Saint Thomas Health (STH) is Middle Tennessee's faith-based, not-for-profit health care system united as one healing community. Saint Thomas Health is focused on transforming the healthcare experience and helping people live healthier lives, with special attention to the poor and vulnerable. The regional health system included, in FY16, nine (9) hospitals: Saint Thomas Hospital for Specialty Surgery, Saint Thomas Midtown Hospital and Saint Thomas West Hospital in Nashville, Saint Thomas Rutherford Hospital in Murfreesboro, Saint Thomas Hickman Hospital in Centerville, Saint Thomas Stones River Hospital in Woodbury, Saint Thomas DeKalb Hospital in Smithville, Saint Thomas Highlands Hospital in Sparta, and Saint Thomas River Park Hospital in McMinnville. A comprehensive network of affiliated joint ventures, medical practices, clinics and rehabilitation facilities complements the hospital services. Saint Thomas Health is a member of Ascension, a Catholic organization that is the largest not-for-profit health system in the United States. Saint Thomas Health is committed to providing care to the communities it serves with attention to the poor and vulnerable. STH's mission provides a strong foundation and guidance for its work as a caring ministry of healing, including its commitment to community service and to provide access to quality healthcare for all. The STH Mission, Vision and Values are the key factors influencing their approach and commitment to addressing community health needs through their community benefit activity. Ascension's Socially Just Wage and Benefits Policy, established in 2001, applies to all of Ascension, including subsidiary entities and contractual third-party vendor relationships. Saint Thomas Health and Ascension are committed to providing a livable wage to all associates. Minimum wage within Ascension was raised to \$11/hour during FY15. Catholic Social Teaching recognizes that each individual has a fundamental right to share in the fruits of her or his labor and to have basic needs met, including access to health care. An essential component of the Socially Just Wage Policy is the employer subsidization of the cost of healthcare insurance for lower-paid associates. This employer subsidy, combined with the minimum hourly wage rate, provides affected associates with a decent standard of living and affordable access to healthcare. Saint Thomas Health supports a variety of efforts and continues to work in collaboration with other community agencies to address the health and well-being of our community, especially the poor and vulnerable, including restricted cash donations to outside organizations, in-kind donation of employee time/services to outside organizations and representation on community/non-profit boards and committees which work to improve the health and quality of life of the communities we serve. As a system, STH supports a variety of efforts specifically aimed at providing services for persons who are poor and vulnerable, and at improving the health of the community. For example, in fiscal year 2016: Continuing Medical Education: STH offers a variety of online accredited continuing medical education courses. Additionally, in-person seminars on various health topics are offered. The courses are open to all physicians and health professionals. During FY16, 10 educational courses/seminars were offered with total attendance of 875. Graduate Medical Education: STH and its Affiliates serve as training sites for University of Tennessee, Meharry Medical College and Vanderbilt University medical residents. In fiscal year 2016, 113 medical residents received graduate medical education training at a Saint Thomas Health site. Medical Missions at Home: STH organized four medical mission events, one in Davidson County, one in Hickman County, one in Grundy County and one in Rutherford County, each held within a low-income community.</p>

<p>Schedule H, Part VI, Line 6  <b>PROMOTING THE HEALTH OF THE COMMUNITIES SERVED - PART 1</b></p>	<p>Volunteers from all STH entities participated, and community volunteer providers offered health screenings, referrals, consultations, dental care, eye exams, glasses, health education, and a health ministry presence to persons who otherwise have limited access to health care. In FY16, these events served 1,493 community members in a total of 4,827 encounters at Saint Thomas Medical Partners Family Health Centers. The mission of the Saint Thomas Medical Partners' network of family health clinics is to serve the community by providing health care to all ages regardless of insurance status or financial resources. All clinics are staffed by licensed medical professionals. For those who do not have insurance, clinic fees are discounted 46% with additional discounts given for paying day of service. For those who qualify, clinic fees are based on a sliding scale using federal poverty guidelines. In addition, private insurance, Medicare and TennCare are accepted. STH operates 7 primary care safety-net clinics, with one specifically focused on women's health care. These sites provided 72,566 patient encounters for 24,814 patients in fiscal year 2016. The clinics are committed to providing high-quality primary care to the uninsured and underinsured, and they serve the Davidson, Hickman, and Rutherford County communities. These clinics serve as a medical home for many patients, acute medical care is provided typically on the same day, and patients with chronic illnesses are seen routinely. The clinics offer a broad range of women's health care. For patients struggling with mental health issues, a Psychiatric Nurse Practitioner and licensed social worker are available at certain clinics, chaplaincy services are also an available support at certain clinics. The clinics utilize the services of the Dispensary of Hope to provide convenient access to free and reduced-cost medications. Social workers and trained nurses also help patients request free medications through the Patient Assistance Program Referral Services. The clinics work to ensure access to specialty services by linking patients to other resources within the community. The South and West Clinics offer additional services. Clinica Nueva Vida - a comprehensive prenatal care program for uninsured, low income Hispanic women in Greater Nashville, and The Healthy Lifestyles Program - a program for adults with type 2 diabetes or pre-diabetes utilizing group and individual nutritional counseling, along with cooking and exercise classes, combined with medical monitoring. ST Midtown, ST Rutherford, and ST West provide financial support to the health centers. Our Mission in Motion. The mobile mammography outreach program is designed to increase access to high quality screening mammography for all women, with special attention to the poor and vulnerable in Middle Tennessee. The program provides screening mammograms in collaboration with local employers, communities, and safety net clinics, reducing the barrier of transportation and inability to afford time away from work. Screening mammograms are available to the uninsured. When indicated, Our Mission in Motion works with women to connect them to follow up care. It is the goal of the program to improve the compliance rates for screening mammography by making services accessible and affordable, thus decreasing the late stage detections of breast cancer for women in Middle Tennessee. Women delay their annual mammograms for numerous reasons, with the most common including lack of insurance, financial barriers, and the inability to take time off work to receive one. In fiscal year 2016, 3,057 screenings were performed at 204 stops. 221 women received mammography screening for the first time, and 654 women were screened who had not had a mammogram in over two years.</p>

