Section A. All Supporting Organizations

| | Yes | No |
|---|-----|----|
| 1 Are all of the organization's supported organizations listed by name in the organization's governing documents? If "No," describe in Part VI how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain. | | |
| 2 Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? If "Yes," explain in Part VI how the organization determined that the supported organization was described in section 509(a)(1) or (2). | | |
| 3a Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? If "Yes," answer (b) and (c) below. | | |
| b Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? If "Yes," describe in Part VI when and how the organization made the determination. | | |
| c Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? If "Yes," explain in Part VI what controls the organization put in place to ensure such use. | | |
| 4a Was any supported organization not organized in the United States ("foreign supported organization")? If "Yes" and if you checked 11a or 11b in Part I, answer (b) and (c) below. | | |
| b Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? If "Yes," describe in Part VI how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations. | | |
| c Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? If "Yes," explain in Part VI what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes. | | |
| 5a Did the organization add, substitute, or remove any supported organizations during the tax year? If "Yes," answer (b) and (c) below (if applicable). Also, provide detail in Part VI, including (i) the names and EIN numbers of the supported organizations added, substituted, or removed, (ii) the reasons for each such action, (iii) the authority under the organization's organizing document authorizing such action, and (iv) how the action was accomplished (such as by amendment to the organizing document). | | |
| b Type I or Type II only. Was any added or substituted supported organization part of a class already designated in the organization's organizing document? | | |
| c Substitutions only. Was the substitution the result of an event beyond the organization's control? | | |
| 6 Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (a) its supported organizations, (b) individuals that are part of the charitable class benefited by one or more of its supported organizations, or (c) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? If "Yes," provide detail in Part VI . | | |
| 7 Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (defined in IRC 4958(c)(3)(C)), a family member of a substantial contributor, or a 35-percent controlled entity with regard to a substantial contributor? If "Yes," complete Part I of Schedule L (Form 990). | | |
| 8 Did the organization make a loan to a disqualified person (as defined in section 4958) not described in line 7? If "Yes," complete Part II of Schedule L (Form 990). | | |
| 9a Was the organization controlled directly or indirectly at any time during the tax year by one or more disqualified persons as defined in section 4946 (other than foundation managers and organizations described in section 509(a)(1) or (2))? If "Yes," provide detail in Part VI . | | |
| b Did one or more disqualified persons (as defined in line 9(a)) hold a controlling interest in any entity in which the supporting organization had an interest? If "Yes," provide detail in Part VI . | | |
| c Did a disqualified person (as defined in line 9(a)) have an ownership interest in, or derive any personal benefit from, assets in which the supporting organization also had an interest? If "Yes," provide detail in Part VI . | | |
| 10a Was the organization subject to the excess business holdings rules of IRC 4943 because of IRC 4943(f) (regarding certain Type II supporting organizations, and all Type III non-functionally integrated supporting organizations)? If "Yes," answer b below. | | |
| b Did the organization have any excess business holdings in the tax year? (Use Schedule C, Form 4720, to determine whether the organization had excess business holdings.) | | |
| 11 Has the organization accepted a gift or contribution from any of the following persons? | | |
| a A person who directly or indirectly controls, either alone or together with persons described in (b) and (c) below, the governing body of a supported organization? | | |
| b A family member of a person described in (a) above? | | |
| c A 35% controlled entity of a person described in (a) or (b) above? If "Yes" to a, b, or c, provide detail in Part VI. | | |

