Part X, Line 2	The school is organized as a not-for-profit corporation under Section 501(c)(3) of the United States Internal Revenue Code adn similar state laws. However, the School is subject to federal and state income tax on any unrelated business taxable income. Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the School and recognize a tax liability if the School has taken an uncertain position that more likely than not would not be sustained upon examination by various federal and state taxing authorities. Management has analyzed the tax positions taken by the School, and has concluded that as of June 30, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying financial statements. The School has filed its federal and state income tax returns for the period through June 30, 2015 and is subject to routine audits by taxing jurisdictions. However, as of the date the financial statements were available to be issued, there were no audits for any tax periods in progress. These income tax returns are generally open to examination by the relevant taxing authorities for a period of three years from the later of the date the return was filed or its due date (including approved extensions).
