised, or controlled the organization's activities. If the organization had more than one supported organization, describe how the powers to appoint and/or remove directors or trustees were allocated among the supported organizations and what conditions or restrictions, if any, applied to such powers during the tax year.		
2 Did the organization operate for the benefit of any supported organization other than the supported organization(s) that operated, supervised, or controlled the supporting organization? If "Yes," explain in Part VI how providing such benefit carried out the purposes of the supported organization(s) that operated, supervised, or controlled the supporting organization.		

Section C. Type II Supporting Organizations

	Yes	No
1 Were a majority of the organization's directors or trustees during the tax year also a majority of the directors or trustees of each of the organization's supported organization(s)? If "No," describe in Part VI how control or management of the supporting organization was vested in the same persons that controlled or managed the supported organization(s).		

Section D. All Type III Supporting Organizations

	Yes	No
1 Did the organization provide to each of its supported organizations, by the last day of the fifth month of the organization's tax year, (i) a written notice describing the type and amount of support provided during the prior tax year, (ii) a copy of the Form 990 that was most recently filed as of the date of notification, and (iii) copies of the organization's governing documents in effect on the date of notification, to the extent not previously provided?		
2 Were any of the organization's officers, directors, or trustees either (i) appointed or elected by the supported organization(s) or (ii) serving on the governing body of a supported organization? If "No," explain in Part VI how the organization maintained a close and continuous working relationship with the supported organization(s).		
3 By reason of the relationship described in (2), did the organization's supported organizations have a significant voice in the organization's investment policies and in directing the use of the organization's income or assets at all times during the tax year? If "Yes," describe in Part VI the role the organization's supported organizations played in this regard.		

Section E. Type III Functionally-Integrated Supporting Organizations

- 1** Check the box next to the method that the organization used to satisfy the Integral Part Test during the year (see instructions):
- a** ☐ The organization satisfied the Activities Test. Complete line 2 below.
- b** ☐ The organization is the parent of each of its supported organizations. Complete line 3 below.
- c** ☐ The organization supported a governmental entity. Describe in Part VI how you supported a government entity (see instructions).

2 Activities Test. Answer (a) and (b) below.

- a** Did substantially all of the organization's activities during the tax year directly further the exempt purposes of the supported organization(s) to which the organization was responsive? If "Yes," then in Part VI identify those supported organizations and explain how these activities directly furthered their exempt purposes, how the organization was responsive to those supported organizations, and how the organization determined that these activities constituted substantially all of its activities.
- b** Did the activities described in (a) constitute activities that, but for the organization's involvement, one or more of the organization's supported organization(s) would have been engaged in? If "Yes," explain in Part VI the reasons for the organization's position that its supported organization(s) would have engaged in these activities but for the organization's involvement.
- 3 Parent of Supported Organizations. Answer (a) and (b) below.**
- a** Did the organization have the power to regularly appoint or elect a majority of the officers, directors, or trustees of each of the supported organizations? Provide details in Part VI.
- b** Did the organization exercise a substantial degree of direction over the policies, programs, and activities of each of its supported organizations? If "Yes," describe in Part VI the role played by the organization in this regard.

Schedule C - Part II-A Line 1

Management has direct contact with Legislators, their staff and Government officials to advocate the Hospital's position on key issues affecting the hospital. Frequently, these contacts are made to educate the appropriate representative or official on the implications of specific policy/legislation on the industry in general and/or implications to Fox Chase. At the federal level, during FY 2016 the Hospital advocated for increased medicare reimbursement under the cancer center rules and advocated for increased research funding for the NIH and NCI. Management also provided input on various issues including health care reform and important issues such as drug shortages legislation. Additionally, to assist the Fox Chase entities obtain needed funding for cutting edge technologies and resources used by the scientific and clinical faculty, the hospital affiliate submitted federal grants through the appropriate mechanisms. At the state level, management advocated for the sustained use of Tobacco Funds to support the various cancer programs in the Commonwealth. This funding is central to the programs conducted by the Fox

a total population of 1,881,289.

In addition to the quantitative data utilized for the CHNA, additional community input was derived from community meetings with individuals living and/or working in the communities in the hospital's service area who could provide input on the needs assessment as community members, public health experts, and as leaders or persons with knowledge of underserved racial minorities, low income residents, and/or the chronically ill. In total, 4,441 interviews were conducted with adults from the targeted region.

