Return Reference	Explanation
FORM 990, PART III, LINE 4	PROGRAM SERVICE ACCOMPLISHMENTS The mission of kapi'olani health foundation The mission of kapi'olani health foundation (the foundation) is to create a healthier Haw a'i. Kapi'olani Medical Center for Women & Children (Kapi'olani) is a not for profit medical center located in Honolulu and dedicated to the health and well being of all Haw a'i residents. Kapi'olani is Haw a'i's only maternity, new born and pediatric specialty hospital. Kapi'olani is part of the Haw a'i Pacific Health System, one of the state's largest health care providers. Services include - intensive care for infants and children - 24-hour emergency pediatric and adult care - critical care transport - maternal-fetal medicine - the state's first breast health and gynecological cancer centers - the sex abuse treatment center - obstetrics & gynecology - pediatric care - children's specialty clinics. As a not-for-profit medical center, kapi'olani relies on philanthropic support from the community to fulfill its mission of serving its patients, regardless of their ability to pay. Contributions, both unrestricted and designated, help the medical center provide exceptional medical care for haw a'i's women and children, particularly the most critically ill. Our generous donors help the medical center in four key areas: patient care, capital improvements, education and research, community health and uncompensated care. Capital improvements Research shows that patients heal better and faster when families are involved with their care. As Kapi'olani continues to expand and renovate the facility, the intent is to build around the concept of family-centered care by providing ample space to accommodate new technology and to allow parents and caregivers to stay overnight. Rapidly emerging technologies have fundamentally changed the care delivery process for patients. To continue to deliver the level and comfort that haw a'i's families deserve, kapi'olani has embarked on a long term plan to rebuild the medical center. Phase 1 has been completed with the opening of the diamond head tower. The new structure offers: 1. Family-centered space to deliver family-centered care, a concept at the center of hospital rebuilds nationwide, 2. Services that meet the critical care needs of haw a'i's children, as the pacific region's sole tertiary referral center for pediatric, neonatal and maternal care, and 3. Adequate educational conference rooms and spaces that are available for haw a'i's pediatric teaching hospital. Specialized pediatric care Gifts to the foundation enable kapi'olani to provide a full breadth of specialized pediatric care, from general pediatrics to multi specialty care not typically available to populations the size of haw a'i's, which is 1.4 million. Children with cancer, blood disorders, autoimmune deficiencies and other diseases need follow-up care beyond their inpatient stay. The road to recovery can include years of outpatient treatment. For kids in haw a'i, this means regular trips to kapi'olani's pediatric ambulatory unit, the only facility of its kind in the pacific region. Neonatal-pediatric critical care transport team The kapi'olani neonatal-pediatric critical care transport team is the only one like it in the state and donor-supported. Specially trained staff provide 24/7 lifesaving care to the state's most critically ill new borns and children, regardless of where they are located throughout the islands. Kapi'olani transported more than 572 patients on o'ahu, from neighbor islands and to the mainland in fiscal year 2015. Many of them would not have survived without the immediate medical attention they received from the team. Heart week Since many children in haw a'i with serious heart conditions are not well enough to fly to the mainland for open-heart surgery, donor support allows kapi'olani to bring the surgeons to them for heart week. For one week, multiple times per year, some of the nation's finest specialists from hospitals, such as Rady Children's Hospital San Diego, work alongside the pediatric cardiologists and surgeons from kapi'olani. They perform a wide range of surgeries and procedures on patients who are unlikely to survive if their condition is left untreated. Kapi'olani cleft and craniofacial center Donors also support kapi'olani's pediatric specialty clinics, including the kapi'olani cleft and craniofacial center. Cleft lip and cleft palate are complex conditions. They require multidisciplinary therapies from birth through young adulthood by a coordinated team of medical specialists. The center is the only one of its kind in the state, and gathers the essential mix of dedicated specialists in pediatrics, audiology, ear/nose/throat, occupational therapy, dentistry, orthodontics, oral and maxillofacial surgery, plastic surgery, ophthalmology and genetics in one place to serve patients and their families.
