Schedule H, Part III, Line 1 BAD DEBT IN ACCORDANCE WITH STATEMENT NO 15	VCH-P reports bad debt in accordance with generally accepted accounting principles (GAAP) Healthcare Financial Management Statement No 15 is followed to the extent that it aligns with the guidelines set forth by GAAP

Form and Line Reference	Explanation
Schedule H, Part I, Line 7 Costing Methodology used to calculate financial assistance	The cost of providing charity care, means tested government programs, and community benefit programs is estimated using internal cost data, and is calculated in compliance with Catholic Health Association (CHA) guidelines. The best available data was used to calculate the amounts reported in the table. For certain categories in the table, this was a cost accounting system, in other categories, a specific cost-to-charge ratio was applied.

Form and Line Reference	Explanation
Schedule H, Part II Community Building Activities	<p>Involvement with community advisory boards and civic organizations ensures that the hospital leaders are knowledgeable about the various needs in the community but also allows them to partner with these organizations with the health resources they have readily available. In addition, they can give expert advice on health issues the community is experiencing and offer ways to address them through the resources available to them or with professional relationships they have with other health care providers. They have offered government leaders advice when working with architects when new government facilities are plan and they continue to save government and other not-for-profit organizations money by offering them meeting space at no cost for business meetings and/or special events. They also assist organization with conflict resolution, cultural and civic skills trainings or other programs where leadership development is a part of the community. They participate in workforce related activities with the area high schools offering talks on medical career choices or allowing students to shadowing them at work to discern whether a medical career is something they would like to pursue.</p>

Form and Line Reference	Explanation
Schedule H, Part III, Line 2 Bad debt expense - methodology used to estimate amount	Bad debt expense at cost is determined using the same cost-to-charge ratio that is used for charity care and Medicaid shortfall VCH-P follows the guidance from CHA and does not consider bad debt as a community benefit

Form and Line Reference	Explanation
Schedule H, Part III, Line 3 Bad Debt Expense Methodology	Via Christi Hospital Pittsburg, Inc has a very robust financial assistance policy, therefore, no estimate is made for bad debt attributed to financial assistance eligible patients

Form and Line Reference	Explanation
Schedule H, Part III, Line 4 Bad debt expense - financial statement footnote	<p>From the audited financial statements of Ascension Health Alliance (which include the activity of Via Christi Hospital Pittsburg, Inc) The provision for doubtful accounts is based upon management's assessment of expected net collections considering historical experience, economic conditions, trends in healthcare coverage, and other collection indicators Periodically throughout the year, management assesses the adequacy of the allowance for doubtful accounts based upon historical write-off experience by payor category, including those amounts not covered by insurance The results of this review are then used to make any modifications to the provision for doubtful accounts to establish an appropriate allowance for doubtful accounts After satisfaction of amounts due from insurance and reasonable efforts to collect from the patient have been exhausted, the System follows established guidelines for placing certain past-due patient balances with collection agencies, subject to the terms of certain restrictions on collection efforts as determined by the System Accounts receivable are written off after collection efforts have been followed in accordance with the System's policies The methodology for determining the allowance for doubtful accounts and related write-offs on uninsured patient accounts has remained consistent with the prior year VCH-P's bad debt deduction was \$4,537,528 at charges and \$1,406,945 at cost (after the cost to charge ratio was applied to the amount of charges)</p>

Form and Line Reference	Explanation
Schedule H, Part III, Line 8 Community benefit & methodology for determining medicare costs	VCH-P follows the CHA guidelines regarding Medicare and does not include it as community benefit. However, the methodology described in the instructions to Schedule H, Part III, Section B, Line 7 for reporting Medicare shortfall does not take into account all costs incurred by VCH-P and does not represent the total Medicare shortfall. The Medicare shortfall reported on Schedule H, Part III, Section E, Line 7 was determined using information from the organization's Medicare cost report (using the Medicare cost report step-down methodology of allocating costs). However, utilizing an internal cost accounting system actually results in a Medicare shortfall of \$5,682,889. The most common reason for a difference between the Medicare shortfall reported on schedule h and the actual shortfall reported above include inclusion of Medicare advantage revenue and expenses, inclusion of Medicare Part B revenue and expenses, inclusion of other fee schedule revenue, other timing issues, and costs that are considered unallowable on the Medicare cost report that are, in fact, related to Medicare Patient care.