The final CHNA is available to the public via the organizations website <https://www.foxchase.org/community/communityhealth>. Additional dissemination of its findings have been presented to the Board of Directors, senior leadership, and to multiple entities within FCCC including: American College of Surgeons (ACoS) Commission on Cancer, Cancer Committee, Cancer Prevention and Cancer Control (Behavioral Research team) and staff from the Office of Community Outreach, the primary education and outreach arm for the institution.

Part V, Section B, line 7d: The CNHA provided a broad overview of the needs of our community, however, as an NCI Comprehensive Cancer Center, our sole focus is cancer. Within the cancer control realm, we address the entire cancer continuum from prevention to survivorship. An implementation plan has been developed to address the needs which include lack of knowledge regarding cancer, access to care, specifically screening and

preventative care, smoking prevention, intervention and cessation, obesity which has been associated with increasing the risk of certain cancers, cultural and language needs to address the evolving changes in the community population, and health system navigation. During the reporting period, the CHNA was completed, an implementation plan has been developed and approved by the Board of Directors and teams have been tasked with implementing specific tasks and/or projects to address the identified needs. Additionally, the plan has been posted to the FCCC website <https://www.foxchase.org/community/communityhealth>

Group A-Facility 1 -- The American Oncologic Hospital

Part V, Section B, line 11: Fox Chase Cancer Center (FCCC) Office of Community Outreach (OCO) has addressed the following unmet needs identified in the 2016 Community Health Needs Assessment (CHNA):

Demographic Changes - the anticipated growth in older populations does not present a challenge for Fox Chase. According to the 2015 Tumor Registry data, 87% of our patient mix in the service area is between the ages of 50-99.

Language Needs - In preparation for the changing language needs, we have embarked on a quality improvement plan for language services. We have established an institutional policy to address languages services that includes on-site medical interpreters, language lines and remote video units for our deaf community and amplifiers for our hard of hearing patients. Thus far we have instituted the policy and identified and credentialed physicians who speak a second language, other than English.

Individual languages that address this need speak the following

languages/dialects: Spanish, Mandarin, Cantonese and Vietnamese. Other languages are available however; this speaks directly to the identified need in the CHNA. Non-clinical staff who speak another language, are offered the opportunity to train as dual-medical interpreters through an approved vendor. Translations of materials produced by Fox Chase undergo review by a certified translation service to ensure accuracy as well as compliance with the National Standards for Culturally and Linguistically Appropriate Services in Health Care and the Joint Commission's Roadmap. Additional efforts are focused on service excellence to enhance staff's capacity to provide culturally competent care.

Insurance Plans - FCCC accepts a variety of medical insurance including Medicare, Medicaid and private insurers. Additional funding from state and foundation grants enables us to offer cancer screening and treatment for breast cancer. Financial counseling is available to persons who do not fall within these categories.

Health Status and Behaviors - Seventeen percent of adults in the service area smoke cigarettes, and 60% of them have tried to quit in the past year without success. Fox Chase Cancer Center offers smoking cessation assistance to all patients using tobacco products through the Tobacco Treatment Program. Participants in this program receive counseling along with the use of pharmacotherapy (nicotine replacement therapy and/or other medications). This year, Fox Chase's smoking cessation program expanded, with the assistance of our local partners, to members of the community.

The smoking cessation program is held at community partner sites and

includes education, counseling, and pharmacotherapy. This program is open to community members that are interested in quitting tobacco. The program will be held at least three times per year.

The OCO continues to provide bilingual (English and Spanish) lung cancer education via our Community Speakers Bureau. This one-hour session provides an overview of cancer, reviews lung cancer risk factors, prevention, symptoms, screening guidelines and treatments for lung cancer.

Access and Barriers to Health Care - There is an unmet need in the service area for screenings and preventive care. Through our Speakers Bureau, the OCO provides participants with valuable information regarding screening guidelines for breast, cervical, colorectal, ovarian, prostate, and skin cancers. To further our education, the OCO brings cancer screening to the community via its mobile screening unit (MSU). Recognized as a best practice to reducing structural barriers, the OCO brings breast cancer and skin cancer screening to the community. In FY2016, we reached 3,331 persons with breast, prostate head/neck, and/or skin cancer screenings. Individuals requiring language services were provided with a certified medical interpreter at no cost to the patient. Individuals identified with abnormal findings that require follow-up will be supported with navigation services including transportation to and from FCCC at no cost to the patient.

