Northern Montana Hospital (Hospital) includes 49 acute care hospital beds, 135 skilled nursing beds, 10 assisted living beds and two medical clinics located in Havre, Montana. The Hospital provides quality healthcare regardless of race, creed, sex, national origin, handicap, age, or ability to pay. Although reimbursement for services rendered is critical to the operation of the Hospital, it is recognized that not all individuals possess the ability to purchase these essential services. It is the Hospital's mission to serve the surrounding area by providing healthcare services and healthcare education to all community members. During the year ended June 30, 2016, the Hospital provided \$1,152,327 of medical services, based on charges, to individuals who were determined unable to purchase such services under the Hospital's charity care policy and guidelines. In addition to free care and/or subsidized care, care is also provided at below cost rates to persons covered by governmental programs. Recognizing its mission to the community, services are provided to both Medicare and Medicaid patients. The unreimbursed value of providing care to these patients was \$39,208,931 for the year ended June 30, 2016. During the fiscal year ended June 30, 2016 the Hospital provided over 4,000 days of hospital services. The nursing home provided over 33,700 resident days during the year. Part I, Line 6a	The Organization’s community benefit report was published as a 1/2 page ad in the local newspaper In addition, a statement about the amount of community benefit the organization provided can be found on our web-site at www.nmhcare.org

Form and Line Reference	Explanation
Part I, Line 7	Charity care expense was converted to cost on line 7a based on an overall cost-to-charge ratio addressing all patient segments. Unreimbursed Medicaid, line 7b, was calculated using the cost-to-charge ratio derived from Worksheet 2. Community health improvement services, line 7e, and cash and in-kind donations, line 7i, are actual costs reported in the general ledger. The cost for subsidized health services reported on line 7g was determined using the cost-to-charge ratio derived from worksheet 2.

Form and Line Reference	Explanation
Part I, Ln 7 Col(f)	The amount of bad debt expense removed from the denominator of the calculation was \$3,885,801

Form and Line Reference	Explanation
Part II, Community Building Activities	Reported under community building activities is the maintenance of our fitness park which is open to the public and has both a softball field and soccer field, as well as a paved walking path. It also includes an employee's time for being a member of the Hill County Health Consortium, which collaboratively conducted a Community Health Needs Assessment with several other local public health entities and works to implement the identified unmet needs of the community.

Form and Line Reference	Explanation
Part III, Line 2	Bad debt expense is reported as charges net of discounts and contractual allowances. A payment on an account previously written off reduces bad debt expense in the current year.

Form and Line Reference	Explanation
Part III, Line 3	The estimated amount of bad debt expense attributable to patients eligible under the Organization's charity care policy is calculated by using charity care as a percentage of gross patient service revenue. As a portion of revenue is considered charity care, it is assumed that a percentage of bad debt expense would also be considered charity care.

Form and Line Reference	Explanation
Part III, Line 4	The footnote to the Organization's financial statements can be found on page 7 of the attached audited financial statements

Form and Line Reference	Explanation
Part III, Line 8	Services are provided to patients under the Medicare program knowing that not all costs associated with providing these services will be recovered. Providing these services is essential to these patients and the community and increases their access to healthcare services. Therefore, the entire Medicare shortfall is considered a community benefit. Total revenue received from Medicare and the Medicare allowable costs are reported from the Medicare Cost Report. The Medicare Cost Report is completed based on the rules and regulations set forth by Centers for Medicare and Medicaid Services.

Form and Line Reference	Explanation
Part III, Line 9b	The Organization's financial assistance policy provides information on collection practices for those known to qualify for financial assistance. The policy states "During the patient registration or collection process, the Hospital will make an initial determination of eligibility based on verbal or written application for charity care. Pending final eligibility determination, the Hospital will not initiate collection efforts or requests for deposits, provided that the responsible party is cooperative with the Hospital's efforts to reach a determination of status." The collection policy currently sends all patient accounts with a private pay balance to a billing services after 120 days. The billing service works directly with the patients to make payment arrangements. If they default on the payment plan the billing service recommends to the hospital to send the account to collections, however if the patient applies for financial assistance within 240 days of the date of the first invoice the pulls the account back from collections and the billing service to review and complete the application process.

