Schedule H, Part III, Line 3 Financial Assistance Bad Debts	OhioHealth Corporation has a very robust financial assistance program, therefore, no estimate is made for bad debt attributed to financial assistance eligible patients

Form and Line Reference	Explanation
Schedule H, Part III, Line 4 Accounts Receivables	Accounts receivable for patients, insurance companies, and governmental agencies are based on gross charges. An allowance for contractual adjustments is based on expected payment rates from payors based on current reimbursement methodologies. This amount also includes amounts received as interim payments against unpaid claims by certain payors. An allowance for uncollectible accounts is established on an aggregate basis by using historical write-off rate factors applied to unpaid accounts based on aging. Loss rate factors are based on historical loss experience and adjusted for economic conditions and other trends affecting the Corporation's ability to collect outstanding amounts. Uncollectible amounts are written off against the allowance for doubtful accounts in the period they are determined to be uncollectible. For receivables associated with self-pay patients (which includes both patients without insurance and patients with deductible and copayment balances due for which third-party coverage exists for part of the bill), the Corporation records a provision for bad debts in the period of service on the basis of its past experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible. The difference between the standard rates (including uninsured discount) and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for doubtful accounts in the period they are determined to be uncollectible. Each OhioHealth entity applies a discount to self-pay patient accounts that do not qualify for charity at the time of billing. If the account is deemed uncollectible, the balance is written off to bad debt. OhioHealth makes all reasonable efforts to qualify eligible patients for charity, including periodic retrospective account reviews to determine if patients that were written off to bad debt should have qualified for charity.

Schedule H, Part III, Line 8 Medicare Shortfall	In accordance with the Catholic Health Association guidelines per "A Guide for Planning and Reporting Community Benefits," OhioHealth does not report Medicare shortfall as community benefit

Form and Line Reference	Explanation
Schedule H, Part III, Line 9b Debt Collection Policy	The Organization has a Written Debt Collection Policy. The policy provides the following guidelines as it relates to patients who qualify for Charity Care. The patient may apply for financial assistance via Medicaid, Victims of Crime, HCAP/Charity with an OhioHealth contracted company to help the applicant complete the process when needed. The operational practice, consistent with the intent of the policy, is that once the charity determination is made, collection efforts are suspended. If a patient qualified for a discount, collection efforts on this balance are consistent with all other self pay collections.

Form and Line Reference	Explanation
Schedule H, Part VI, Line 5 Promotion of community health	A majority of OhioHealth's governing body is comprised of persons who reside in its primary service area who are neither OhioHealth employees nor contractors of the Organization, nor family members thereof. OhioHealth extends medical staff privileges and/or membership to all qualified physicians in the communities it serves to ensure that each community has access to the necessary medical services. OhioHealth reinvests in the community to improve quality of care, increase access to care and enhance service to patients and their families. Instead of paying dividends to shareholders or owners, OhioHealth uses its earnings to provide a broad array of community benefits. For example, OhioHealth: -Provides charity care to those without adequate resources to pay for their care, in conjunction with its charity care policies. -Invests in research, innovation, technology, and medical education and training, to advance medical knowledge and provide the highest quality of care and service to patients. -Subsidizes essential community health services - trauma centers, poison control, psychiatric services, kidney dialysis, that might not otherwise pay for themselves. -Supports a wide range of vital community outreach services, targeting the most vulnerable and historically-underserved residents of the community. -Extends care via outpatient facilities in the surrounding neighborhoods, thus providing excellent access to care. In total, OhioHealth Corporation and its affiliates provided \$296,960,912 (per Community Benefit Report) of community benefit (which includes the Medicaid shortfall). The total community benefit represents an appropriate balance of charity care, community health services, subsidized health services, research and net medical education costs, and cash or in-kind community building.

Return Reference	Explanation
Form 990, Part VI, Line 12c Conflict of interest policy	The Conflict of Interest Policy has been reviewed by independent tax counsel to assure its compliance with the requirements of the Internal Revenue Service. The policy requires all officers, directors and key employees to complete an annual questionnaire pertaining to conflicts of interest. The questionnaire is administered by the General Counsel of OhioHealth. The responses are recorded and reported to the Board in the format approved by the Chair of the Board (a community member). In the interim between questionnaires, conflicts are to be reported to the General Counsel, who will advise the conflicted officer, director or key employee on the steps required to manage or clear the conflict. Failure to report a conflict, or failure to follow the steps advised to clear the conflict, constitutes grounds for disciplinary action. Members of the governing board with a transactional conflict are required to recuse themselves from any discussion and/or vote pertaining to the conflicted transaction, and this is reflected in the minutes of the organization. Legal counsel attends Board meetings and Board committee meetings with the instruction to assure the Conflict of Interest Policy is followed.

Return Reference	Explanation
Form 990, Part VI, Line 15a Process to establish compensation of top management official	The OhioHealth CEO's compensation is set by the Compensation Committee, which is composed of independent and disinterested members of the Board of Directors. The CEO's 2015 base salary and his 2015 total compensation which includes all incentive plans and benefits were estimated to approximate the 76th percentile of a peer group of comparable high performing health systems across the United States. In 2014, OhioHealth implemented an incentive plan to reward achievement of long-term strategic priorities for certain key senior executives. The payout reflects performance over a two year period. The organization's performance for FY 6/30/2014 was at the 85th percentile and for FY 6/30/2015 was at the 81st percentile as measured by the Balanced Scorecard using Quality, Customer Service, Culture, and Finance indicators. The 990 reporting of Compensation Committee approved CEO compensation for 2015 is in alignment with the CEO's tenure, experience and demonstrated level of sustained top quartile performance of OhioHealth. The OhioHealth Corporation's Compensation Committee annually receives a report from its independent executive compensation consultant, which includes third-party comparability data for functionally-similar positions in comparable not-for-profit health systems across the United States. The annual report to the OhioHealth Corporation's Compensation Committee, completed each fall, includes market analyses for base salaries, total cash compensation, benefits and perquisites, and aggregate total compensation values for the Chief Executive Officer, Executive Vice Presidents, Senior Vice Presidents and Entity Presidents, to support OhioHealth's qualification for the rebuttable presumption of reasonableness. The OhioHealth Corporation's Compensation Committee reviews and approves each executive's compensation, based on performance and the compensation philosophy, and rationale for the Committee's decisions is documented in meeting minutes.
