2 **Needs assessment.** Describe how the organization assesses the health care needs of the communities it serves, in addition to any CHNAs reported in Part V, Section B

3 **Patient education of eligibility for assistance.** Describe how the organization informs and educates patients and persons who may be billed for patient care about their eligibility for assistance under federal, state, or local government programs or under the organization's financial assistance policy

4 **Community information.** Describe the community the organization serves, taking into account the geographic area and demographic constituents it serves

5 **Promotion of community health.** Provide any other information important to describing how the organization's hospital facilities or other health care facilities further its exempt purpose by promoting the health of the community (e g , open medical staff, community board, use of surplus funds, etc)

6 **Affiliated health care system.** If the organization is part of an affiliated health care system, describe the respective roles of the organization and its affiliates in promoting the health of the communities served

7 **State filing of community benefit report.** If applicable, identify all states with which the organization, or a related organization, files a community benefit report

Form and Line Reference	Explanation
Part I, Line 3c	Assets will be considered along with the patient's income to determine eligibility for the Financial Assistance Program To be eligible, reportable assets may not exceed $15,000 for a household of one (1), or $25,000 for a household of two (2) or more Assets may include, but are not limited to, such items as checking and savings accounts, IRA's, 401(k)'s, value of additional cars that exceed the number of working members in the household, equity in recreational vehicles and additional property, etc

Form and Line Reference	Explanation
Part I, Line 6a	The organization's community benefit information is included in the consolidated Essentia Health (employer identification number 20-0360007) annual report which is made available to the public at http //www essentiahealth org/Main/Annual-Report aspx Essentia Health, headquartered in Duluth, Minnesota, is the parent of a fully integrated health system serving patients in Minnesota, Wisconsin, North Dakota and Idaho

Form and Line Reference	Explanation
Part I, Line 7	The cost to charge ratio derived from Worksheet 2, Ratio of Patient Care Cost-to-Charges was used to calculate the costs for the following community benefits Charity Care and Unreimbursed Medicaid Actual costs were used for the remainder of the community benefits reported

Form and Line Reference	Explanation
Part I, Ln 7 Col(f)	Bad debt expense that was subtracted from total expense to obtain the % of community benefit to total expense amounted to $12,002,754

Form and Line Reference	Explanation
Part II, Community Building Activities	The community building activities include participation in emergency management events, employees' participation on community boards, participation in various community events by donating volunteer time or helping with fundraising efforts, and organizing an event to honor organ donors

Form and Line Reference	Explanation
Part III, Line 2	Discounts, charity care, and bad debt expense are accounted for as reductions to revenue Bad debt expense on patient accounts would be identified as any balance on the account, less any previous payments and discounts, that has aged and is absent of any payments If, during the collection process, it becomes known that the patient qualifies for charity care, the amounts included within bad debt expense would be reclassified to charity care

Form and Line Reference	Explanation
Part III, Line 3	Essentia Health West provides both full and partial charity care through its traditional application process Full charity care is a complete write-off of eligible gross hospital and clinic charges while "partial" is a portion of eligible charges Each are determined respectively based on the patient's income in relation to the Federal Poverty Guidelines Essentia Health also recognizes that it is not feasible, or sometimes necessary, for all patients to complete financial assistance applications and provide documentation required through the traditional process Essentia Health West implemented an alternative documentation and presumptive process using a tool that identifies accounts that automatically qualify for charity care and reclassified those accounts to charity care allowance As a result, we estimate $0 of patient accounts written off to bad debt would qualify for charity care Essentia Health West is a part of a larger organization, Essentia Health Essentia Health and its member organizations incorporate the cost of bad debt as a community benefit As a tax exempt hospital, we must provide the necessary services regardless of the patient's ability to pay for that care In doing so, Essentia Health makes quality patient care available to all in our community, regardless of their economic means

Form and Line Reference	Explanation
Part III, Line 4	Page 13 of the audit contains the footnote describing the organization's bad debt expense