| Schedule H, Part VI LINES 2, 4, & 5 | <p>Introduction Catholic health care organizations across the nation are challenged to provide quality care with compassion to those we serve, as well as to understand and respond to the needs of our communities. CHI St Joseph Health (CHI SJHS) has been actively working to assess these unique needs and create plans that respond to them. The CHI St Joseph Health community benefit program encompasses services provided, with little or no compensation, in response to identified community need, including community health education activities, community screenings, cash and in-kind contributions to community organizations, efforts to improve access to health care, charity care to residents and the shortfall of federal and state health reimbursements for patients served. Established in 1936, CHI St Joseph Health is a faith-based, not-for-profit health system committed to excellence and compassion in caring for the mind, body and spirit while also creating healthier communities. CHI St Joseph Health is comprised of five hospital facilities across the Brazos Valley, including CHI St Joseph Health Regional Hospital, the region's highest level trauma center. CHI St Joseph Health is a part of Catholic Health Initiatives (CHI), one of the nation's largest Catholic health systems. As an active member of the communities it serves, CHI St Joseph Health is a leader in health improvement and access and is proud to present the 2016 annual report of community benefit initiatives. Overview of the Community Served by CHI St Joseph Health Located in Bryan, Texas, the CHI St Joseph Health hospital service area includes a large rural area, as well as many smaller rural communities. The hospital service area includes 9 counties, with the majority of the service area found within Brazos County. CHI St Joseph Health serves an area that is home to a population of over 350,000 residents that represent diverse ethnicities, backgrounds, and needs. Key descriptors of the community served by CHI St Joseph Health include:</p> <ul style="list-style-type: none"> * Age: The largest population in the CHI St Joseph Health service area falls in the age category of 20-24 years (15.4%). The second-largest age category is 25-34 years (13.4%). There is the smallest number of persons in the CHI St Joseph Health service area within the youngest (5-9} years (5.9%} and oldest (85+ years (1.5%)) age categories. * Race/Ethnicity: The majority of CHI St Joseph Health's community residents identify as White, Not-Hispanic (60.7%) and Hispanic (22%). 12.2% of the population identifies as Black/African American, Not Hispanic and 5.1% as All Other Races, Not Hispanic. * Education: Most residents in the CHI St Joseph Health community have more than or equal to a high school education and/or GED. <p>CHI St Joseph Health assesses the health needs of the community using internal and external information. The primary assessment tool is the Regional Health Partnership 17 Health Assessment, which includes an assessment of the Brazos Valley. This assessment is conducted every three years. Using information from the 2013 health needs assessment, CHI St Joseph Health provided programs in 2016 to improve the health of residents, such as community-based health screenings, education, awareness and prevention programs, as well as programs designed to improve access to primary care providers. CHI St Joseph Health also delivers uncompensated health services to residents qualifying for charitable care or those covered through state and federal programs, such as Medicare and Medicaid, where the reimbursement for services provided are less than the costs of providing that service. CHI St Joseph Health 2016 Community Benefit Community Benefit provided by CHI St Joseph Health can be broken down into three primary areas: - health care services delivered to patients meeting qualifications of the health system's charity care policy or government-sponsored indigent health care programs, - subsidized health care services and - programs aimed at improving community health overall. Health Care Needs of the Brazos Valley Community health initiatives completed by CHI St Joseph Health in FY16 were based upon results of the 2013 Regional Health Partnership 17 Health Assessment, as well as state and national data. Those sources identified the leading causes of death in the Brazos Valley as coronary heart disease, cancer, stroke, chronic obstructive pulmonary disease (COPD) and diabetes. The most frequently reported chronic diseases and conditions included obesity, hypertension, high cholesterol, arthritis, rheumatism, diabetes, congestive heart failure, emphysema and COPD. As a part of the RHP 17 Assessment, the Brazos Valley region included Brazos, Burleson, Grimes, Leon, Madison, Robertson and Washington counties. The assessment identified obesity as a common health issue across the Brazos Valley, consistent with data collected in three previous surveys. In 2013 the assessment noted that obesity rates appeared to be</p> |

| Schedule H, Part VI LINES 2, 4, & 5 | <p>Access to Primary Care CHI St Joseph Health is comprised of five hospital facilities, six rural clinics, three Express Care clinics, two skilled nursing facilities, one freestanding emergency room and a freestanding rehabilitation hospital, in partnership with HealthSouth. Rural clinics are located in Bellville, Navasota, Lexington, Hearne, Normangee and Brenham and, through a partnership with HealthPoint, in Franklin, Hearne, Somerville, Caldwell and Madisonville. Acute care facilities include CHI St Joseph Health Regional Hospital (Bryan), CHI St Joseph Health Bellville Hospital (Bellville), CHI St Joseph Health Burleson Hospital (Caldwell), CHI St Joseph Health Grimes Hospital (Navasota) and CHI St Joseph Health Madison Hospital (Madisonville). CHI St Joseph Health Express Care, the urgent medical care clinic, has locations in Bryan, College Station and Brenham. These clinics provide services related to minor injuries, routine check-ups, physicals and drug screenings, as well as laboratory and imaging services. CHI St Joseph Health works to accomplish its Mission to increase access to care and promote wellness throughout the Brazos Valley for rural residents through collaboration and coordination of services that address identified service needs of residents. In the rural areas, the top five community service needs identified included - care of a medical specialist, - financial assistance, - work-related or employment services, - early childhood programs, - utility assistance. To help address rural access to medical specialists and the high incidence of uninsured residents, CHI St Joseph Health secured a \$19,000 grant to support efforts to educate residents about health insurance options and enroll them in coverage. In 2015, the Brazos Valley region had one of the state's lowest participation rates in health insurance exchange programs created by the Affordable Care Act (ACA). CHI St Joseph Healthy Communities, a team that works to reduce the serious problem of chronic diseases in communities served by CHI St Joseph Health, received the grant through a partnership with CHI and the Robert Wood Johnson Foundation. Efforts with Enroll Brazos Valley Coalition, a group of Brazos Valley health providers working collaboratively to educate residents on health insurance under the ACA, enabled the health system to help more than 2,700 local residents find and enroll in medical coverage. Also, to improve rural access to care and to remove some of the social barriers patients often face, CHI St Joseph Health gives ongoing support to four Health Resource Centers operated by the Brazos Valley Health Partnership (BVHP). The BVHP works to improve health status and access to care through the collaboration of services and creation of local partnerships. Health professionals in these centers, in Caldwell and Somerville (Burleson County), Navasota (Grimes County), Centerville (Leon County) and Madisonville (Madison County) provide case management, referrals, telehealth counseling and specialty care. CHI St Joseph Health Madison Hospital provided facilities and utilities to support the Madison Health Resource Center, offering 2,200 square feet of office space, utilities and internet access valued at \$27,480 during FY16. Madison Hospital continues to employ the case manager and office manager, receiving funding for 90% of these costs from Madison County and the city of Madisonville. In Grimes County, CHI St Joseph Health Grimes Hospital provides four office spaces for the Grimes Health Resource Center, including utilities and internet access. The Health Resource Center director is a Grimes Hospital employee. The Burleson Health Resource Center is housed in a facility provided by the Burleson County Hospital District. CHI St Joseph Health Burleson Hospital employs and fully funds the Health Resource Center staff. The coordinator position at the Somerville Health Resource Center is funded by the Burleson County Hospital District through Burleson Hospital and the city of Somerville. All Health Resource Centers provide residents transportation to and from medical appointments and support other community needs. In 2016, CHI St Joseph Health took steps to expand the network of Health Resource Centers by applying for and later receiving a \$432,351 grant from the Episcopal Health Foundation to open a Health Resource Center in Bryan. The grant funds will cover staffing the Health Resource Center with four employees, a director, office manager and two community health advocates. The grant also funds Telehealth connectivity, capital purchases and start-up costs. The center will handle referrals, find resources to pay for assistance for unfunded patients discharged from the hospital when they have no means for obtaining medication, durable medical equipment or transportation to safely discharge home. In addition, the Health Resource Center will do home visits and management for people with complex social issues, address</p> |