Schedule H, Part I, Line 7 Costing Methodology used to calculate financial assistance	The cost of providing charity care, means-tested government programs, and other community benefit programs is estimated using internal cost data, and is calculated in compliance with Catholic Health Association ("CHA") guidelines. The organization uses a cost accounting system that addresses all patient segments (for example, inpatient, outpatient, emergency room, private insurance, Medicaid, Medicare, uninsured, or self pay). The best available data was used to calculate the amounts reported in the table. For the information in the table, a cost-to-charge ratio was calculated and applied.

Schedule H, Part VI, Line 2 Needs assessment	<p>Saint Thomas DeKalb Hospital, Saint Thomas Highlands Hospital, Saint Thomas River Park Hospital, and Saint Thomas Stones River Hospital were purchased by Saint Thomas Health in fiscal year 2016. The hospitals had not previously conducted a CHNA, as they had been investor-owned facilities and exempt from this requirement. However, much work was done during fiscal year to begin the first CHNA for the hospitals, to meet the following objectives: 1. Provide an unbiased comprehensive assessment of DeKalb, White, Warren and Cannon Counties' health needs and assets; 2. Use the CHNA to prioritize the Saint Thomas Health Community Benefit Program strategy; and 3. Fulfill Internal Revenue Service regulations related to 501(c)(3) non-profit hospital status for federal income taxes.</p> <p>Stratasan was engaged during fiscal year 2016 to assist with the CHNAs and specifically to provide analysis of community health data, and to facilitate focus groups and community health summits to assist with determining significant health needs and community goals for improvement. Tennessee Charitable Care Network was also engaged during fiscal year 2016 to assist with obtaining community representative and leader insight. Interviews, focus groups, and community health summits occurred in fiscal year 2016 in DeKalb and White Counties. In both counties, input from persons representing broad interests of the community and populations which are underserved, low-income, minority and/or with chronic disease needs were included throughout the CHNA process. The hospitals is partnering with the health department in each county in the conducting of the CHNA, to engage additional special knowledge of and expertise in public health and specifically the health of the respective counties. A CHNA and Implementation Strategy will be adopted by each hospital during fiscal year 2017. In addition to the CHNA, the organization, Saint Thomas Health (STH), parent of Saint Thomas Regional Hospitals, assesses the health needs of the communities it serves through representation on local health councils and non-profits addressing the needs of the underserved.</p>

Schedule H, Part VI, Line 3 Patient education of eligibility for assistance	<p>Education of eligibility for assistance at Saint Thomas Regional Hospitals begins at registration with signage displayed at all registration points notifying patients that we have a Financial Assistance Program, as well as contact information for the patient to use should they need assistance. Plain Language Summaries of the FAP containing this information are also available for patients at all registration points. Saint Thomas Regional Hospitals' registration associates discuss the estimated balance that will be due with both insured and self-pay patients. Should the associate identify that the patient may need assistance with that balance he/she will provide the patient with a Financial Assistance Application and help them complete it, if needed. All self-pay and underinsured patients are screened by Saint Thomas Regional Hospitals for alternative coverage including Medicaid, SSI/SSD, Cobra, student coverage, and crime victims' compensation. If no alternative is identified then an associate will work with the patient to complete a Financial Assistance Application. Also, contact information is listed on Saint Thomas Regional Hospitals billing statements for the patient to use in the event they need assistance with their balances. Collections associates have been trained to offer patients a Financial Assistance application if needed. Saint Thomas Regional Hospitals work with third party collection vendors who are required to follow the Hospital's Financial Assistance Policy. A third party vendor is also used to perform presumptive charity scoring on all accounts prior to bad debt placement to identify any accounts that may qualify presumptively for financial assistance even if a patient did not request to apply for financial assistance.