Form and Line Reference	Explanation
<p>Schedule H, Part III, Line 9b Collection practices for patients eligible for financial assistance</p>	<p>It is the policy of VCH-P to promote socially just practices for billing and collections for all patients receiving care. The policy is intended to further the VCH-P mission by requiring ethical conduct in billing and collecting self-pay balances from patients/guarantors regardless of ability to pay. The policy ensures that prior to turning an account over to a third party collection agent (agent) for collection activity, VCH-P will perform a reasonable review of each account to verify that the patient/guarantor is not potentially eligible for any government assistance programs (e.g. Medicaid, Medicare, etc.) and would likely not qualify for charity care. VCH-P will direct its staff and agents to periodically assess each patient/guarantor's ability to pay or to determine eligibility for charity care. The review and assessment should include but may not be limited to the following: A. Ensure the patient/guarantor has been notified of VCH's financial assistance policy, B. Ensure the patient/guarantor was offered a financial assistance application, C. Ensure documentation of any known extraordinary financial circumstances of the patient/guarantor or if they are medically indigent.</p>

Schedule H, Part VI, Line 2 Needs assessment	<p>Via Christi Hospital Pittsburg, Inc (VCH-P) was a core team member in the 2014 Lower 8 Community Health Needs Assessment and Community Health Improvement Plan. This assessment covered The Lower 8 Counties of Southeast Kansas - Chautauqua, Cherokee, Crawford, Elk, Labette, Montgomery, Neosho and Wilson County. The Health Departments of these Lower 8 Counties, VCH-P, County Commissioners, and others were involved in bringing this CHNA to fruition. The Lower 8 CHNA followed the MAPP Process adopted by the Council of Health Departments. It included 4 assessments: Community Themes and Strengths, Community Health Status, Local Public Health System and Forces of Change. Surveys were distributed by all core team members and were available electronically for residents to participate in the identification of needs. A total of 3,261 surveys were analyzed. The Survey was available in English and Spanish and was made available in paper and electronic format.</p>

Schedule H, Part VI, Line 3 Patient education of eligibility for assistance	The VCH-P financial assistance staff is trained on how to qualify patients for Medicaid, SCHIP, and other such income-based programs. During the patient's registration, admissions, and discharge processes, VCH-P staff attempt to identify patients who may be eligible for charity or discounted care through the charity care policy. In addition, VCH-P uses a percentage of the federal poverty guidelines (FPG) to determine free and discounted care.

Form and Line Reference	Explanation
Schedule H, Part VI, Line 4 Community information	<p>While VCH-P serves the general southeast region of the State of Kansas, the primary county for VCH-P is Crawford. Crawford County has a land area of 590 square miles. Crawford County has an estimated 2015 population of 39,217 with the following population demographics: 91.8% white, 2.3% Black, 0.9% American Indian, 1.7% Asian, and 5.3% persons of Hispanic or Latino origin. Approximately 6.0% of the Crawford County residents reported using a language other than English in their homes. High school graduation rates, for the years 2011-2015, were 90.0% in Crawford County. A bachelor's degree or higher was reported by 28.6% of Crawford County residents. Median household income for Crawford County residents for the years 2011-2015 was \$36,534 compared to \$52,205 for Kansans in general. Median value of owner-occupied housing units for the same time period was \$85,900 for Crawford County and \$132,00 for Kansas. According to Quick Facts from the US Census, 19.1% of Crawford County lived below the poverty level between the years 2011-2015. This is higher than the 13.5% identified for the State of Kansas. VCH-P is the only hospital facility in the City of Pittsburg. Other hospitals are in neighboring communities but offer fewer services. In order to find a similar medical facility, patients would need to travel to Joplin, Missouri or Tulsa, Oklahoma for emergency care. Kansas reported in 2015 that 14.6% of all residents were persons 65 years of age and older. This compares to 14.9% for Crawford. Thus services for a growing aging population need to be monitored in future assessments.</p>