| Schedule H, Part VI LINES 2, 4, & 5 | <p>ing root causes of poverty in order to build a healthier community In an effort to reduce cases of emergency department misuse and encourage residents with medical needs to establish care with primary care physicians, CHI St Joseph Health continued its collaboration with Burleson Health Resource Center and the HealthPoint clinic -- both in Caldwell -- to address the issue of helping patients find a medical home In conjunction with a high-alert patient program already in place in the emergency department at CHI St Joseph Health Burleson Hospital, implementation of this program resulted in decreased ED visits among high-alert patients, improved communication among hospital, Health Resource Center and HealthPoint clinic personnel, and more patients being seen through the HealthPoint clinic for chronic conditions Burleson Health Resource Center also saw an increase in clients utilizing resources related to financial help, nutrition, mental health and substance abuse From July 2015 to June 2016 the Health Resource Center has provided vouchers enabling more than 50 patients to see a primary care physician, covering more than \$1,400 in medical care Prenatal Care Prenatal care was provided in rural communities with direct referral to the delivery site at CHI St Joseph Health Regional Hospital The Regional delivery site provides more comprehensive and coordinated care than is available locally Regional Hospital partners with the Prenatal Clinic in Bryan to provide prenatal care for uninsured mothers and those covered under Medicaid Approximately 200 mothers receiving care at the Prenatal Clinic delivered their babies at Regional Hospital from July 2015 to June 2016 This further improves the early onset of prenatal care and reduces the number of low birth-weight babies in the Brazos Valley CHI SJH provides many educational opportunities to expectant parents before the birth of their child, including prepared childbirth, newborn care, breastfeeding and infant CPR classes free of charge Additionally, teenage mothers delivering babies at CHI St Joseph Health Regional Hospital receive a postpartum consultation with social services and a referral to other community agencies as needed Health educators from CHI St Joseph Health provide information and resources for teen parenting classes held at school districts in the Brazos Valley CHI St Joseph Health works in collaboration with the Prenatal Clinic on a Delivery System Reform Incentive Payment (DSRIP) project under the Texas 1115 Waiver program The project's goals are to provide navigation services to help underserved pregnant women at risk for gestational diabetes access proper prenatal care and improve delivery outcomes Mothers also receive postpartum education within eight weeks of delivery As part of their transition of care, the hospital and clinic expect navigation patients to follow up with their primary care providers The program began actively screening low-income pregnant women for diabetes and enrolling eligible patients in October 2014</p> |