Form and Line Reference	Explanation
Part III, Line 8	Reconciliation for Medicare Shortfall between Total Medicare Program and What is Allowed on the Cost Report The hospital facility's total Medicare shortfall is $36,193,705, of which a shortfall of $12,201,976 (consisting of $73,859,989 revenue and $86,061,965 cost) is included in Part III, Section B, Lines 5-7, and a shortfall of $23,991,729 (consisting of $29,757,301 revenue and $53,749,030 cost) represent all other Medicare services not included in the annual cost report The costing methodology used in determining the Medicare Allowable Cost reported in the organization's Medicare Cost Report as reflected in the amount reported in Part III, Line 6 The methodology used in determining the reported Medicare Allowable Cost begins with the hospital's general ledger system The costs are obtained from the general ledger and then adjusted and reported in accordance with Centers for Medicare Services (CMS) "cost finding" guidelines as published in their Provider Reimbursement Manual Once the Medicare allowable costs are determined from the hospital's cost report, any costs attributed to subsidized health services, and Medical Education, are removed and reported separately Explanation for any prior year settlements for Medicare-related services in the current tax year Each Essentia Health hospital is required to file a Medicare cost report 5 months after the close of their fiscal year The cost report provides Medicare with information that is used to determine utilization and spending trends but also is used to set future payment rates for most Medicare services If the interim payments paid to a hospital are higher or lower than the filed cost report allowable reimbursement there will be a settlement for that fiscal year This can be due to changes in utilization or cost of providing services for Critical Access Hospitals (CAH) or differences between interim and final payment factors for Disproportionate Share, Bad Debts, or Indirect Medical Education for non-CAH hospitals An estimate for these settlements is recorded at the close of the fiscal year If the estimate varies from the final settlement received 6-7 months after the fiscal year ends then these amounts are recorded as prior year Medicare revenue The extent to which any shortfall reported in Part III, Line 7 should be treated as a community benefit and the rationale for the organization's opinion Essentia Health West is a part of a larger organization, Essentia Health Essentia Health and its member organizations incorporate the full value of the Medicare shortfall as a community benefit The rationale for the organization's opinion is providing care for the elderly and serving Medicare patients is an essential part of the community benefit standard Medicare, like Medicaid, does not pay the full cost of care and it is likely to get worse Many Medicare beneficiaries are poor and are eligible for Medicaid in addition to Medicare Medicare underpayment must be shouldered by the hospital in order to continue treating the community's elderly and poor These underpayments represent a real cost of serving the community

Form and Line Reference	Explanation
Part III, Line 9b	The policies and procedures for internal and external collection practices take into account the extent to which the patient qualifies for Essentia Health's Financial Assistance Policy (FAP) and financial assistance, a patient's good faith effort to apply for a governmental program or for financial assistance from Essentia Health, and the patient's good faith effort to comply with his/her payment agreements The organization offers extended payment plans to eligible patients and will not impose liens on primary residences nor report patients to a credit rating agency for outstanding patient bills The organization will not charge a patient gross amount of charges for any uninsured treatment Uninsured discounts will be applied to the gross charges prior to any financial assistance or other discounts At any time the organization recognizes that a patient may be eligible for State or Federal programs, a representative will assist the patient in obtaining information about these programs or provide contact information for these programs The organization contracts with an outside patient advocacy agency, which may provide assistance to the uninsured patient in applying to certain State and Federal programs At any stage of the patient experience and up through the collection process, the patient may express a concern that they are unable to pay their bill in full or meet the payment plan requirements At that time, the patient will be given every opportunity to complete and submit an application for financial assistance The organization trains its outside debt collection agencies and attorneys about the FAP and how a patient may obtain more information about the FAP or submit an application for financial assistance The organization requires its outside collection agencies and attorneys to refer patients who may be eligible for financial assistance to Essentia Health If a patient has submitted an application for financial assistance after an account has been referred for collection activity, the organization and its outside debt collection agencies suspend all collection activity until the patient's financial assistance application has been processed and Essentia Health has notified the patient of its decision

