Schedule H, Part VI, Line 6 PROMOTING THE HEALTH OF THE COMMUNITIES SERVED - PART I	Saint Thomas West Hospital (ST West), established in 1898, is a 541-bed hospital in Nashville, Tennessee. It provides emergency room services and comprehensive inpatient and outpatient care, including transplantation and oncology services. The Hospital is part of Saint Thomas Health. Saint Thomas Health (STH) is Middle Tennessee's faith-based, not-for-profit health care system united as one healing community. Saint Thomas Health is focused on transforming the healthcare experience and helping people live healthier lives, with special attention to the poor and vulnerable. The regional health system included, in FY16, nine (9) hospitals: Saint Thomas Hospital for Specialty Surgery, Saint Thomas Midtown Hospital and Saint Thomas West Hospital in Nashville, Saint Thomas Rutherford Hospital in Murfreesboro, Saint Thomas Hickman Hospital in Centerville, Saint Thomas Stones River Hospital in Woodbury, Saint Thomas DeKalb Hospital in Smithville, Saint Thomas Highlands Hospital in Sparta, and Saint Thomas River Park Hospital in McMinnville. A comprehensive network of affiliated joint ventures, medical practices, clinics and rehabilitation facilities complements the hospital services. Saint Thomas Health is a member of Ascension, a Catholic organization that is the largest not-for-profit health system in the United States. Saint Thomas Health is committed to providing care to the communities it serves with attention to the poor and vulnerable. STH's mission provides a strong foundation and guidance for its work as a caring ministry of healing, including its commitment to community service and to provide access to quality healthcare for all. The STH Mission, Vision and Values are the key factors influencing their approach and commitment to addressing community health needs through their community benefit activity. Ascension's Socially Just Wage and Benefits Policy, established in 2001, applies to all of Ascension, including subsidiary entities and contractual third-party vendor relationships. Saint Thomas Health and Ascension are committed to providing a livable wage to all associates. Minimum wage within Ascension was raised to \$11/ hour during FY15. Catholic Social Teaching recognizes that each individual has a fundamental right to share in the fruits of her or his labor and to have basic needs met, including access to healthcare. An essential component of the Socially Just Wage Policy is the employer subsidization of the cost of healthcare insurance for lower-paid associates. This employer subsidy, combined with the minimum hourly wage rate, provides affected associates with a decent standard of living and affordable access to healthcare. (Community Health Need: Access to Care and Wellness) Saint Thomas Health supports a variety of efforts and continues to work in collaboration with other community agencies to address the health and well-being of our community, especially the poor and vulnerable, including restricted cash donations to outside organizations, in-kind donation of employee time/services to outside organizations and representation on community/non-profit boards and committees which work to improve the health and quality of life of the communities we serve. As a system, STH supports a variety of efforts specifically aimed at providing services for persons who are poor and vulnerable, and at improving the health of the community. The clinics work to ensure access to specialty services by linking patients to other resources within the community. The South and West Clinics offer additional services. Clinica Nueva Vida - a comprehensive prenatal care program for uninsured, low income Hispanic women in Greater Nashville, and The Healthy Lifestyles Program - a program for adults with type 2 diabetes or pre-diabetes utilizing group and individual nutritional counseling, along with cooking and exercise classes, combined with medical monitoring. ST Midtown, ST Rutherford, and ST West provide financial support to the health centers. (Community Health Need Access to Care) Our Mission in Motion. The mobile mammography outreach program is designed to increase access to high quality screening mammography for all women, with special attention to the poor and vulnerable in Middle Tennessee. The program provides screening mammograms in collaboration with local employers, communities, and safety net clinics, reducing the barrier of transportation and inability to afford time away from work. Screening mammograms are available to the uninsured. When indicated, Our Mission in Motion works with women to connect them to follow up care. It is the goal of the program to improve the compliance rates for screening mammography by making services accessible and affordable, thus decreasing the late stage detections of breast cancer for women in Middle Tennessee. Women delay their annual mammograms for numerous reasons, with the most common including lack of insurance, financial barriers, and the inability to take time off work to receive one. In fiscal year 2016, 3,057 screenings were performed at 204 stops. 221 women received mammography screening for the first time, and 654 women were screened who had not had a mammogram in over two years. Schedule H, Part I, Line 7 Costing Methodology used to calculate financial assistance	The cost of providing charity care, means-tested government programs, and other community benefit programs is estimated using internal cost data, and is calculated in compliance with Catholic Health Association ("CHA") guidelines. The organization uses a cost accounting system that addresses all patient segments (for example, inpatient, outpatient, emergency room, private insurance, Medicaid, Medicare, uninsured, or self pay). The best available data was used to calculate the amounts reported in the table. For the information in the table, a cost-to-charge ratio was calculated and applied.