| Schedule H, Part VI LINES 2, 4, & 5 | <p>Heart Disease and Stroke CHI St Joseph Health promotes heart health and stroke awareness each year in the Brazos Valley by offering discounted blood screenings to Gold Medallion Club members, free blood pressure checks to the general community and evidence-based education. From July 2015 to June 2016, more than 1,000 community members received free blood pressure screenings at CHI St Joseph Health facilities and health education fairs across the Brazos Valley. Additionally, close to 500 people received free or highly discounted blood glucose and/or cholesterol screenings and nearly 5,000 received education on heart healthy habits, stroke and chest pain awareness. Dietitians offered monthly education for cardiac rehabilitation patients, including nutritional counseling and support as a part of their follow-up care. CHI St Joseph Health Regional Hospital continues to maintain its status as the region's only Primary Stroke Center with Intervention Capabilities. The Chest Pain Center's protocol-driven and systematic approach to patient management allows physicians to reduce time to treatment during the critical early stages of a heart attack, when treatments are most effective, and to better monitor patients when it is not clear whether they are having a coronary event. Such observation helps ensure that patients are not sent home too early nor needlessly admitted. As the region's first Joint Commission Certified Primary Stroke Center, Regional Hospital was also awarded the American Stroke Association's (ASA) Get With The Guidelines Stroke Silver-Plus Target Stroke Elite Plus Honor Roll Award. This level of recognition designates and recognizes CHI St Joseph Health's commitment and success in implementing excellent care for stroke patients according to evidence-based guidelines. The Plus designation, a new award level in 2016, looked at best practices for treatment. Regional Hospital is required to organize a multidisciplinary stroke team to coordinate care among first responders, emergency room staff, physicians, diagnostic staff, rehabilitation staff and other health providers who care for stroke patients. The team implemented best practice protocols shown to provide the best outcomes when diagnosing and treating stroke patients. All three critical access hospitals have achieved Support Level (Level III) Stroke Facility designation by the Texas Department of State Health Services. CHI St Joseph Health Bellville Hospital also received this designation, making CHI St Joseph Health the only system in Texas that provides stroke care in all of its inpatient facilities. Each site has a stroke coordinator, who oversees the stroke program and ensures that Joint Commission- and state-defined timeframes for lab work, imaging, medications and other care components are met. In addition to a medical director and coordinator, each of these programs requires a multi-departmental effort for success, including the lab, pharmacy, director of nursing, floor and ER nurses and a representative from EMS to ensure a seamless transition from ambulance to ER team. Education programs are also a continuing part of stroke prevention education for all community residents in the seven-county area. In 2016 Regional Hospital also received the American College of Cardiology's National Cardiovascular Data Registry ACTION Registry Get With The Guidelines Gold Performance Achievement Award. As one of only 36 hospitals nationwide to receive the honor, Regional demonstrates its commitment and success in implementing a higher standard of care for heart attack patients. It also signifies that CHI St Joseph Health offers patients the most appropriate treatment according to nationally-recognized clinical guidelines and recommendations established by the latest scientific evidence. In addition to this award, CHI St Joseph Health is also recognized as an Accredited Chest Pain Center V5 with Primary PCI and Resuscitation, meaning the hospital offers a comprehensive program for the rapid diagnosis and treatment of heart attacks and cardiac conditions for patients who come into either Regional Hospital or South College Station Emergency departments. This was a new, higher accreditation for CHI St Joseph Health for 2016. Trauma and Emergency Care In 2016, the trauma program at CHI St Joseph Health Regional Hospital was re-verified as a Level II Trauma Center by the American College of Surgeons (ACS) and a designated Level II Trauma Center by the Texas Department of State Health Services (DSHS). This verification and designation makes CHI St Joseph Health Regional Hospital the highest level trauma center in the region between Houston, Temple, Austin and San Antonio. This achievement recognizes CHI St Joseph Health's dedication to providing optimal care for patients suffering from all types of injuries, including those that are life-threatening. Designation as a Trauma Center requires a commitment to organized, multidisciplinary care of the trauma patient.</p> |

| Schedule H, Part VI LINES 2, 4, & 5 | <p>Diabetes Management Education CHI St Joseph Health provides free community education for diabetes prevention and management. The Living Well with Diabetes Program focuses on Type 2 diabetes and prediabetes and is taught by a Certified Diabetes Educator and Registered Dietitian. The program includes two, 3-hour core sessions (offered bi-monthly) that focus on proper nutrition using carbohydrate counting, exercise, blood glucose monitoring, foot care and other topics. Additional one-hour informational seminars are offered monthly and cover topics like Setting Yourself Up for Success, It All Starts in the Kitchen!, Staying in Control of Your Diabetes While You Travel, Foot Care, How to Have a Healthy Heart with Diabetes and more. A monthly grocery store tour led by a Registered Dietician, is included in the program and has been expanded to multiple locations in an effort to better serve community demographics. Participants receive a one-month membership in the CHI St Joseph Health Wellness Program. Local healthcare providers refer newly diagnosed patients to the bi-monthly diabetes education program. CHI St Joseph Health dietitians also provide program information to diabetes patients in all its facilities. In addition to the Living Well with Diabetes Program, education efforts have continued with participation in area health fairs by providing diabetes education and glucose screenings, reaching nearly 800 residents from July 2015 to June 2016. CHI St Joseph Health also collaborated with the Texas A&M AgriLife Extension Service to offer the "Do Well, Be Well with Diabetes" course to residents in rural communities. Support Groups Having a support system is essential to the community's health and well-being. CHI St Joseph Health publications and website highlight a listing of 16 area support groups offered at CHI St Joseph Health facilities and throughout the community, many of which meet in CHI SJH facilities or are facilitated by CHI SJH team members. Senior Life Services As the population ages, care for older adults has become increasingly important. CHI St Joseph Health, through its affiliates, offers this group many opportunities for care and growth, including assisted living, intermediate and skilled nursing care at CHI St Joseph Health Skilled Nursing & Rehabilitation in Bryan and Caldwell and senior education and outreach events throughout the Brazos Valley. Lifelong fitness is also encouraged through the CHI St Joseph Health Wellness Program, which offers cardiac rehabilitation, water aerobics, group fitness and physical strength training. The CHI St Joseph Health Gold Medallion Club provides health education classes and seminars, social outings, local discounts and hospital benefits in all facilities for over 4,000 members ages 50 and up. From July 2015 to June 2016, more than 1,700 senior citizens attended seminars, various social events and health fairs and 518 members traveled on day trips, domestic and international trips. With a service area spanning 10 counties, CHI St Joseph Health Helpline, an in-home personal emergency response service operated by Philips Lifeline, offered safety, security and independence to 400 seniors to support them in safely living at home. More than 40 Helpline subscribers received a discounted rate based on their income. CHI St Joseph Health also partners with PremierCare, Inc. to offer Senior Renewal programs in several of the counties it serves. The Senior Renewal program, located in the critical access facilities in Caldwell, Navasota and Madisonville, is an outpatient counseling service that helps to renew quality of life for senior adults. CHI St Joseph Health broke ground on the MatureWell Lifestyle Center in March 2016. Developed in partnership with Texas A&M Health Science Center College of Medicine, the center will provide access to health resources for mature adults and bring seniors' wellness needs together under one roof. Located in Bryan, the 23,000-square-foot, two-story facility will offer services and programs designed to meet the needs of a growing senior population. Services include a dedicated Personal Liaison (one point of contact to help patients find their way around, answer questions and schedule appointments and classes), clinical services (medication management, a clinical social worker, nutrition counseling, outpatient therapy services) and wellness resources (fitness coaching, educational seminars and cooking classes, disease and lifestyle management programs, social engagement opportunities and support groups). Special Events More than 600 community members joined CHI St Joseph Health to celebrate the opening of the new Emergency and Trauma Center at CHI St Joseph Health Regional Hospital. The event involved an injury prevention health fair with activities including Hands-Only CPR/how to recognize the signs of heart attack and stroke, head injury prevention with bicycle helmet fit testing and free helmet giveaways, fall prevention</p> |

