Form and Line Reference	Explanation
Schedule H, Part VI, Line 4 Community information	St Joseph Health System has defined its primary service area and population as Iosco County, Michigan. While services span a five county expanse, Alcona and Oscoda County to the North, Iosco and Arenac County to the south, Ogemaw County to the west and Lake Huron to the east, market share data shows that the majority of those served live or work in Iosco County and come from the following zip codes 48730, 48763 and 48750. Considered rural, Iosco County is in the northeast quarter of the lower peninsula of Michigan in the heart of Lake Huron's "Sunrise Side." According to the US Census Bureau, Iosco County has a total area of 1,891 square miles of which 549 square miles is land and 1,342 square miles (70.96%) is water. St. Joseph Health System is located in Tawas City, which serves as the County Seat. Iosco County has an estimated population of 26,255 and is considered to be part of northern Michigan. Approximately 60% of the county is held in public ownership (Huron National Forest and State forest lands). The majority of the local population resides along the Lake Huron shoreline near US-23, East Tawas, Tawas City and Oscoda. The remaining population concentrations and employment opportunities are found to the west, where M-65 connects Hale, Plainfield Township and Whittemore. From the standpoint of political subdivisions, the county consists of eleven townships and three cities. Business in Iosco County is comprised of manufacturing, agriculture and tourism. Having experienced significant unemployment and population declines with the closing of the Wurtsmith Air Force Base in 1993, Iosco County struggles to recover. The underlying social determinants of health have significant impacts on this small community and the hospital. Today, unemployment rates (currently at 7.7%) and poverty rates, especially in children, (currently at 31.4%) remain well above the state average. The Annie E. Casey Foundation, Kids Count in Michigan Data Book 2014 reveals 65.2% of Iosco County Students receive free/reduced price school lunches, a rate much higher than the state average of 4.7%. Education is a driving factor that has been linked to increased life expectancy, less disease, delayed aging and lower risk of unhealthy behaviors. Iosco County trails the state percentage of 26% with only 15% holding a Bachelor's degree or higher. Median Household Income is \$36,928 with the state average at \$49,087, another critical factor affecting health outcomes. The percentage of families with earnings below the poverty level is 16%. Considering the 29% who earn above the poverty level but below the basic cost of living for the county, the total number of Iosco County residents struggling to afford basic needs is 45%. According to the US Census Bureau, 28.4% of Iosco County residents are enrolled in Medicaid compared to the state average of 21.76%. This indicator is relevant because it assesses vulnerable populations which are more likely to have multiple health access, health status, and social support needs. Based on Michigan Inpatient Data Base sources within the primary service area 96.0% of residents are Caucasian and 4.0% are African American and other. Of the approximately 25,420 residents in the primary service area approximately 28% are 65 years of age or older. Payer Mix - Medicare - 55.5% - Blue Cross - 13.2% - Medicaid - 17.9% - Commercial - 5.7% - Self Pay - 3.5% - Other - 4.2%. St. Joseph Health System owns ten provider-based clinics and seven of those clinics are designated rural health clinics located throughout the full service market area. The scope of service includes primary care, obstetrics, gynecology, pediatrics, general surgery, internal medicine, after hours and specialty care. Additionally, there are two federally qualified health centers located in Iosco and Arenac counties respectively. There are two hospitals located approximately one hour travel time north and west of St. Joseph Health System.