Part VI, Line 5	e with chronic diseases For example, Essentia Health now offers one-on-one tobacco cessat ion counseling at 37 sites across Minnesota, Wisconsin and North Dakota These sites cover a wide geography, from small rural communities to larger urban areas, and often serve peo ple living on low and moderate incomes In cases where these services are not covered by p rivate or government insurance or programs, Essentia Health covers the remaining costs Th is is true of other programsEssentia Health supports the health of our communities through active research and clinical trials through the Essentia Institute of Rural Health (Insti tute) The Institute conducts clinical, translational and health services research with a primary focus on the needs of rural Americans Various Essentia Health organizations contr ibuted approximately $4 25 million in support to the Institute during the past year Essen tia Health is also a primary supporter of medical education, particularly in the area of r ural primary care Essentia Health physicians serve as faculty and preceptors for the Univ ersity of Minnesota School of Medicine in Duluth, MN Essentia Health also provides fundin g, administrative support and residency opportunities for the Duluth Family Practice Resid ency Program This program is vital in addressing the growing shortage of primary care phy sicians in rural communities

Form and Line Reference	Explanation
Part VI, Line 6	Affiliated health care system Essentia Health West is part of Essentia Health, a fully integrated health system with 15 hospitals, over 60 clinics, seven long-term care facilities, three assisted living facilities, three independent living facilities, five ambulance services and one research institute in four states Minnesota, Wisconsin, North Dakota and Idaho The health system serves a predominantly rural population whose median incomes generally fall below averages of the states where they live The presence of our clinics and hospitals ensures that people with few economic resources don't have to drive an hour or more to receive basic (and in some cases lifesaving) medical care In addition to staffing hospitals and clinics in federally recognized underserved areas, Essentia Health supports the health of communities through active outreach programs that bring oncologists, cardiologists, neurologists and others into small hospitals and clinics Essentia Health's size and integrated structure also allow the organization to extend services like chemotherapy, congestive heart failure management, wound care and hospice care to smaller communities Patients are able to travel seamlessly between Essentia Health's smaller community clinics and its larger specialty care centers thanks to significant investments in electronic health records (EHRs) Every Essentia Health hospital and clinic is linked to this system, allowing clinicians to share everything from lab results and radiology images to notes on clinic visits, hospital stays and services like physical rehabilitation The EHR is also an increasingly valuable tool for patients and their families, thanks to MyHealth, which offers patients secure, 24/7 online access to their medical record MyHealth also allows patients to contact their physician or clinic, schedule appointments and order medication refills There are also established protocols that allow parents to access their children's medical records (with child's permission after age 11) and for adult patients to authorize access for family or friends who assist with caregiving These services are all offered at no cost to patients and their authorized family, friends and caregivers Essentia Health also promotes the health of all of its communities through adherence to evidence-based best practice standards and clinical quality goals designed to ensure that patients receive the same high standard of care at any Essentia Health hospital or clinic The Essentia Institute of Rural Health (Institute) actively supports community health through its translational and health services research with a primary focus on the needs of rural Americans The Institute also sponsors a number of conferences and other educational events, open to all medical professionals in the region, to ensure that rural clinicians have access to current medical education and training close to home In addition to work at the system level, Essentia Health's hospitals and clinics play additional roles in promoting health within their communities Each of Essentia Health's 15 hospitals conducts a community health assessment to determine the unique health needs of community residents These assessments, which are based on input from a broad range of community residents and stakeholders, are the basis for action plans aimed at addressing the community's most pressing health needs Most recently, topics of concern have included eliminating social and economic barriers to health and wellness, improving mental health services and awareness, and addressing obesity and creating opportunities for fitness These issues are then addressed through collaboration with private business, government agencies and other non-profits Essentia Health employees contribute directly to the health and wellness of their communities by volunteering in programs ranging from Habitat for Humanity to United Way food and clothing drives They are active fundraisers for health-related organizations in their communities, like local chapters of the American Heart Association and March of Dimes Essentia Health encourages and supports these volunteer efforts in a variety of ways, including sponsorships, financial contributions and volunteer recognition We also support community health through six foundations and through corporate contributions that focus on programs and services, like after-school meal and tutoring programs or respite services for caregivers of loved ones with dementia, that benefit the overall health of the communities we serve