| Schedule H, Part VI LINES 2, 4, & 5 | <p>Other Educational Opportunities More than 11,000 residents in the seven-county area benefited from over 300 free educational seminars and events from July 2015 to June 2016. Topics presented included weight loss and dieting, fall prevention, injury prevention, violence prevention, financial stability training, chronic disease self-management, arthritis and cancer awareness. Other topics included sleep disorders, diabetes management, healthy eating, heart health, stroke prevention, CPR and First Aid, parenting, family health counseling, anger management and more. Education was provided on areas of need identified by the health status assessment, as well as prevention and rehabilitation for a variety of other health issues. A certified Child Passenger Safety Technician with CHI St. Joseph Healthy Communities offers free education to parents and guardians on how to properly install car and booster seats. The proper use of child safety seats reduces the risk of injury and death, leading to reduced medical costs, avoidance of loss of future earnings and improved quality of life. CHI St. Joseph Health continues to partner with Texas A&M AgriLife Extension and the Brazos Valley Injury Prevention Coalition to offer Reality Education for Drivers (RED). The free program is a one-day, hospital-based injury prevention tool targeted to young drivers. Using the path of injury as a backdrop, RED provides young persons who have exhibited risky behavior involving alcohol, drugs and motor vehicles with fact-based information they can use to make better decisions. The goal is to reduce the number of motor vehicle crashes involving young drivers by encouraging them to drive sober, silent and secure, within the speed limit. This program is designed for ages 15-21, uses pre- and post-tests to gauge learning and is facilitated by clinical staff at CHI St. Joseph Health Regional Hospital. From July 2015 to June 2016, four classes were held at CHI St. Joseph Health Regional Hospital, and one class was held at CHI St. Joseph Health Burleson Hospital, reaching 171 participants. Because of the success of this program, more classes have been scheduled at CHI St. Joseph Health facilities than ever before, and the classroom portion of the program had to be moved to a larger space! CHI St. Joseph Health is also an organizational partner in the Brazos Interfaith Immigration Network (BIIN). This collaboration works to serve and support the immigrant community in Brazos County by increasing access to legal, educational and social services. BIIN provides information and referral services for immigrants, regardless of legal status, information for the larger community about immigrants and their needs, and immigration information and services provided by volunteers, in cooperation with private attorneys and attorneys and staff from Catholic Charities Legal Immigration Services. Health Professions Education Educational opportunities for certain health professions are provided through several of our facilities and physician partnerships. CHI St. Joseph Health collaborates with the physician program at the Texas A&M College of Medicine, Texas A&M Family Medicine Residency, Physician Assistant program at the University of Texas Medical Branch, Nurse Practitioner Program at University of Texas at Tyler, Emergency Medical Residency at Darnall Army Medical Center and University of Toledo. From July 2015 to June 2016, 56 first, second and third year residents, physician assistants, nurse practitioners and emergency medical residents were trained in facilities throughout the system. Clinical rotation opportunities are also provided for area students in health professions such as nursing, EMT (basic and paramedic), radiology, pharmacy and physical therapy. School partnerships include the Blinn College RN and LVN program, radiology technician program, physical therapy assistant program and emergency medical services (EMS), Lone Star College Ultrasound Program, Oregon Institute of Technology Nuclear Medicine Program, Rangel College of Pharmacy through the Texas A&M Health Science Center, Texas A&M Health Science Center College of Nursing, Texas A&M Health Science Center - Corpus Christi College of Nursing and the Texas Engineering Experiment Station (TEEX) Emergency Medical Services through the Texas A&M University System, physical therapy and physical therapy assistant programs from the University of St. Augustine, University of Texas - El Paso, Texas Woman's University - Dallas, University of Incarnate Word and Wharton County Junior College. From July 2015 through June 2016, over 1,000 students were trained in our facilities, working more than 46,000 hours in various departments. | Schedule H, Part I, Line 3c Eligibility criteria for free or discounted care | <p>When Catholic Health Initiatives (the ultimate parent organization to Madison St Joseph Health Center) established its financial assistance policy it was determined that establishing a household income scale based on the HUD very low income guidelines more accurately reflects the socioeconomic dispersions among urban and rural communities in 18 states served by CHI hospitals and health care facilities. In comparing HUD guidelines to the Federal Poverty Guidelines (FPG), we find that on average HUD guidelines compute to approximately 200% to 250% (and sometimes 300%) of FPG. Madison St Joseph Health Center bases its financial assistance eligibility on HUD's 130% of Very Low Income Guidelines based on geography, and affords the uninsured and underinsured the ability to obtain financial assistance write-offs, based on a sliding scale, ranging from 25%-100% of charges. An individual's income under the HUD guidelines is a significant factor in determining eligibility for financial assistance. However, in determining whether to extend discounted or free care to a patient, the patient's assets may also be taken into consideration. For example, a patient suffering a catastrophic illness may have a reasonable level of income, but a low level of liquid assets such that the payment of medical bills would be seriously detrimental to the patient's basic financial (and ultimately physical) well-being and survival. Such a patient may be extended discounted or free care based upon the facts and circumstances.</p> |

