Return Reference	Explanation
II 9	TLT has aquired and holds a number of conservation easements, each representing a legal interest in land owned by another person or entity, but representing TLTs right to monitor and protect the land for conservation purposes. TLT evaluates each easement for its conservation values and then ensures that the terms of the easements will adequately protect and preserve these values. Because of the unique nature of these assets, the impracticality of obtaining consistent and reliable estimates of the values ascribed to these interests, and consistent with the practices followed by environmental land trusts, the accompanying financial statements do not include any amounts for these property interests. TLT held 50 conservation easements on approximately 7,863 acres of land at June 30, 2016.

Part XIII **Supplemental Information** *(continued)*

Return Reference	Explanation
X 2	TLT evaluates uncertain tax positions in accordance with ASC 740 whereby the effect of the uncertainties in tax positions would be recorded if the outcome was considered probable and reasonably estimable. TLT believes that it has appropriate support for any tax positions taken, and as such, does not have any uncertain tax positions that are material to the financial statements.