Difficulty navigating the health care system - in addition to the language and transportation services provided to patients in-need; our community navigator greets MSU patients requiring follow-up care and remains with

them as they receives services. Patients diagnosed with cancer are assigned a nurse navigator to support ongoing needs i.e. scheduling, testing and overall coordination of care etc.

Clear Communication - Staff from the Resource and Education Center (REC) provide credible resources to assist patients and family members with patient education materials and support to increase their knowledge so they become more active participants in their health care. These services are also available to non-patients from the community.

UNMET NEEDS AND IDENTIFICATION PROCESS The unmet health care needs for this service area were identified and prioritized by comparing the health status, access to care, health behaviors, and utilization of services for residents of the service area to results for the county and state and the Healthy People 2020 goals for the nation. In addition, for Household Health Survey measures, tests of significance were conducted to identify and prioritize unmet needs. Lastly, input from the community meeting participants was also used to further identify and prioritize unmet needs, local problems with access to care, and populations with special health care needs. As a specialty hospital that focuses on cancer, FCCC does not specifically provide community or patient services that address overweight or obesity. However, these services are addressed by our health system at other hospitals including one adjacent to our campus - Jeanes Hospital. Our health educators do address the importance of maintaining a healthy weight and the negative impact of obesity on cancer along with general information regarding a balanced diet and exercise guidelines via our Community Speakers Bureau.

Provide the following information

- 1 Required descriptions.** Provide the descriptions required for Part I, lines 3c, 6a, and 7, Part II and Part III, lines 2, 3, 4, 8 and 9b
- 2 Needs assessment.** Describe how the organization assesses the health care needs of the communities it serves, in addition to any CHNAs reported in Part V, Section B
- 3 Patient education of eligibility for assistance.** Describe how the organization informs and educates patients and persons who may be billed for patient care about their eligibility for assistance under federal, state, or local government programs or under the organization's financial assistance policy
- 4 Community information.** Describe the community the organization serves, taking into account the geographic area and demographic constituents it serves
- 5 Promotion of community health.** Provide any other information important to describing how the organization's hospital facilities or other health care facilities further its exempt purpose by promoting the health of the community (e.g., open medical staff, community board, use of surplus funds, etc.)
- 6 Affiliated health care system.** If the organization is part of an affiliated health care system, describe the respective roles of the organization and its affiliates in promoting the health of the communities served
- 7 State filing of community benefit report.** If applicable, identify all states with which the organization, or a related organization, files a community benefit report

Part I, Line 3c:

Not applicable. The American Oncologic Hospital does use Federal Poverty Guidelines.

The Hospital provides patient care services without charge, or at amounts less than established rates, to patients who meet the criteria of its charity care policy. Criteria for consideration under the charity care policy is based primarily on family income and worth, but also recognizes other circumstances where undue financial hardships exist. The Hospital maintains records to identify and monitor the level of charity care it provides. Because collection of amounts determined to qualify as charity care are not pursued, patient service revenues are reduced by such amounts. The Hospital also provides services and supplies below cost to patients covered by government insurance programs, including the Medicare and Medicaid programs.

Part I, Line 6a:

The community health needs assessment (CHNA) was completed in 2016 with

Part VI Supplemental Information (Continuation)

input from primary and secondary data including U.S. Census, Pennsylvania Department of Health vital statistics, Claritas Inc., and tumor registry data from Fox Chase Cancer Center (FCCC). The target area included in the CHNA is the primary service area for the institution and comprises 87 zip codes in Bucks, Montgomery and Philadelphia counties with a total population of 1,881,289. See Part V, Section B for further information.

Part I, Line 7:

As set forth in the Fox Chase Cancer Center Emergency Care, Charity Care and Financial Assistance Policy, it is the policy of Fox Chase Cancer Center to provide all necessary urgent care to patient without regard to their ability to pay for such care. Given this mission and within the guidelines of prudent business management, it is further the policy of Fox Chase Cancer Center that an orderly and controlled system for the write-off of all types of Bad Debt and Charity Care balances is in effect to insure maximum collections. All patients have the option to apply for the Fox Chase Cancer Center Charity Care Program. The guiding principles behind this policy are to treat all patients equally, with dignity and respect, to assist patient who cannot pay and to balance appropriate financial assistance for patients with fiscal responsibility. Patients and their families have a responsibility to assist Fox Chase Cancer Center in qualifying them for financial assistance.

Fox Chase Cancer Center's cost to charge ratio for Part 1, lines 7a through 7d is derived by total expenses divided by the total gross charges.

The net community benefit expense was \$6,661,422 as reported on line 7j.

