Form and Line Reference	Explanation
Schedule H, Part VI, Line 2 Needs assessment	The Comprehensive Community Health Needs Assessment (CHNA) provides the general public as well as policy leaders with data and information on the health status of the population and existing resources to address health issues. Conducted in collaboration with the Partnership for a Healthy Community (Sacred Heart Hospital in Pensacola), the Walton County Health Improvement Partnership and the Florida Department of Health-Walton County (Sacred Heart Hospital on the Emerald Coast), and the Florida Department of Health-Gulf County (Sacred Heart Hospital on the Gulf) as well as the plans for Sacred Heart Health System to sustain and develop new community benefit programs that address prioritized needs from the study. The community enjoys a rich history of cooperation as Sacred Heart Health System and Baptist Health Care have jointly-sponsored four assessments of Escambia and Santa Rosa Counties in Northwest Florida since 1995. The studies have been widely used by the two competing organizations and many other health care providers in the market area to develop plans for addressing priority health needs. The Partnership study conducted by Florida HealthTrac provides current and trended data on 234 health indicators for Escambia County and 233 for Santa Rosa County. The study reports data at county and zip code levels, and includes comparisons to peer counties in the State of Florida, as well as at the national level. The study also incorporates key demographic and socioeconomic data, and data on lifestyle/behavioral risk factors that impact health status. The assessment tool enables Sacred Heart Health System the ability to track community health needs on an annual basis as it is aggregated from various sources within the State of Florida constantly updated in real time. Studies of Walton and Gulf Counties continue to bear evidence of similar health outcomes as those experienced in Escambia and Santa Rosa Counties. Florida ranks near the bottom nationally for public and preventative health funded outlays. Walton County is designated as a primary care Health Professional Shortage Population and a Medically Underserved Population for low-income persons. Health priorities for Escambia/Santa Rosa include smoking cessation, attaining and maintaining a healthy weight, and access/care navigation. The priorities for Walton County include healthy behaviors, preventative care and health resource awareness. Gulf County priorities include a healthy economy, health and care management resources, and mental health.

Schedule H, Part VI, Line 3 Patient education of eligibility for assistance	Financial counselors assist individuals who do not have insurance to qualify for Medicaid, SCHIP, and other programs. Counselors are trained not only in the policy, program and form processes, but also to respond with compassion, understanding and sensitivity toward persons living in poverty. These services are available at established patient encounter locations such as pre-registration, registration, admissions and discharge, or at any other time requested along the continuum of patient care. Further, trained counselors may assist with charity care or discount care based on the patient's personal income, their assets, and the size of their medical services bill. Self-pay patients are granted an uninsured self-pay ranging from 67% to 78% depending on the health ministry's AGB (amounts generally billed) applied to their total charges. A summary of financial assistance services, policies and programs are found on the health system website, posted predominately in key areas and made available through brochures. A Guide to your Hospital Bill outlines payment and assistance options and it can be found in most areas of the hospital including admitting, emergency department, and diagnostic services.

Schedule H, Part VI, Line 4 Community information	Sacred Heart Health System provides primary, secondary, and tertiary health care services to residents of the communities we serve. This includes the greater Pensacola MSA consisting of Escambia and Santa Rosa Counties, and Okaloosa, Walton, Bay, Gulf and Franklin Counties in Northwest Florida and Baldwin and Escambia counties in Southwest Alabama. There is special emphasis on service to the poor and those most in need. The system includes the flagship 566 bed medical, surgical acute care hospital in Pensacola, Florida. Housed within the Pensacola facility is the 106 bed Children's Hospital, the only one in Northwest Florida. Sacred Heart Hospital on the Emerald Coast is a 58 bed medical surgical hospital located in Miramar Beach, Florida. Sacred Heart Hospital of the Gulf is a 19 bed medical surgical hospital located in Port St. Joe, FL. In 2013, Sacred Heart Health System entered into a joint venture with LHP Hospital Group, Inc. to operate 323-bed Bay Medical - Sacred Heart located in Panama City, Florida. The regional referral center serves Bay County and surrounding communities. Sacred Heart Health System also provides long-term care and operates a 120 bed long-term care, The Haven of Our Lady of Peace in Pensacola, which is a joint venture with the Methodist Homes for the Aging.

