CORE FORM, PART III, STATEMENT OF PROGRAM SERVICE ACCOMPLISHMENTS	<p>DOYLESTOWN HEALTH BACKGROUND ===== The Village Improvement Association of Doylestown ("VIA") was founded in 1895 with the health and beauty of the community of Doylestown as its primary concerns. In response to community needs, the Visiting Nurse service was established in 1916, and in 1923 the VIA opened the first Doylestown Hospital, which it continued to own and operate as it grew and relocated until 1986. In 1986, a corporate restructuring established Doylestown Hospital as a subsidiary corporation of the newly created Doylestown Health Foundation, both governed by the VIA. At this time, VIA AFFILIATES D/B/A DOYLESTOWN HEALTH PHYSICIANS, also a subsidiary of Doylestown Health Foundation and governed by the VIA, was formed. These corporate changes facilitated each corporation focusing more precisely and efficiently on its mission. Great orchestras require exceptional talent, an array of finely tuned instruments and a skilled conductor to perform complex symphonies with excellence. Great healthcare organizations are much like great orchestras. Highly competent talent, comprehensive facilities and services, superior execution and flawless coordination of effort are all required to deliver excellence in patient care. From the start, we have been a community-centered organization focused on improving the health of our community. The VIA founded the Doylestown Emergency Hospital in 1923, but its health-centered roots trace back to 1895 as they coordinated efforts to eliminate unhealthy dust from the town's streets. This passion for public health evolved into the establishment of the first visiting nurse service in Doylestown. Over the years, the VIA continued to address the health needs of our community by expanding or developing new services that comprise Doylestown Health and collectively include - Doylestown Hospital - Doylestown Health Physicians - Doylestown Hospital Surgery Center and outpatient testing facilities at the Health and Wellness Center - Doylestown Hospital Home Health Care - Doylestown Hospital Hospice - Health Connections by Doylestown Hospital healthcare concierge services at the Warmminster ShopRite - Pine Run Health Center - Pine Run Lakeview Personal Care - Pine Run Retirement Community - Children's Village early childhood education program - CB Cares, in partnership with the Central Bucks School District. Today, under the Doylestown Health banner, we gather all elements of our health system to expand beyond episodic care to community health and a continuum of coordinated care, from birth to end-of-life. In partnership with over 425 physicians on our medical staff, we anticipate providing enhanced and expanded services, achieving even greater accomplishments and a healthier community. In its 122nd year, the VIA oversees the operations of the system of affiliated members. The purposes of the VIA have been consistent throughout its history - to encourage and promote public health and wellness, - to improve the health and welfare of the residents of Doylestown and greater Central Bucks County, - to provide food, clothing, shelter, and medical and surgical care and nursing to the indigent of the community without charge, insofar as hospital resources will permit, - to own, manage, support, and maintain a visiting nurse service and community hospital for the benefit of all persons, and - to raise funds for and to receive and hold all property that may be given to the Association to accomplish its mission. THE MISSION OF DOYLESTOWN HEALTH ("Health System") is to continuously improve the quality of life and proactively advocate for the health and well-being of the individual we serve. The vision of the Health System is to enthusiastically pursue healthcare excellence through collaboration and innovation. For the fiscal year ending 6/30/16, the Health System accounts for three tax-exempt affiliates: (1) Doylestown Health Foundation, (2) Doylestown Hospital, and (3) VIA Affiliates, D/B/A Doylestown Health Physicians. Described below are the charitable missions of these entities.</p> <p>DOYLESTOWN HEALTH FOUNDATION ----- ----- The mission of the Foundation has four main points: assessment of community needs, communication of those needs and the health systems' response to them, solicitation of funds to support the response, and the accountability to the community for both the management of the funds and the response to the needs.</p> <p>DOYLESTOWN HOSPITAL ----- Doylestown Hospital's mission is to continuously improve the quality of life and proactively advocate for the health and well-being of the individuals we serve. These community members include the vulnerable, the disenfranchised, those in need of health education, and those uninsured or underinsured persons who depend on us for care. As a values-based organization, Doylestown Hospital has made a public commitment to seven core SERVICE values: 1) We serve all members of the community, 2) We strive for excellence in our services and programs, 3) We respect the dignity of every member of the community, 4) We provide value through high-quality, low-cost services, 5) We seek innovation and integration for continuous improvement, 6) We are compassionate, and 7) We are committed to the health and wellness education of our community. The hospital holds Board members, Medical staff, and paid and unpaid staff accountable for incorporating these values into policies, behaviors, clinical practices and management decisions. Doylestown Hospital has received national recognition for quality and patient experience for a variety of services. Doylestown Hospital is a comprehensive 232-bed acute care facility serving families throughout Bucks and Montgomery Counties and Western New Jersey. The Medical Staff includes more than 425 physicians in more than 50 specialty areas. Areas of clinical emphasis and quality recognition include cardiovascular services, emergency medicine, oncology, maternal-child health, orthopedics, interventional radiology, gastroenterology, urology, general surgery and robotic surgery.