Part X, Line 2:

Accounting for uncertain income tax positions, relating to both Federal and state income taxes, are required when a more likely than not threshold is attained. If such positions result in uncertainties, then the unrecognized tax liability is estimated based on a cumulative probability assessment that aggregates the estimated tax liability for all uncertain tax positions. With the adoption of these new rules, the Organization assessed its tax positions in accordance with the guidance. The Organization has determined that its tax status as a Rhode Island non-profit corporation is its only tax position and is highly certain. Therefore, these rules had no impact on the Organization's financial statements.