Schedule H, Part VI, Line 5 Promotion of community health	Sacred Heart Health System provides many community benefits such as social services, pastoral care, community meeting space, and health education, all at no charge. SHHS has an open medical staff with privileges available to all qualified physicians in the area. The system is governed by a body of SHHS leaders with independent persons, representative of the community, comprising a majority of the board. It also engages in medical or scientific research programs and in the training and education of health care professionals. Another facility and program that promotes the health of the community includes a Pediatric Medical Clinic. The Seton Center for Obstetrics and Gynecology provides services to low-income women eligible for Medicaid.

The Seton Center for Obstetrics and Gynecology provides services to low-income women eligible for Medicaid. Sacred Heart Health System, Inc. and subsidiaries (the Health Ministry) is a member of Ascension Health. Ascension Health is a Catholic, national health system consisting primarily of nonprofit corporations that own and operate local health care facilities, or Health Ministries, located in 23 of the United States and District of Columbia. Ascension Health, an official ministry of the Catholic Church maintains its affiliation through Ascension Sponsor which consists of lay persons as well as apostolic orders of religious men and women. The religious orders consist of the St. Louise Province of the Daughters of Charity of St. Vincent de Paul, Congregation of St. Joseph, Congregation of the Sisters of St. Joseph of Carondelet, and the Alexian Brothers, and the Sisters of the Sorrowful Mother. The Health System's principal operations consist of three nonprofit acute care hospitals. Sacred Heart Hospital is located in Pensacola, Florida, Sacred Heart Hospital on the Emerald Coast is located in Miramar Beach, Florida, and Sacred Heart Hospital on the Gulf, located in Port St. Joe, Florida. A fourth hospital, Bay Medical - Sacred Heart located in Panama City, Florida is a for-profit joint venture with LHP Hospital Group, Inc. The Health System also owns and operates other health care related entities, including a long term care nursing facility and a physicians' medical group. The Health System provides inpatient, outpatient, and emergency care services for residents of Northwest Florida and Southwest Alabama. Admitting physicians are primarily practitioners in the local area. The Health System is related to Ascension Health's other sponsored organizations through common control. Substantially all expenses of Ascension Health are related to providing health care services. Ascension Health directs its governance and management activities toward strong, vibrant, Catholic Health Ministries united in service and healing and dedicates its resources to spiritually centered care, which sustains and improves the health of the individuals and communities it serves. In accordance with Ascension Health's mission of service to those who are poor and vulnerable, each Health Ministry accepts patients regardless of their ability to pay. Ascension Health uses four categories to identify the resources utilized for the care of persons who are poor and community benefit programs. Traditional charity care includes the cost of services provided to persons who cannot afford health care because of inadequate resources and/or who are uninsured or underinsured. Unpaid cost of public programs represents the unpaid cost of services provided to persons covered by public programs for the poor. Cost of other programs for the poor includes unreimbursed costs of programs intentionally designed to serve the poor and vulnerable of the community, including substance abusers, the homeless, victims of child abuse, and persons with acquired immune deficiency syndrome. Community benefit consists of the unreimbursed costs of community benefit programs and services for the general community, not solely for the poor, including health promotion and education, health clinics and screenings, and medical research. Discounts are provided to all uninsured patients, including those with the means to pay. Discounts provided to those patients who did not qualify for assistance under charity care guidelines are not included in the cost of providing care of persons who are poor and community benefit programs. Community benefit is estimated using internal cost data and is calculated in compliance with guidelines established by both the Catholic Health Association (CHA) and the Internal Revenue Service (IRS). Maintaining good health has been shown to positively affect an individual's ability to maintain employment and housing. It is extremely difficult for homeless individuals to receive quality health care services. In recent years, SHHS hospital emergency rooms have been inundated with patients who have non-critical health concerns due to lack of insurance, funding, and homelessness. These patients are often left with no other choice but to use emergency rooms for illnesses that can be treated through primary care health services. Based on the findings of the 2012 Health Needs Assessment, the system joined a coalition of providers and agencies to focus on improving