| Schedule H, Part III, Line 3 Bad Debt Expense Methodology | Madison St Joseph Health Center does not believe that any portion of bad debt expense could reasonably be attributed to patients who qualify for financial assistance since amounts due from those individuals' accounts will be reclassified from bad debt expense to charity care within 30 days following the date that the patient is determined to qualify for charity care |

| Form and Line Reference | Explanation |

| Schedule H, Part III, Line 4 Bad debt expense - financial statement footnote | <p>Madison St Joseph Health Center does not issue separate company audited financial statements. However, the organization is included in the consolidated financial statements of Catholic Health Initiatives. The consolidated footnote reads as follows: "The provision for bad debts is based upon management's assessment of historical and expected net collections, taking into consideration historical business and economic conditions, trends in health care coverage, and other collection indicators. Management routinely assesses the adequacy of the allowance for uncollectible accounts based upon historical write-off experience by payor category. The results of these reviews are used to modify, as necessary, the provision for bad debts and to establish appropriate allowances for uncollectible net patient accounts receivable. After satisfaction of amounts due from insurance, CHI follows established guidelines for placing certain patient balances with collection agencies, subject to the terms of certain restrictions on collection efforts as determined by each facility. The provision for bad debts is presented on the consolidated statements of operations as a deduction from patient services revenues (net of contractual allowances and discounts) since CHI accepts and treats substantially all patients without regard to the ability to pay."</p> |

| <p>Schedule H, Part III, Line 8 Community benefit & methodology for determining medicare costs</p> | <p>Madison St Joseph Health Center is designated as a Critical Access Hospital (CAH) CAHs are rural community hospitals that are certified to receive cost-based reimbursement from Medicare The reimbursement that CAHs receive is intended to improve their financial performance and thereby reduce hospital closures CAHs are certified under a different set of Medicare Conditions of Participation (CoP) Shortfalls are created when a facility receives payments that are less than the costs of caring for program beneficiaries Because shortfalls are based on costs, not charges, Madison St Joseph Health Center, due to their designation as a CAH, received cost-based reimbursement for Medicare purposes, Madison St Joseph Health Center will not experience Medicare related shortfalls Although not presented on the Medicare cost report, in order to facilitate a more accurate understanding of the "true" cost of services (for "shortfall" purposes) the CHI Workbook allows a health care facility not to offset costs that Medicare considers to be non-allowable, but for which the facility can legitimately argue are related to the care of the facility's patients In addition, although not reportable on the Medicare cost report, the CHI workbook includes the cost of services that are paid via a set fee-schedule rather than being reimbursed based on costs (e.g. outpatient clinical laboratory) Finally, the CHI Workbook allows a facility to include other health care services performed by a separate facility (such as a physician practice) that are maintained on separate books and records (as opposed to the main facility's books and records which has its costs of service included within a cost report) True costs of Medicare computed using this methodology Total Medicare Revenue \$ 5,558,716 Total Medicare costs \$ 5,587,927 Surplus or Shortfall (\$ 29,211) Madison St Joseph Health Center believes that excluding Medicare losses from community benefit makes the overall community benefit report more credible for these reasons Unlike subsidized areas such as burn units or behavioral-health services, Medicare is not a differentiating feature of tax-exempt health care organizations In fact, for-profit hospitals focus on attracting patients with Medicare coverage, especially in the case of well-paid services that include cardiac and orthopedics Significant effort and resources are devoted to ensuring that hospitals are reimbursed appropriately by the Medicare program The Medicare Payment Advisory Commission (MedPAC), an independent Congressional agency, carefully studies Medicare payment and the access to care that Medicare beneficiaries receive The commission recommends payment adjustments to Congress accordingly Though Medicare losses are not included by Catholic hospitals as community benefit, the Catholic Health Association guidelines allow hospitals to count as community benefit some programs that specifically serve the Medicare population For instance, if hospitals operate programs for patients with Medicare benefits that respond to identified community needs, generate losses for the hospital, and meet other criteria, these programs can be included in the CHA framework in Category C as "subsidized health services " Medicare losses are different from Medicaid losses, which are counted in the CHA community benefit framework, because Medicaid reimbursements generally do not receive the level of attention paid to Medicare reimbursement Medicaid payment is largely driven by what states can afford to pay, and is typically substantially less than what Medicare pays</p> |