Schedule H, Part III, Line 2 Bad debt expense - methodology used to estimate amount	After satisfaction of amounts due from insurance and reasonable efforts to collect from the patient have been exhausted, the Corporation follows established guidelines for placing certain past-due patient balances within collection agencies, subject to the terms of certain restrictions on collection efforts as determined by Ascension Health. Accounts receivable are written off after collection efforts have been followed in accordance with the Corporation's policies.

Form and Line Reference	Explanation
Schedule H, Part III, Line 3 Bad Debt Expense Methodology	The provision for doubtful accounts is based upon management's assessment of expected net collections considering historical experience, economic conditions, trends in healthcare coverage, and other collection indicators. Periodically throughout the year, management assesses the adequacy of the allowance for doubtful accounts based upon historical write-off experience by payor category, including those amounts not covered by insurance. The results of this review are then used to make any modifications to the provision for doubtful accounts to establish an appropriate allowance for doubtful accounts.

Schedule H, Part VI, Line 2 Needs assessment	Community Health Needs Assessment (CHNA) is conducted every three years, with the most recent conducted in fiscal year 2016. The CHNA was conducted jointly as noted above. The objectives of the CHNA and subsequent hospital specific implementation strategies were: 1. Provide an unbiased comprehensive assessment of Davidson County's health needs and assets, 2. Use the CHNA to prioritize the Saint Thomas Health Community Benefit Program strategy and 3. Fulfill Internal Revenue Service regulations related to 501(c)(3) non-profit hospital status for federal income taxes. Along with the components cited in Part V, the 2016 CHNA also includes an evaluation of the actions taken to address the priority health needs identified in the 2013 CHNA. For complete description of CHNA methodology, identification of priority needs, and findings, please review the Hospital's CHNA online at http://www.sthealth.com/about-us/mission-integration/community-health/community-health-needs-assessment. In addition to the reported CHNA, the organization, Saint Thomas Health (STH), assesses the health needs of the communities it serves through representation on local health councils and non-profits addressing the needs of the underserved.

Schedule H, Part VI, Line 3 Patient education of eligibility for assistance	Education of eligibility for assistance at Saint Thomas West Hospital begins at registration with signage displayed at all registration points notifying patients that we have a Financial Assistance Program, as well as contact information for the patient to use should they need assistance. Plain Language Summaries of the FAP containing this information are also available for patients at all registration points. Saint Thomas West Hospital's registration associates discuss the estimated balance that will be due with both insured and self-pay patients. Should the associate identify that the patient may need assistance with that balance he/she will provide the patient with a Financial Assistance Application and help them complete it, if needed. All self-pay and underinsured patients are screened by Saint Thomas West Hospital for alternative coverage including Medicaid, SSI/SSD, Cobra, student coverage, and crime victims' compensation. If no alternative is identified then an associate will work with the patient to complete a Financial Assistance Application. Also, contact information is listed on Saint Thomas West Hospital billing statements for the patient to use in the event they need assistance with their balances. Collections associates have been trained to offer patients a Financial Assistance application if needed by the patient. Saint Thomas West Hospital works with third party collection vendors who are required to follow the Hospital's Financial Assistance Policy. A third party vendor is also used to perform presumptive charity scoring only all accounts prior to bad debt placement to identify any accounts that may qualify presumptively for financial assistance even if a patient did not request to apply for financial assistance. A plain language summary of the Financial Assistance Policy and Application can be found on our website at http://sthealth.com/patients-and-visitors/financial-assistance