Form and Line Reference	Explanation
Part VI, Line 2	Northern Montana Hospital (NMH) continues to partner, as a member, with the Hill County Health Consortium to identify and prioritize the health needs of the community. The Consortium consists of community members and organizations, including those with special knowledge and expertise in public health. Out of the Community Health Needs Assessment (CHNA) the Community Health Improvement Plan (CHIP) was developed. The plan identifies several health related issues that adversely impact the health of the community. This plan not only provides the Consortium with a deeper look into the current health status of the community, it leads us into providing solutions for improving the health status of our community. These improvements are spearheaded by subcommittees chosen through the Hill County Consortium and other local agencies. To develop the strategic direction for 2014-2017, multiple assessments were used along with county and facility statistical data. The collaborative assessments relied upon included: * The Hill County Community Health Needs Assessment Report, a collaborative development of the regional North Central Montana Healthy Communities group. This health needs assessment identified the "ten most serious health concerns" in the County. * The Early Childhood Investment Team (ECIT) needs assessment, which looked at issues specifically facing young children in Hill County. * A review of the previous CHIP completed in 2011 which identified obesity, awareness of Health Care resources and unsafe sex. * Facility statistical data which indicates the top diagnosis in the population are consistently Diabetes, Hypertension and Depression. As a result of the assessments, the areas of focus are Alcohol abuse, Mental Health and Teen Pregnancy. Northern Montana Hospital Board of trustees were apprised of the priority areas chosen by the Hill County Health Consortium and endorsed participation with implementation. NMH has developed, a hospital specific CHNA/CHIP that outlines our responses and actions to each of the initiatives developed. The Northern Montana Hospital Community Health Needs Assessment and Implementation Strategy can be accessed at http://www.nmhcare.org/wpcontent/uploads/2015/05/Northern-Montana-Hospital-Community-Health-Needs-Assessment.pdf

Form and Line Reference	Explanation
Part VI, Line 3	Northern Montana Hospital informs and educates patients about their eligibility for assistance through a sign posted at our admissions desk, notes in the brochure we give patients at our clinics, and signs posted at our clinic registration desks. In addition, our collection staff offers charity care as an option when they are discussing the patient's balance as well as the availability of various government benefits, such as Medicaid or state programs. As of Oct 2010, NMH has contracted with a company to assist the patient with qualification for programs such as Medicaid and disability determination. We also publish a community benefit report annually which states how much financial assistance we have given away, and we post our community benefit report on our website noting that we provide financial assistance.

Form and Line Reference	Explanation
Part VI, Line 4	The Hospital's service area consists of Hill, Blaine, Liberty, Philips and the Big Sandy census district of Choteau counties. The population of this service area is approximately 30,000. The median household income is about \$47,000. Approximately 45% of the population has a household income below 200% of the federal poverty guidelines. Approximately 25% of the population is covered by Medicaid, 34% by Medicare, 2.5% by CHIP and about 14% uninsured. Additionally, another 4% of the population is covered by Indian Health Services. The entire service area is considered rural and has been designated a health professional shortage area for all primary medical care, mental health and dental. In addition, the entire service area is designated as a medically underserved area. Northern Montana Hospital is the only local hospital in its service area, however there are 3 critical access hospitals, 4 rural health clinics, 3 community health clinics and 3 IHS-Tribal clinics within its service area. The nearest hospital is a critical access hospital and is 35 miles away.

Form and Line Reference	Explanation
Part VI, Line 5	More than 50% of Northern Montana Hospital's governing board consists of various local business people who reside within our service area and are not employed or contracted by the organization Northern Montana Hospital extends medical staff privileges to all qualified physicians in its community. The organization applies surplus funds to improvements in patient care by keeping its medical equipment up to date, sending its employed physicians for further continuing education, supporting nursing education through a loan repayment assistance program and supporting health care education through an education assistance program. In addition, the hospital subsidizes its emergency department by offering 24/7 emergent care coverage to all, regardless of their ability to pay. Northern Montana Hospital offers Dialysis services to patients in our service area, despite the fact that this service is provided at a loss to NMH. Without this service, patients would have to travel well over 100 miles each way, 3 times per week to receive this service. Northern Montana Hospital has Sole Community Designation. The nearest PPS hospital is located 110 miles from Havre. Northern Montana Hospital also participates in all government sponsored health programs, such as CHIP, Healthy Montana Kids and the Montana Cervical and Breast Cancer Program, where it accepts payments for services at greatly discounted rates. Several members of Northern Montana Hospital's leadership team serve on other community boards, such as Havre Chamber of Commerce, Hill County Health Consortium, Local Emergency Planning, Fetal/Infant/Child Mortality Review Board, Havre/Hill County Planning Board, Hill and Blaine County Adult Protective Services Committee, Hill County United Way, HRDC Medical Advisory Board, MSU-N Nursing Advisory Board and the Safe Kids Safe Communities Committee.