</p> <p>PINE RUN COMMUNITY ----- In 1992, Doylestown Hospital enhanced its commitment to the older adult population in the Central Bucks County area by acquiring the Pine Run Community. Pine Run operates as a division of Doylestown Hospital with the following mission: "Pine Run Community is committed to and passionate about seniors, and we are dedicated to being an exceptional retirement community. By focusing on a spectrum of wellness for everyone in our continuum, we will enhance the quality of life throughout the region." Pine Run serves the surrounding community as a non-profit continuing care retirement community by offering a continuum of services at its facilities, which includes 296 independent living units (the Village) on 42 acres of land in Doylestown, a 107-bed skilled nursing facility and 40-bed personal care facility (the Health Center), and a 107-bed personal care facility (Lakeview), located on a separate, 7.5-acre campus in Doylestown. Pine Run strives to be a progressive, resident-focused community, full of vitality and enthusiasm, promoting independence and wellness. Through a culture of wellness, Pine Run is dedicated to the promotion of holistic care and services for Villagers and Residents. The Village, located approximately three miles from the Hospital, consists of garden cottages set in clusters and a multi-unit apartment building, as well as a community center, dining room, store, library, and other amenities. Maintenance, security, housekeeping, utilities, dining, recreational, cultural, transportation and fitness services are provided for the Villagers. The Health Center, located on the same campus as the Village, provides transitional care for short-stay nursing and rehabilitation residents, with skilled nursing care and comprehensive therapy programs, a personal care Alzheimers AND Dementia Program for those with impaired memory, long-term care for residents requiring on-going custodial care, short-term respite care to allow home-based caregivers to take a vacation or trip, and hospice care for end-of-life care. Lakeview, a personal care facility, was purchased by Doylestown Hospital in 1998 and added to the Pine Run family of facilities. It offers personal care accommodations in private suites and companion suites, with supportive services and enhanced programming for those with memory impairment. This personal care residence is three and a half (3.5) miles from the Pine Run Village, and two blocks from the main hospital.</p>

CORE FORM, PART III, STATEMENT OF PROGRAM SERVICE ACCOMPLISHMENTS	<p>V I A AFFILIATES D/B/A DOYLESTOWN HEALTH PHYSICIANS ("DHP") -----</p> <p>- DHP was reactivated in 1994 to bring to the residents of the Central Bucks community necessary community-based services that may not otherwise be available or included in the mission of other system entities. In order to meet the needs of community members, DHP has been involved with a number of initiatives. This organization supports the SERVICE core value of Doylestown Hospital. Doylestown Health: A system of healthcare services emphasizes proactive health and wellness in the community setting. The brand name "Doylestown Health" was adopted unanimously by the boards of Doylestown Hospital, Doylestown Health Foundation and the Village Improvement Association of Doylestown to describe the health system, renew the focus, and pay tribute to 120 years of community outreach. Doylestown Health is comprised of Doylestown Hospital, Pine Run Community, physician practices, outpatient services, surgical center, nursing home and home health. "Expectations of healthcare are moving away from the treatment of illness to fostering health and wellness for patients, families and communities," said Jim Brexler, President and CEO of Doylestown Health. "We are building on an illustrious past to be a leader in the shifting healthcare market of the future. It is poetically ironic that we undertake this bold transition from illness to wellness on the eve of the 120th year of the founding of the Village Improvement Association." The VIA was founded by a group of women in 1895 who organized themselves to improve the health of their community. Early in the 20th century, the VIA hired visiting nurses to care for the sick and new births in their homes. Doylestown Hospital was opened by the VIA in 1923 with eight beds and a mission to provide emergency and maternity care. Today, Doylestown Hospital has a national reputation for healthcare excellence, institutes for heart, cancer and orthopedic services, a state-of-the-art emergency department, and centers for maternity and pediatric care. What makes it a complete health system are the interconnectedness of services and facilities organized under the Doylestown Health banner. Among the elements: nearly 300 retirement cottages and apartments of the Pine Run Community, skilled nursing and dementia care at Pine Run Health Center, assisted living at Pine Run Lakeview, daycare services at Childrens Village at Doylestown Hospital, and Health Connections, a community outreach service at the Cowhey Family ShopRite in Warminster. Outpatient laboratory services and a surgical center are located in the Health &amp; Wellness Center, Warrington. Home Health and Hospice services are based in Plumstead Township. "As we look to our future, we are building on the successes of our past," Brexler said. "Among the most enduring aspects of our history is the partnership with our medical community, who sets the tone for clinical excellence and collaborates with all parts of the health system to create a continuum of care, from birth to end-of-life." The creation of the Doylestown Healthcare Partnership, jointly owned by individual physicians and the health system, is designed to further improve clinical and financial integration to improve the quality and delivery of healthcare. A strong emphasis is on preventive health services that not only encourage wellness, but anticipates illness to prevent acute episodes and hospital readmissions. To that end, the Doylestown Healthcare Partnership has created a tool that helps estimate the risk of a hospitalization or readmission for chronically-ill patients. The tool enables clinicians to be proactive in their outreach to patients at home.</p> <p>Overview: Doylestown Health ----- Doylestown Health is a connected system of inpatient, outpatient and community services that include Doylestown Hospital ----- Nationally and regionally recognized for high quality and innovation, the hospital may be the flagship of the health system but relies on care coordination with community physicians and the effectiveness of its many parts for success.