Part VI Supplemental Information (Continuation)

Part II, Community Building Activities:

The net community building expense was \$432,051. See Part VI, Line 5 for description of the organization's community building activities and how they promote the health of the communities served.

Part III, Line 4:

There is no footnote specific to bad debt at this time.

This expense is related to services rendered for which payment is anticipated and credit is extended. These patients do not meet the established Charity Care policy and may therefore have the ability to pay. The cost method is determined based on the patient's liability for services rendered and is a community benefit because it is a cost of providing health care to the general public.

Part III, Line 8:

In 2015, the cost of providing services to the Medicare population was \$7,071,000 (Part III, Line 7) higher than revenue. Medicare allowable cost (Part III, Line 6) was based on cost apportionment derived from the Medicare Cost Report. The Medicare shortfall carried by FCCC provides a community benefit because it benefits a charitable class, the elderly.

Part III, Line 9b:

American Oncological Hospital's collection policy contains provisions on the collection practices to be followed for patients who are known to qualify for charity care. If a patient does not qualify for charity care or qualifies for only a charity care discount, the normal billing process

Part VI Supplemental Information (Continuation)

of four (4) statements over a span of at least 120 days will occur. If no patient response is received, a write-off request form will be completed by the collection specialist and submitted for proper signature authority for agency referral. Once approved, the account will be transferred to the Bad Debt Financial Class logged. The account will be forwarded to the collection agency for additional collection effort. Collection vendors are required to include in their collection notifications notice that AOH provides free and/or reduced price care to persons who qualify, that AOH provides assistance in applying for and obtaining government funded insurance, and that patients can contact the Financial Services Department for assistance.

Part VI, Line 2:

The health care needs of the communities served are assessed using primary and secondary data and evidence-based resources such as those provided by the PA Department of Health, Center for Disease Control and Prevention, National Cancer Institute, American Cancer Society, Healthy People 2020, FCCC Tumor registry, PMHC and information provided to us by our community via focus group discussions.

Part VI, Line 3:

Financial Counselors assigned to American Oncologic Hospital screen all uninsured and underinsured patients (including those with high deductibles and co-pays) who are hospitalized or require elective outpatient hospital services to determine their eligibility for government funded medical insurance coverage such as Medicaid and CHIP as well as coverage through the Health Insurance Marketplace.

Patients that meet the qualifications for these programs are assisted by

Part VI Supplemental Information (Continuation)

financial counseling staff throughout each step of the application process. Medicaid applications are submitted by AOH on the patient's behalf and tracked until final determination.

Patients who do not qualify for government-funded programs are screened for the American Oncologic Hospital Charity Care/ Financial Assistance program to determine their eligibility for free or reduced cost care.

Patients who contact the Hospital's Business Office concerning bills they have received that they cannot afford to pay are also screened for Charity Care/Financial Assistance eligibility.

The Financial Counseling Staff at American Oncologic Hospital are CMS Certified Application Counselors and provide assistance in obtaining coverage through the Health Insurance Marketplace as well as in assisting patients in obtaining supplemental coverage and prescription drug benefits.

Patients are informed of American Oncologic Hospital's Financial Services, and direction on how to access these services, through the following means:

Posters in plain view at inpatient, outpatient and emergency registration areas and billing offices;

Patient discharge summaries, billing invoices and vendor collection notices; and Hospital website.

Part VI, Line 4:

The 2016-2018 Community Health Needs Assessment (CHNA) focuses on 87 zip codes in three counties which represents approximately 50% of the in-patient population we serve. The total population within this region is 1,881,289. This represents a growth of 1.6%. One third of the populations is 18-44 years old. The majority (57%) of persons

Part VI Supplemental Information (Continuation)

self-identify as White followed by African American (20%), Hispanics (11%) and Asian (6%). The primary language spoken is English (81%); 56% have a high school diploma and 11% are unemployed. Twenty-eight percent of the population lives in poverty. The majority of adults (92%) in the service area have health insurance coverage. However, a sizable percentage of adults aged 18-64 do not have any private or public health insurance; 8% of adults aged 18-64 in the service area are uninsured, representing 88,300 uninsured adults. Chronic disease (hypertension, asthma, obesity, diabetes and cancer) are major health issues. Additional details are provided in the CHNA - <https://www.foxchase.org/community/communityhealth>.