| Schedule H, Part III, Line 9b Collection practices for patients eligible for financial assistance | Catholic Health Initiatives' (the ultimate parent organization to Madison St Joseph Health Center) debt collection policy provides that MADISON ST JOSEPH HEALTH CENTER will perform a reasonable review of each inpatient account prior to turning an account over to a third-party collection agent and prior to instituting any legal action for non-payment, to assure that the patient and patient guarantor are not eligible for any assistance program (e.g. Medicaid) and do not qualify for coverage through MADISON ST JOSEPH HEALTH CENTER community assistance policy. After having been turned over to a third-party collection agent, any patient account that is subsequently determined to meet the MADISON ST JOSEPH HEALTH CENTER community assistance policy is required to be returned immediately by the third-party collection agent to MADISON ST JOSEPH HEALTH CENTER for appropriate follow-up. MADISON ST JOSEPH HEALTH CENTER requires its third-party collection agents to include a message on all statements indicating that if a patient or patient guarantor meets certain stipulated income requirements, the patient or patient guarantor may be eligible for financial assistance. All of Catholic Health Initiatives' hospitals' contracts with third party collection agencies include the following standards: * Neither CHI hospitals nor their collection agencies will request bench or arrest warrants as a result of non-payment, * Neither CHI hospitals nor their collection agencies will seek liens that would require the sale or foreclosure of a primary residence, and * No Catholic Health Initiatives' collection agency may seek court action without hospital approval. Finally, collection agencies are trained on the Catholic Health Initiatives Mission, Core Values and Standard of Conduct to make sure all patients are treated with dignity and respect. |

In addition, Madison St Joseph Health Center prominently displays its financial assistance policy in both English and Spanish in obvious locations throughout the hospitals, including the emergency rooms and other patient intake areas, as well as in Madison St Joseph Health Center outpatient facilities. In addition, Madison St Joseph Health Center registration clerks are trained to provide consultation to those who have no insurance or potentially inadequate insurance concerning their financial options including application for Medicaid and for financial assistance under Madison St Joseph Health Center's financial assistance policy. Upon registration (and once all EMTALA requirements are met), patients who are identified as uninsured (and not covered by Medicare or Medicaid) are provided with a packet of information that addresses the financial assistance policy and procedures including an application for assistance. Madison St Joseph Health Center registration clerks read the organization's medical assistance policy to those who appear to be incapable of reading, and provide translators for non-English-speaking individuals. Madison St Joseph Health Center's staff will also assist the patient/guarantor with applying for other available coverage (such as Medicaid), if necessary. Counselors assist Medicare eligible patients in enrollment by providing referrals to the appropriate government agencies.</p> |

| Schedule H, Part VI, Line 6 Affiliated health care system | <p>Madison St Joseph Health Center, along with its affiliated outpatient facilities, is part of Catholic Health Initiatives. Catholic Health Initiatives (CHI) is a national faith-based nonprofit health care organization with headquarters in Englewood, Colorado. CHI's exempt purpose is to serve as an integral part of its national system of hospitals and other charitable entities, which are described as market-based organizations, or MBOs. An MBO is a direct provider of care or services within a defined market area that may be an integrated health system and/or a stand-alone hospital or other facility or service provider. CHI serves as the parent corporation of its MBOs which are comprised of 104 hospitals, including four academic medical centers, and 30 critical access facilities, community health service organizations, accredited nursing colleges, home health agencies, and other facilities that span the inpatient and outpatient continuum of care. Together, these facilities provided \$1.1 billion in financial assistance and community benefit in the 2016 fiscal year, including services for the poor, free clinics, education and research. CHI provides strategic planning and management services as well as centralized "shared services" for the MBOs. The provision of centralized management and shared services - including areas such as accounting, human resources, payroll and supply chain -- provides economies of scale and purchasing power to the MBOs. The cost savings achieved through CHI's centralization enable MBOs to dedicate additional resources to high-quality health care and community outreach services to the most vulnerable members of our society. Madison St Joseph Health Center operates with its wholly owned affiliates and community partners, along with its fundraising arm, the St Joseph Foundation, to serve the health care needs of the communities within the Brazos Valley in Texas.</p> |

| Form 990, Part VI, Line 15a PROCESS FOR DETERMINING COMPENSATION of top management official | <p>The organization's top management official's compensation is paid by Catholic Health Initiatives (CHI), a related organization. CHI has a defined compensation philosophy. Both the executive and non-executive compensation structures and ranges are reviewed annually in comparison to market data. CHI uses The Korn Ferry Hay Group as the independent third party to assess executive compensation programs and to ensure the reasonableness of actual salaries and total compensation packages. Compensation of the senior most executives is reviewed annually. The Korn Ferry Hay Group reviews both cash and total compensation for overall reasonableness, for adherence to CHI's compensation philosophy, and for comparability to the not-for-profit healthcare market. This independent review is delivered by Korn Ferry Hay Group to the HR committee of the CHI Board of Stewardship Trustees annually at their September meeting and minutes are shared with the full board at the December meeting. The last review was September 13, 2016. In addition, Korn Ferry Hay Group completed a comprehensive review of all positions at the level of vice president and above in the fall of 2014 to determine and validate appropriate compensation levels. These levels have been reviewed annually since and revised based on market data, where applicable.</p> |

