Intended Uses of Endowment Funds	Schedule D, Part V, Line 4 The purpose of the endowment is to support the College and its mission over the long term. Accordingly, the primary investment objectives of the endowment are to: a) preserve and increase long-term real purchasing power of the funds' principal; b) provide a stable source of financial support for the college's annual operating budget per policy set by the board of trustees; c) provide ongoing financial support in the form of scholarships, awards, faculty chairs, lectureship, book funds and other specified purposes in accordance with the Board of Trustees' investment policies and donor agreements.
Liability for Uncertain Tax Position (ASC 740)	Schedule D, Part X, Line 2 The College has received a favorable determination letter from the Internal Revenue Service stating that it is exempt from federal income taxes under the provisions of Section 501(c)(3) of the Internal Revenue Code of 1986 (IRC), except for income taxes pertaining to unrelated business income. The Financial Accounting Standards Board issued guidance that requires tax effects from uncertain tax positions to be recognized in the financial statements only if the position is more likely than not to be sustained if the position were to be challenged by a taxing authority. Management has determined there are no material uncertain positions that require recognition in the financial statements. The College has not accrued any provision for income taxes as the College has had no significant unrelated business income. There is no interest or penalties recognized in the statements of activities or statements of position. The tax years ending 2013, 2014, 2015 and 2016 are still open to audit for both federal and state purposes.

The completed forms are returned to and reviewed by the Board Audit Committee Chair. The Audit Committee Chair together with the Audit Committee is responsible for administration of this policy. Matters of concern are brought to the Chair of the Board of Trustees or the President. Approval of compensation transactions and other transactions covered by the policy are done through a review composed entirely of individuals who do not have any conflict of interest with respect to the arrangement or transaction at hand. Persons determined to have a conflict of interest are prohibited from participating in the governing body's deliberations and decisions in transactions which may relate to the conflict. They rely upon independent comparability data or valuations prior to making a determination. Matters related to compensation rely on external expertise in higher education.

Process for Determining President's Compensation	Form 990, Part VI, Line 15a The current President was hired effective July 1, 2016 as the result of the Presidential Search Committee that was Chaired by a College Trustee and advised by a third party consulting firm. The Board approved the President's contract which spans the four years ending June 30, 2020, and the contract defines the terms of compensation, which was based on a review of comparable compensation of similarly qualified persons, similar positions, and similar organizations. The President's salary is to be reviewed annually and the salary may be adjusted upward, by the sole discretion of the board, based on the board's assessment of the President's performance. Compensation is contemporaneously documented within the presidential search committee records.

Return Reference	Explanation
Process for Determining Officer's Compensation	Form 990, Part VI, Line 15b Top management's (Vice Presidents and Deans) salaries are reviewed annually by a process similar to all other employees. The President performs a formal evaluation. Using the CUPA-HR annual Salary Survey--the annual performance evaluation and the financial constraints of the College--the President then determines the salary revisions which are reviewed by the Human Resources Committee of the Board of Trustees. All other key employee salaries are reviewed annually by a similar process as the top management. Formal performance evaluations are performed by the supervisor of each key employee with recommendations for salary revisions provided to the top management employee over that area of responsibility. The evaluations and recommendations together with the comparison to the CUPA-HR annual Salary Survey and the preset budget for salary increases are reviewed by each top management administrator with recommendations presented to the President. Final approval is given by the President. Minutes of the human resources committee document the determinations made during executive session.
