Schedule H, Part I, Line 7 Costing Methodology used to calculate financial assistance	The costing methodology used to complete Line 7a (Charity Care) and Line 7B (Unreimbursed Medicaid) in the table was the cost to charge ratio. The cost to charge ratio was calculated in accordance with worksheet 2 of the Internal Revenue Service instructions for Schedule H, which suggests using the operating expenses from the filing entity's financial statements, excluding bad debt and certain other adjustments, and applying the result to the gross charges from the filing entity's financial statements. The resulting ratio is used to calculate charity care at cost and unreimbursed Medicaid.

Form and Line Reference	Explanation
Schedule H, Part III, Line 3 Bad Debt Expense Methodology	<p>The bad debt expense reported was estimated using the bad debt expense from the consolidated St Agnes Healthcare financial statements. The state of Maryland is an "all payor" state regulated by the Health Services Cost Review Commission (HSCRC) where all payors, including governmental payors, pay the same amount for the same services delivered at the same hospital. Therefore, self pay discounts are largely not applicable for regulated activity and have no impact on bad debt expense.</p> <p>The estimated amount of bad debt expense attributable to patients eligible under the organization's charity care policy was estimated by examining all bad debt write-offs at the patient account level during the fiscal year. Those accounts that had an insurance classification of charity, charity pending, or Medicaid pending that was subsequently written off to bad debt, are assumed to be patients that would have been eligible for assistance under the charity care policy if sufficient information had been provided to make that determination.</p>

Form and Line Reference	Explanation
Schedule H, Part III, Line 4 Bad debt expense - financial statement footnote	<p>The provision for doubtful accounts is based upon management's assessment of expected net collections considering historical experience, economic conditions, trends in healthcare coverage, and other collection indicators. Periodically throughout the year, management assesses the adequacy of the allowance for doubtful accounts based upon historical write-off experience by payor category, including those amounts not covered by insurance. The results of this review are then used to make any modifications to the provision for doubtful accounts to establish an appropriate allowance for doubtful accounts. After satisfaction of amounts due from insurance and reasonable efforts to collect from the patient have been exhausted, the System follows established guidelines for placing certain past-due patient balances with collection agencies, subject to the terms of certain restrictions on collection efforts as determined by the System. Accounts receivable are written off after collection efforts have been followed in accordance with the System's policies. The methodology for determining the allowance for doubtful accounts and related write-offs on uninsured patient accounts has remained consistent with the prior year.</p>

Form and Line Reference	Explanation
<p>Schedule H, Part III, Line 8</p> <p>Community benefit & methodology for determining medicare costs</p>	<p>Medicare allowable costs and reimbursement are reported on the Hospital's Medicare Cost Report. This includes reimbursable acute hospital services. In addition, the Hospital has also included Medicare net revenues and expenses for non-hospital services necessary to support hospital operations. This includes professional radiology, anesthesia and other physician specialty services. The Medicare surplus of \$16,039,519 for hospital services was calculated by subtracting the Medicare costs (gross Medicare revenue multiplied by the cost to charge ratios reported on the Medicare cost report) from the Medicare payments. Non-hospital services shortfall of \$17,499,400 was calculated by multiplying each non-hospital services' Medicare patient share by the non-hospital services' annual operating loss. Maryland's regulatory system creates a unique process for hospital payment that differs from the rest of the nation. The Health Services Cost Review Commission (HSCRC) determines payment through a rate setting process and all payors, including governmental payors, pay the same amount for the same services delivered at the same hospital. This unique payment system is designed for all payors to share the cost of healthcare equally, meaning the cost shifting to private payors, that is commonly seen in other states, is not experienced in Maryland. This model results in a surplus of payment over expense.</p>

Schedule H, Part III, Line 9b Collection practices for patients eligible for financial assistance	<p>St Agnes Healthcare's policy is to place accounts that have been written off to bad debt with a collection agency for additional collection effort. Patients may apply for financial assistance at any time during the revenue cycle. Patients who work to apply for charity care whose account resides at the agency will be referred to the hospital by the agency. The agency will delete the account and the hospital will work with the patient to complete the charity care application process. Emergency department patients and other outpatients (account balances under \$500.00) may be granted charity exclusively based upon the use of an automated eligibility software. A signed/completed application will not be required in those instances.</p>

Schedule H, Part VI, Line 3 Patient education of eligibility for assistance	<p>St Agnes Healthcare displays signage, in both English and Spanish in all registration areas that inform patients of the availability of financial assistance programs and contact information. The signage is accompanied by brochures that explain the various financial assistance programs that are available. The Maryland State Financial Assistance application is also available. Registration areas are routinely checked to insure these materials are prominently displayed. St Agnes Healthcare has employees who are responsible for screening admissions to identify patients who may be eligible for charity, Medicaid, or other state programs. Once these patients are identified, St Agnes Healthcare employees assist them with completing the eligibility process. All inpatients are provided the Patient Billing and Financial Assistance Information Sheet at the time of admission. It is also mailed to the patient with the summary bill that is sent after discharge. The information sheet is provided in both English and Spanish and provides the patient with information regarding St Agnes Healthcare's financial assistance policy, how to apply for financial assistance and medical assistance and the patient's rights and obligations. A public notice is also published annually in the Baltimore Sun newspaper notifying the public of the availability of uncompensated care at St Agnes Healthcare.</p>

<p>Schedule H, Part VI, Line 5 Promotion of community health</p>	<p>The information provided as Community Support, in Part II, Community Building Activities, represents funds spent for disaster readiness and public health emergency activities. These costs, which are partially funded by the Department of Health and Mental Hygiene, support activities such as education and preparedness training, decontamination equipment and supplies needed for victim's ease, comfort and tracking during decontamination. St. Agnes Healthcare furthers its exempt purpose by promoting the health of the community in various ways. A majority of the organization's governing body resides in St. Agnes Healthcare's service area and is neither composed of employees nor contractors of the organization. The governing body had sixteen voting members, thirteen of which were independent community members. Additionally, St. Agnes Healthcare has an open medical staff and credentials all qualified medical staff, including community based providers. St. Agnes Healthcare applies surplus funds to improve patient care in various ways. For instance, surplus funds are used to reinvest in the latest equipment and technologies to improve patient safety, comfort, and outcomes. Surplus funds are also used to renovate existing facilities and construct new facilities in order to improve the healthcare environment. As a member of a national health system, Ascension Health, surplus funds generated by St. Agnes Healthcare may also be directed to Ascension Health to apply towards strategic initiatives or to be re-distributed to other member healthcare providers within Ascension Health. This allows St. Agnes to not only service the surrounding community, but also help fund the care for the underprivileged throughout many parts of the United States.</p>