Form and Line Reference	Explanation
<p>Schedule H, Part VI, Line 5</p> <p>Promotion of community health</p>	<p>VCH-P enriches Crawford County as well as the broader community by improving medicine through educating clinical providers and providing care and support to people in need. VCH-P further supports this mission with a community board, open medical staff, and an emergency room available 24/7 to patients regardless of ability to pay. The majority of its Governing Board are external members comprised of persons who reside in or around Crawford County and have overall responsibility for the charitable mission of the organization as set forth in its Articles of Incorporation and Bylaws. These directors are selected based on their expertise, experience, and other criteria established by the nominating committee of the Board of Directors. Areas of expertise and experience include such areas as healthcare, finance, education, and local government. The Board actively debates and sets policy and strategic direction for the ministry but does not get involved in issues related to daily operations. The Board takes a balanced approach when addressing community and business/financial concerns. The Board is also the primary group for determining the use of surplus funds generated by the organization which are reinvested in the ministry in order to allow the ministry to sustain its mission and prepare for the future.</p> <p>-The medical staff of VCH-P is open and is composed of physicians licensed to practice medicine in the State of Kansas.</p> <p>-VCH-P staff participates on boards of not-for-profit organizations (e.g. Mother to Mother - a mentoring program for young mothers without a support system, Elm Acres - a juvenile offender residential program who are in the custody of the state, Crawford County Community Coalition, United Way Board, etc.).</p> <p>-In Pittsburg, Kansas, VCH-P participated in monthly car seat installations and safety checks where staff educated those in attendance on how to properly install and adjust infant and child car seats and if needed gave free seats to those who could not afford one. Periodic health fairs were held at various locations around town to promote healthy living and good nutrition practices (e.g. Four State Farm Show, Pittsburg State University Community Fair and some local employers who were hosting health fairs for their employees). Staff also perform blood pressure screenings, and shared information regarding fall prevention in the home, stroke recognition training and breast exam presentations. BMIs, BP, bone density screening and low cost lab tests were also offered for the Pittsburg Area Chamber Health Fair.</p> <p>-Concussion education for youth football coaching staff and parents, and concussion screenings were held in multiple locations (middle school, high school and college) throughout the year.</p> <p>-Civic groups are also invited in to VCH-P to use conference rooms for their meetings to allow their limited resources to be used for programs that enhance the quality of life in the community.</p> <p>-Staff assist with fundraising efforts for other not-for-profit organizations (e.g. Angels Among Us Chicken Shack, Mother to Mother, Project Warmth, and United Way).</p> <p>-Staff also assist with coordinating and participating in periodic American Red Cross blood drives.</p> <p>-VCH-P provides a monthly meal subsidy for the Family Resource Center to ensure children get healthy meals while at the daycare center.</p> <p>-VCH-P also provides free medication for indigent patients who are in need of financial assistance.</p> <p>-VCH-P hosts monthly support groups for those with breast cancer and those who may have other types of cancer as well.</p> <p>-VCH-P has additional support groups and/or educational classes for those who have had strokes or have been diagnosed with arthritis.</p> <p>-VCH-P also operates a transport CareVan for those without transportation to get to and from their health care appointments. The van not only covers the City of Pittsburg but also goes into the rural areas of the county. In 2015, VCH-P provided 7,160 passenger trips for medical care at a cost of \$108,662.</p> <p>-Smoking cessation classes are held as statistics show that Crawford County has a higher percentage of people who use tobacco products than other counties in Kansas which explains the increased costs of dealing with Lung Diseases. In 2015, 64 smokers participated in these cessation classes.</p> <p>-VCH-P also serves as a training site for nursing students, lab technicians, pharmacy students, cardiac rehab, ultrasound and radiology and others who must complete a field practicum before earning their diplomas and/or degrees.</p> <p>-A monthly discount is given to the Family Resource Center on their food expenses in order to provide healthy meals to children who are served through the FRC's daily programs. In 2015, VCH-P provided the Family Resource Center with \$42,000 to assist with their monthly food cost for their daycare center students.</p>

<p>Form 990, Part VI, Line 15a PROCESS FOR DETERMINING EXECUTIVE COMPENSATION</p>	<p>Via Christi Hospital Pittsburg, Inc. uses the policies established by Via Christi Health, Inc. (VCH). VCH has established a common philosophy, strategy, and process for executive compensation. Through the oversight of the VCH Executive Compensation Committee, executive compensation is competitively positioned at its stated market position when compared to the compensation paid by relevant organizations (comparably-sized health systems, hospitals, and long-term care providers). VCH recognizes its responsibility to ensure that its executive compensation program is appropriate in view of its mission and tax-exempt status and that its compensation levels and expenditures are reasonable and not excessive. To ensure these ends, the VCH Executive Compensation Committee has established and approved the executive compensation philosophy for VCH and all related entities. It will also approve all changes in the compensation package for VCH executives in advance. On an annual basis, the Committee conducts a comprehensive review of total compensation for all executives. It also reviews and approves "off-cycle" compensation transactions as needed. In their review, the Committee considers the following factors: - Market data from independent compensation surveys and sources that reflect comparable positions in organizations of similar size and scope, - Difficulties in recruiting and retaining executives, - Skills, experience and performance history of individual executives, - Critical business or strategic issues that the organization may face, and - Market position for total compensation. The adequacy, competitiveness, and cost of the VCH total executive compensation program are reviewed on an ongoing basis and changes are made as the Committee determines appropriate. The executive compensation program will be maintained such that it will fall within the safe harbor guidelines established by the intermediate sanctions regulations. The Committee also employs the services of an independent compensation consultant to prepare market analysis to aid and support the Committee's actions, provide documentation of market trends for budget setting purposes, review annual compensation changes to ensure "reasonableness" and provide attestation, and provide consultation on all executive compensation issues. The Committee also relies on third-party validation of performance measures used in the determination of compensation.</p>