| Form 990, Part VI, Line 12c Conflict of interest policy | <p>Catholic Health Initiatives ("CHI") has a Conflicts of Interest ("COI") policy in place to maintain the integrity of all of its activities. The policy applies to CHI Board of Stewardship Trustees and members of its committees, all board and board committee members of CHI Entities, all CHI employees, all CHI physicians (both employed and non-employed) and all physician administrators and leaders, advanced practice clinicians (both employed and non-employed), and all CHI research personnel (both employed and non-employed). Disclosure, review and management of perceived, potential or actual conflicts of interest are accomplished through a defined COI disclosure process. Each person has a general ongoing obligation to promptly and fully report to his/her direct manager, supervisor, medical staff office, board or board committee chair any situation or circumstance that may create a conflict of interest. The person must report the actual or potential conflict as soon as she/he becomes aware of it. In any situation where the person may be in doubt, a full disclosure should be made to permit an impartial and objective determination. In addition to the general ongoing obligation, there are initial disclosure obligations. The board, board committee members, and new employees are required to make disclosures at the time of their initial hiring/appointment. All non-employed, credentialed or contracted physicians are required to make disclosures at the time of their credentialing and during any subsequent reappointment or recredentialing. All researchers are required to make disclosures upon consideration of affiliation with a research sponsor. In addition to the general ongoing and initial disclosure obligations, there is an annual disclosure obligation. All corporate officers, board and board committee members, employees at the level of manager and above, researchers, supply chain employees, employed physicians, physician administrators and leaders, and employed advanced practice clinicians must complete a new conflict of interest disclosure annually. Disclosures of perceived, potential or actual conflicts involving financial interests are forwarded to the Conflicts of Interest Review Committee ("C-CIRC") or Legal Services Group for review depending on the position of the person involved. The C-CIRC reviews COI questionnaires containing disclosures of perceived or possible conflicts for employees at a level of manager or above, supply chain employees, researchers and physicians, physician administrators and leaders, and advanced practice clinicians (both employed and non-employed). In the determination of a conflict, a COI management plan will be developed for that person. With respect to those audiences for which the C-CIRC has review responsibility, the C-CIRC will facilitate development of any such conflict of interest management plan in collaboration with local CRP staff. A designated CHI Entity staff will be responsible for monitoring the COI management plan and for documenting monitoring activities. At its sole discretion, a CHI Entity may reject a Person's request to enter into the relationship in question, or require the relationship be sufficiently altered to avoid a potential COI. If the C-CIRC determines that there is a potential or actual conflict of interest that does not currently have appropriate controls to address the conflict of interest, it may recommend that the disclosing person be allowed to participate in the activity or transaction subject to restrictions as outlined in the COI management plan. If a Person does not agree with a determination made by the C-CIRC, its interpretation of the Policy or Addenda, or seeks an exemption or exception, the following steps should be followed. The Employee disputing the review decision, interpretation of the Policy, or seeking exemption or exception must present the matter to the Employee's immediate direct manager or supervisor for review and determination. If the Employee and the manager do not agree with the review decision, interpretation of the Policy, or seek exemption or exception, the manager shall consult with the manager's Vice President (or higher if the manager is a Vice President) to reach a determination. If the matter remains unresolved, it shall be referred to the CHI Vice President of Human Resources and the CHI Corporate Responsibility Officer. If they are unable to reach agreement, the matter shall be referred to the CHI General Counsel, whose decision shall be final. Reviews and determinations involving board and board committee members and corporate officers will be the responsibility of the board, board executive committee, or board chair, with guidance from the Legal Services Group (LSG). Annual COI disclosures of all trustee and corporate officers will be reviewed by the CHI Senior Vice President, Legal Services, and General Counsel or his or her designee who will report potential conflicts to the applicable Board Chair. The Board Chair or designee shall make such further investigation of any conflict of interest disclosures as he or she may deem appropriate. If the conflict involves the Board Chair, the Vice Chair will assume the Chair's role. Based on review and evaluation of the relevant facts and circumstances, the Board Chair will make an initial determination as to whether a conflict of interest exists and whether, pursuant to the COI Policy, review and approval or other action by the Board is required. A written record of the Board Chair's determination, including relevant facts and circumstances, will be made. The Board Chair shall then make an appropriate report to the Executive Committee of the Board concerning such review, evaluation and determination. If a difference of opinion exists between the Board Chair and another Trustee as to whether the facts and circumstances of a given situation constitute a conflict of interest or whether Board review and approval or other action is required within the COI Policy, the matter shall be submitted to the Board's Executive Committee, which shall make a final determination as to the matter presented. Such determination, including relevant facts and circumstances, will be reflected in the Executive Committee minutes and will be reported to the Board. When any conflict of interest is considered by the board, the trustee or corporate officer, as appropriate, must disclose all of the material facts to the Board. The trustee shall not vote and the trustee or corporate officer shall not use his or her personal influence on the matter. The trustee or corporate officer shall be excused from the meeting during discussion and vote on the conflict of interest. In reviewing such transactions between CHI or CHI Entities and vendors or other contractors who are, or are affiliated with, Trustees or Corporate Officers, the Board will act as it would in reviewing transactions with unrelated third parties. The transaction is not to be approved unless the Board determines that the transaction is fair to CHI or the CHI Entity. The Board must approve the transaction by a majority of the Trustees on the Board, without counting the vote of any individual who has an interest in the transaction. All determinations of conflicts of interest are reported as required by law, regulations, and CHI policy.</p> |
