Return Reference	Explanation
Part X, Line 2	Uncertainty in income taxes Generally accepted accounting principles provide accounting and disclosure guidance about positions taken by an organization in its tax returns that might be uncertain. Management has considered its tax positions and believes that it has appropriate support for its tax positions taken on its unrelated business taxable income relating to the Health Trust and that all of the positions taken by the Organization in its federal and state exempt organization tax returns are more likely than not to be sustained upon examination. The Organization's federal returns for the fiscal years ended June 30, 2015, 2014 and 2013 could be subject to examination by federal taxing authorities, generally for three years after they are filed. The Organization's state returns for the years ended June 30, 2015, 2014, 2013 and 2012 could be subject to examination by state taxing authorities, generally for four years after they are filed.