Part VI, Line 5:

With the addition of funds secured via state contracts and foundations, we have provided breast cancer screening and treatment to medically underserved women within our service area. Additional funds enabled us to establish a community outreach tobacco cessation program to address the lung cancer burden in our region. As an affiliate of the Temple University Health System, our medical and non-medical staff are offered participation and CME at the annual Cultural Competence Symposium. The symposium focuses on working effectively with communities. Low-income, uninsured or underinsured women screened on the Fox Chase Cancer Center (FCCC) Mobile Screening Unit (MSU) for breast cancer are covered under funds secured via state contract via the Healthy Women Program (HWP), a federally funded program of CDC's National Breast and Cervical Cancer Early Detection Program (NBCCEDP). Eligible women receive free or low cost mammograms and if diagnosed receive treatment. In the event of a cancer diagnosis or a high-risk finding AOH (OCO) will submit the application to the Healthy Women Program. HWP will forward the

Part VI Supplemental Information (Continuation)

application to the appropriate Pennsylvania County Health Department. Once approved the patient receives instructions to enroll in a Medicaid plan. If needed, financial services can provide additional support. Additional funds secured through foundations such as Susan G. Komen enable us to provide screening and diagnostic services to medically underserved women in our service area. Should a woman be diagnosed, she would be transitioned to the HW program.

Through our Community Speakers Bureau program, Community Health Educators provided free, bilingual (English and Spanish) cancer education programs to community organizations. In FY 2016, we reached a total of 2,105 persons with cancer education and information. We addressed a wide array of cancer topics including breast, cervical, colorectal, lung, ovarian and skin cancers. All of the programs provide an overview of the cancer, associated risk factors, updated screening guidelines and methods to diagnose and treat cancer. An additional 3,428 people were reached through health fairs and other large community events. Through our Community Cancer Screening Program we reached a total of 3,331 individuals with breast, skin, head/neck, and prostate cancer screenings. Additional support was provided by the Resource and Education Center that provided 3,952 patients, families, and community members with access to free cancer information and resources that address the cancer continuum. Our community partnerships include diverse entities including community-based, faith-based, business, legislative, and academic partners. Through these partnerships, we have successfully educated, screened audiences and developed relationships to support community wellness.

Community Building Activity- Through our Immersion Science High School

Part VI Supplemental Information (Continuation)

Program, FCCC provided free education programming to diverse high school students from the target region. The Immersion Science program provides staged, comprehensive exposure of high school students to cancer research to increase retention in biomedical careers and to provide direct instruction in laboratory techniques and scientific thinking. There is no cost to participate, and, in fact, summer salaries were provided to students in the Phase 3 segment of the program. In total nine (9) students were awarded full-time (\$2,250) fellowships for research in Fox Chase laboratories.

In 2016, 84 students from 20 Philadelphia area schools were trained in formal programs, and an additional 200 students via our teacher training and camp programs. Our in-house program provides 16 students/year with undergraduate/graduate level training aimed at understanding how dietary components influence cancer signaling. In 2016, we published a paper in the peer-reviewed journal Biochemistry describing a project initiated during the program, with experiments executed by student program participants. Nine of these students continued their research as National Cancer Institute CURE summer fellows, with two students included on publications describing their work. Due to the success of this program in training diverse students, we expanded the program in 2016 to include an in-classroom component, where 68 students in two Title I high schools in the Philadelphia school district conducted bona fide cancer research. 48 of these students participated in a Symposium in June 2016 where they learned about careers in biomedicine and presented their work to ~100 Fox Chase Cancer Center scientists. This model will be expanded again in 2017 to reach over 200 students. In addition to these data-generating programs, the Immersion Science Program conducted three one-week camp

Part VI Supplemental Information (Continuation)

programs in 2016, at Esperanza College, and Montgomery County Community College campuses in Blue Bell, PA and Pottstown, PA. This program enabled 48 students with limited access to science education to gain experience in modern laboratory techniques and develop new understanding of the impact of diet on cancer. In addition to student programs, Immersion Science trained three teachers ranging from middle school to high school in research. These teachers trained an additional 120 students in their classrooms, expanding the reach. All Immersion Science Programs are cost-free for the students to ensure equality of participants.

Part VI, Line 6:

American Oncologic Hospital is a part of Fox Chase Cancer Center, which is a member of the Temple University Health System, Inc. (TUHS). Its mission is to prevail over cancer marshaling heart and mind in bold scientific discovery, pioneering prevention, and compassionate care. The other entities that are a part of Fox Chase Cancer Center are the Institute for Cancer Research, Fox Chase Cancer Center Medical Group, and Fox Chase Network, Inc.
