990 Schedule O, Supplemental Information

Return Reference	Explanation
Form 990, Part VI, Section B, line 12c	The Conflict of Interest policy applies to Interested Persons, which include any director, principal officer, or member of a committee with board delegated powers who have a direct or indirect financial interest in a potential transaction with Menlo College. Trustees are required to sign an annual Conflict of Interest form disclosing any potential conflicts at the October board meeting. A person with a potential conflict of interest may present material facts to the board or committee contemplating the potentially conflicted transaction. Non-interested members then determine whether a conflict of interest exists. If a conflict is determined to exist, the non-interested board or committee members investigate whether there is a more advantageous option available to Menlo College that would not present a conflict of interest. After evaluating options, a majority vote of non-interested members is needed to proceed with the proposed conflicted transaction. Persons with a potential conflict of interest are not permitted to participate in discussion or voting on matters pertaining to the potential conflict. Failure to disclose possible or actual conflicts of interest will result in investigation and/or appropriate disciplinary and corrective action.

990 Schedule O, Supplemental Information

Return Reference	Explanation
Form 990, Part XII, Line 2c	The process has not changed from the prior year
Form 990, Part XI, Line 8	During a review of the carrying values of fixed assets during 2016, management of the College determined the value of certain fixed assets transferred to the College in previous years in conjunction with the 1994 Separation Agreement between the College, the Supporting Charity and Menlo School were overstated. The College determined that the transaction met all the conditions stipulated by accounting principles generally accepted in the U.S. to qualify as an asset transfer, and that the carrying value on the books of the Supporting Charity at the date of the transfer approximated the fair value due to various factors including the age of the buildings and planned replacement and renovation costs. The effect of the restatement resulted in a reduction of depreciation expense and an increase to the change in net assets of \$783,968 in each of the years ended June 30, 2015 and 2014, and a reduction of fixed assets, net, unrestricted net assets and total net assets of \$22,275,738 and \$23,059,706 as of June 30, 2015 and June 30, 2014, respectively.
